## Children's Ailments

**DISORDERS** of the stomach and constipation are the most common diseases of children. To correct them you will find nothing better than Chamberlain's Tablets. One tablet at bed time will do the work and will make your child bright and cheerful the following morning. Do not punish your children by giving them castor oil. Chamberlain's Tablets are better and more pleasant to take.

## CROOK COUNTY MAKES APPEAL

Voters Are Asked to Support County Bonding Amendment to Assist Finance.

### DIFFICULTY SERIOUS

Dividing of County Left Burden of Finance Upon Old County With Greatly Reduced Assessed Valuation for Taxes.

County Judge D. J. Stewart has received the following appeal from Judge N. G. Wallace of Crook county who is endeavoring to provide a way out of the financial difficulty in which the county finds itself. The letter which gives some facts regarding the matter which will be placed before the voters of the state at the next election is as follows:

"Dear Sir: There will be a proposed constitutional amendment on the ballot at the May Primary, which if carried will permit Crook and Curry counties to refund their warrant indebtedness by issuing bonds provided the people of the county wish to take advantage of it. I am appealing to you as an officer of your county to assist me in giving publicity to the facts stated herein, with a view of securing a favorable vote on this amendment. I am sure that you can be of great assistance in informing the people as to our situation, and the imperative need of some relief. I call your attention to the following facts with reference to our situation, all of which I vouch for as being absolutely correct.

"Prior to 1914, Crook county was a vast empire, and embraced what is now Jefferson, Deschutes and Crook counties. January 1, 1915, Jefferson county was formed from this territory at a time when the county was in debt about \$150,000. Under the law, the mother county was forced to assume all of the warrant indebtedness giving Jefferson county a clean slate and a revenue from its territory for one year with which to set up in business. By neglecting roads, bridges and other county matters, this indebtedness was reduced in two years to about \$100,000. At that time, or in 1916, Deschutes county was formed and it again became necessary under the county division law for the mother county to assume this indebtedness, at the same time giving Deschutes county all of its revenue for the current year. When Deschutes county was formed, it took from Crook county 62 per cent of her taxable values leaving us \$100,000 in debt, with 38 per cent of the taxable value of the original county. Not only did this happen, but our friends in the legislature in 1917 passed a bill which became a law, which made it impossible for Crook county to receive any of the forest reserve rentals for eight or ten years. I refer to chapter 269 of the Laws of 1917.

"Since this last division, we have been forced to abide by the 6 per cent limitation and for this reason we cannot levy taxes sufficient to pay the running expenses and even interest on our indebtedness. Under the present law it is simply impossible for any set of men to so handle our affairs as to maintain our county government and pay off these warrants. We are now paying 6 per cent interest on these warrants and they are discounted at least 5 per cent by the banks and this discount is, of course, made up by increased prices of labor and materials furnished the county. You might say, 'Why not vote an excess levy and retire these warrants?' But you

must not lose sight of the fact that we have a \$5,000,000 tax roll and that an extra levy of \$100,000 at any one time would be ruinous. If we stretch the matter over a period of years, we would be forced to hold an election every year. This would not only be very expensive, but would take a long time to put us on our feet. This indebtedness of ours is not a voluntary indebtedness, growing out of acts of reckless officials, but has been forced upon us by the operation of law, and we of Crook county feel that the people of the state should take sufficient interest in the matter and permit us a way out of our difficulty.

"This amendment, if carried, will permit the question of voting bonds to take up these warrants to be submitted at the November, 1920, election. If approved by the people of the county a serial bond can be sold on a five-twenty basis. We can perhaps sell these bonds for 5 1/2 per cent and not exceeding 6 per cent, and even at the higher rate of interest, a saving can be had of not less than 5 per cent per annum. In this way a levy can be made every year to pay interest and create a sinking fund, put us on a cash basis and then if we do not remain out of debt, it will be our own fault. Our local bankers are burdened with these warrants, and unless we can have some relief from this burden as county judge of the county, I will be forced to throw up my hands.

"It will appreciate very much having you give some publicity to the thoughts embraced in this letter. The bill submitting this proposition to the people of the state was a creature of my mind evolved in trying to reach some solution for our present desperate situation. It is not a scheme of any bonding house, neither does it contemplate evading any law or constitutional provision. There is a situation staring us in the face from which some relief must be had, and there is none in sight other than this amendment. After the approval of the amendment it will be up to the people of Crook county, by their votes, whether or not we will act upon it. I am sure that our people, as a whole, realizing the situation as they do, will appreciate a favorable vote by your organization on the Chamber of Commerce referendum.

"Yours very truly,  
N. G. WALLACE,  
County Judge."

## In the Spring Time

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy.

Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his illness become serious. During a hard winter or the following spring one feels run-down, tired out, weak and nervous. Probably you have suffered from a cold, the Grip or flu, which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alternative and temperance tonic is one made of wild roots and barks, without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system. First put up by Dr. Pierce over 50 years ago, now procurable at any drug store; or send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

Mr. Lewis is installing three mechanical washers and an extractor and has a hot air drying room.

## Tractor Race Up Mt. Nebo Proposed

A feature of the coming 10th annual Strawberry Festival was proposed yesterday as a result of the tractor demonstration on Mt. Nebo Saturday. So much interest was shown in the event that the suggestion of a tractor race from the bottom to the summit of the mountain has been offered. Several agents and dealers have consented to enter machines and there is no doubt but that such a race would draw an exceptionally large crowd. If suitable prizes can be arranged the tractor race will probably become a reality. This race shows clearly the ability of a tractor and a competition between makes would result in a big attendance and an enthusiastic audience. It would be especially interesting to residents of the rural districts and would result in a large number of them coming to the city on that day to witness the event.

## TO SPEND MILLIONS FOR NEW BAPTIST CHURCHES

Plans for the New World Movement of Northern Baptists provide that 113 churches of that denomination will receive \$3,500,000 for new buildings and that 24 educational-social-religious centers will receive \$1,000,000 for additional modern equipment. All of this is included in the \$10,000,000 campaign which the denomination will carry on between April 25 and May 2.

It is also planned to spend \$900,000 to clear up the debts of 37 churches. This program was held up during the war, along with all kinds of building activity, but the Edifice Department of the Northern Baptist Convention reports that \$725,000 was distributed among 29 churches to remove long standing debts and to purchase property.
