Roseburg Boy  
Hurt In Wreck

Following an investigation of the sad disaster at Bertha Sunday when two of the Southern Pacific electric trains collided with a loss of nine lives and a great many injured, the blame has been thrown equally upon Conductor Austin Pharis and other members of the crew of the incoming train. Engineer Willetts, it was found, was responsible for running past the siding at Bertha, but Conductor Pharis is blamed for having failed to operate the emergency brake under his control. It was shown that the conductor is supposed to ascertain that the other train is on the siding before attempting to pass and that in the event of the failure of the engineer to stop on the siding the conductor should apply the emergency brakes and bring the train to a halt. Had this been done there would have been no wreck, it was found at the investigation.

Wesley Meredith, formerly of this city, was slightly injured in the wreck, sustaining a bruised shoulder and a number of severe lacerations about the head and face. He was unconscious for several minutes but upon recovering assisted in removing the dead and the injured. When the crash came he was seated with C. R. Arundell, who lost his wife and baby in the smashup. Wesley has been working at Hillsboro and was on his way to Portland at the time of the accident.

Frank Rogers, Southern Pacific detective, returned last night from Portland and was one of those who arrived early at the scene of the wreck and assisted in the work there. He says it was one of the worst sights he has ever witnessed in his entire career with the railroad company and many heart-rending scenes were enacted following the catastrophe.

He heard of the wreck a few moments after it had happened and went quickly to Bertha, where he assisted in the work going forward there.

Roseburg Men  
In Freight Wreck

A freight wreck on the main line of the Southern Pacific in Eugene, about three blocks east of the University of Oregon campus, delayed all traffic yesterday afternoon from 1:40 o'clock until some time after 7:30 o'clock in the evening. The freight train was extra No. 2515, northbound and was in charge of conductor J. H. Rankin of Roseburg and B. W. Sharp, another resident of this city, was the engineer. It was proceeding at its usual speed thru Fairmount when a journal on a set of trucks on a gondola car broke in two and caused four cars in the middle of the train to pile up. One of the cars, loaded with cement, was literally reduced to kindling wood, the gondola, loaded with lime rock from Gold Hill to the Oswego cement works, was torn off its trucks and turned upside down in the ditch, a boxcar was shunted off at right angles with the track and a second boxcar was derailed and pretty badly smashed up. The track was torn up for a distance of 40 or 50 feet and the car containing the load of cement was thrown across the street railway track, which parallels the S. P. track. Conductor Rankin said that when the accident occurred the train came to a very sudden stop and while he was on the extreme rear end of the long string of cars, he knew what had happened.

Brakeman Chase was on top of one of the cars that was wrecked only a second before the crash came. He had just passed from that car to the next one ahead when the accident occurred. He said that had he been walking a little slower he would have been caught. Trainers say that a hobo had been riding in the cement car that was wrecked for some time until Goshen was reached when he was put off. He may thank the train crew for saving his life. No man could have been in the car and lived.

Mrs. George Wilhelm passed thru Roseburg last night enroute from her home in Harrisburg to California, where she expects to make an extended sojourn. She was greeted at the train by several of her friends in this city.

Independents Can  
Vote at Election

Regarding the question of whether or not those registered as independents have a right to vote at the coming special general election, an opinion has been obtained from Attorney-General George M. Brown. A copy of this opinion has been received by Walter Fisher, who represents the joint annual convention committee in this county and is as follows:

I have yours of April 29th submitting the following question: "Inquiry has been made at this office regarding the question as to whether people who have registered as independents will be allowed to vote on the measures submitted to vote on the 21st of May 21. If you will kindly furnish us an opinion on this question as soon as practicable, we shall very much appreciate it."

My answer is, that an independent, or any other legal voter who is registered or may be registered on election day, has a lawful right to vote upon all measures submitted to the people at the special general election to be held on May 21st.

While May 21st is "primary" day, and only republicans who vote a republican primary ticket, or a democrat take part in the democratic primary, all registered legal voters have a right to vote on measures, regardless of their political or non-political affiliation. Such measures will be printed on a separate ballot.

Very truly yours,  
GEO. M. BROWN,  
Attorney General.

CARD OF THANKS.

I wish to express my heartfelt thanks to the many kind friends who have me such good care and attention during my illness.

ORVILLE WORLEY.

Attended Funeral—  
S. A. Phillips left last night for Portland, where he will attend the funeral of S. K. Willetts, the engineer killed in the recent wreck at Bertha.

MRS. NELLIE PECK, of Kansas City, who says her little boy never had a well day until he began taking Taniae. Declares she will never be able to pay the debt of gratitude she owes the medicine.

"I will never be able to pay the debt of gratitude I owe Taniae for what it has done for my little boy and me," said Mrs. Nellie Peck, No. 1421 Charlotte St., Kansas City, recently.

"My little boy Carlisle is fourteen years old and never in his life had been so well day until he began taking Taniae. I worried and worried over his condition, but in spite of everything I could do he didn't seem to gain any strength and was weak and delicate practically all his life. He seemed to have a very weak stomach. It just looked like he couldn't eat anything and digest it like other children.

He had no appetite at all and what little he did eat seemed to sour on his stomach. Sometimes his heart would palpitate terribly and he would get so dizzy he could hardly walk and as I stood and looked at him I thought he would surely fall over. He would have had headaches and was nervous and could never sleep well at night. At school he was never able to keep up his work and he had to stay out a great deal on account of poor health.

"I had heard so much about Taniae I decided to try it and see if it wouldn't help him. Well, you just can't imagine how overjoyed I was when he began to improve. I kept right on giving him the medicine until now it is hard to believe he is the same child. His health is better than ever before in his life and he is bright and playful all the time and he enjoys going out any playing with other boys. He has a splendid appetite and I let him eat anything he wants. He is not the least bit nervous any more and is asleep as soon as he goes to bed. In fact, he is perfectly well in every way.

"After seeing what Taniae did for him I began taking it myself as I have been suffering from stomach trouble, headaches and dizziness for five years. Since taking this grand medicine I am now happy to say that I never suffer any more with these troubles.

Taniae has been one of the greatest blessings that ever came to our home and I expect to praise it as long as I live."

Taniae is sold in Roseburg by W. F. Chapman, and by the leading druggist in every town.

WILLIAM KLETZER

REPUBLICAN CANDIDATE FOR

County Commissioner

I am basing my candidacy upon my qualifications as a construction engineer, business man and farmer.

My years of experience as a general engineer have given me the training that will enable me to give the people of Douglas County broad-minded and efficient service if elected.

OREGON MEN PURCHASE BLOODED CATTLE

The sum of \$2000 was paid by O. E. Mason, of Central Point, Oregon, for the highest priced milking Shorthorn sold at Thomas Harrison's sale at Santa Rosa, Calif., May 5th. Oakleigh Stock Farm, Medford, Oregon, took the next highest at \$1750. Six cattle sold for \$1000 or better. The average on the 42 cattle was \$592, the 27 females bringing \$590 average, and the five bulls bringing \$627 average.

The cattle sold to 15 purchasers in California and Oregon, and to one purchaser from Idaho and one from Ohio. C. H. Hinman, of Bonvue farm, Golden, Colorado, represented the Milking Shorthorn society, Independence, Iowa, at the sale, and reports that this first sale of Milking Shorthorns on the Pacific coast was a good sale at good values. Thomas Harrison was an employe of James

J. Hill, founder of the Milking Shorthorn society, at his North Oaks farm, near St. Paul, when Mr. Hill made his importation of Milking Shorthorns from England, and later, before starting his herd at Santa Rosa was employed on the Jack London ranch in Sonoma county.

MISSIONARY HERE.

Miss Julia Morrow, a missionary, arrived in Roseburg this morning from Portland, and will speak in this city. This afternoon she will be the guest of the Women's Foreign Missionary society of the Methodist Episcopal church, at the home of Mrs. A. E. Marsters, and this evening she will address the congregation at the Methodist church. All who are interested are invited also. Miss Morrow recently returned from India, where she spent several years in missionary work.

STEADY, AMERICA!

Let Us Work This Out Together

Republicans, It Is Up to Us to Elect a Real President This Fall.

He Must Be the Biggest and the Sondest and the Most Effective American We Can Find.

Before Committing Yourself Consider These Facts:

Out of thirteen states, where the contest was between Wood and Johnson for the instruction of delegates to the Republican National Convention, the elections have been decided for Wood in nine.

Total Number of Delegates Pledged to Vote for Wood at Republican National Convention, 321

Since the narrowing down of the field, the situation is generally diagnosed as follows:

A vote for Hoover, for Lowden, or for Poindexter is a vote for Johnson.
