### SMITH RIVER ITEMS.

There is considerable auto travel over the Smith river road now.

Messrs. Melvin Richardson and Kinny were over on Smith river last week camping and fishing.

Mrs. Ina Genter went to Drain last Friday to attend the grange, returning Sunday. She was accompanied by her youngest daughter.

Messrs. Leo and Cecil Lantz, Claud and Cecil Patchen and Grant Montgomery came over for a few days' outing last week. They spent the first day on south fork, coming on down to Gunter Saturday, and returning Sunday to their homes in Drain.

Mr. Gunter took a packhorse down the river Thursday to move the camp outfit of Mr. Parsons, who has been camping several miles below here the past winter, in company with Bert Hardenbrook. The latter, who has been away for some time, returned Friday to move the camp outfit to town, where they expect to take the train for some point near Portland where they will work in a logging camp this summer.

There was reported to be a case of smallpox in Drain but later reports are that it was a mistake. We sincerely hope so.

Mrs. Dolly Woolley and children, who have all had the flu at Leonia, are reported to be out of danger and able to be up and about again. We hear that there are about 20 cases of flu in Leonia at present. Mrs. Clara Wright, a former Smith river

resident, is among the number. Garden work is progressing nicely. There was a late frost and slight freeze Monday night. It is likely to do considerable damage to the fruit blooms. This is surely an unusual season for Douglas county. The early gardens have been hindered considerably by the cool weather this spring.

Leo Lantz and five others whose names we did not learn, came over in the former's auto Monday to camp and fish, near the Gunter postoffice.

Mrs. Mathews and another lady came over from Cottage Grove Tuesday for a brief call on friends at Gunter.

Messrs. Hunter, of Washington, came to Smith river the first of the week looking for homesteads. We hope they will find some claim to suit and will locate here.

## GARDINER HOLDS FINE INSTITUTION

Meeting Held There on May 8 Was a Decided Success In Every Way.

### O. C. BROWN SPEAKS

J. S. Gray Makes Address of Welcome and Miss Thomas of Scottsburg Makes Response—Fine Musical Program Heard.

GARDINER, May 11.—(Special to the News-Review)—The local institute held at Gardiner May 8 was a decided success from every point of view. It was well attended and was filled with interest and enthusiasm from beginning to end. Supt. O. C. Brown, in his usual pleasing manner, opened the institute at the appointed hour.

J. S. Gray in his address of welcome made each one within the sound of his voice feel the sincerity of his words. The same may be said of Miss Thomas, of Scottsburg, who gave the response.

Mrs. W. F. Jewett delighted the audience with a vocal solo which she gave in her charming manner. Miss Margaret Sagahord rendered two beautiful piano solos, while Burney Jones and Barbara Sigaberd charmed the audience with their sweet, childish voices in song. The motion picture given by the pupils of the primary department was greatly enjoyed.

Miss Woolworth spoke on "General Science in the High School." Her talk was made realistic by interesting demonstrations performed by members of her general science class. Those taking part were Harold Gerhard, James Graham, Reta Smith and Grace Wroe.

Prof. Almack, of the U. of O. spoke on "Higher Education." He also explained the millage tax measures which must be passed to make possible the advancement of education in our state.

A very interesting and profitable discussion of the tax and adjusting of teachers' salaries followed. This discussion was led by Messrs. Gray, Jewett and Peterson.

The institute went on record as favoring the educational tax issues. The members of the "High School Home Makers club" served a most delicious lunch to the visiting teachers and board members.

In their usual gracious way the Gardiner school board gave the visitors a surprise in the form of a boat race up Smith river.

gasoline for operation of spray rigs and tractors. The oil company, however, is demanding that the machines substitute kerosene whenever it is possible. It is requested that auto owners conserve gasoline to as great an extent as possible and that rural residents pool their trips to the city until such time as the situation can be relieved. At a meeting in Portland yesterday it was decided to waive the specific gravity law temporarily until a sufficient amount of gas can be secured to alleviate the condition.

### PEACE RESOLUTION ATTACKED.

WASHINGTON, May 12.—A democratic attack was made today upon the republican peace resolution by Senator Hitchcock of Nebraska, administration spokesman, who declared in addressing the senate that the measure was futile, inconsistent and inimical to the treaty of Versailles.

### ONE PRINCIPLE ADOPTED.

NEW YORK, May 12.—The public administration of the country's wealth "for the equal benefit of all" was adopted as first of its declaration of principles by the national convention of the socialist party of America here today.

## Like An Extra Emergency Brake

—The Miller Tread That Is Geared-to-the-Road

MILLER UNIFORM TIRES are the only tires with the famous tread that is Geared-to-the-Road. These many caterpillar feet engage the ground like cogs. They give positive traction—full power ahead—and safety. And for a sudden stop they fortify the brakes because they mesh with the road.

Uniform Miller Tires mean mileage certainty. That's because all are built to a championship standard by uniform workmanship. So all are long-distance runners.

## Schedule For Base Ball Is Outlined

A schedule of baseball games for the local high school aggregation has been outlined, all the games to be played before the close of school. The local team is holding daily practice and they expect to make a good showing before the season is closed. The diamond has been placed in fine shape for the next game, several of the boys working each evening following school hours. A game has been arranged with Cottage Grove to be played here next Friday, and a return game will be played with them at Cottage Grove on May 21st. A return game with Hiddle will also be played, one afternoon of carnival week having been selected. Those in charge of the high school team will get in touch with the athletic committee in charge of carnival sports and arrange for one afternoon to be given over to them.

## Mock Debate Is Part of Program

As a part of the high school vaudeville to be given this city at the high school auditorium on Friday evening, May 14th, a mock debate will be held. This will be the first debate of this kind to be held here for some time, and much interest is being displayed. The subject will be, "Resolved, That the veracity of old Mother Goose is to be questioned when she says that the cow jumped over the moon." LeRoy Walker and Edwin Smith will debate the question, and a good many laughs are guaranteed. Following the debate there will be a burlesque drama, a takeoff on Romeo and Juliet having been selected. Adrian Fisher will portray Romeo, Vera McMillan, Juliet; and the other characters will be taken by George Singleton and Charles Thurston.

## Gasoline Shortage Is Still Acute

Although one carload of gasoline has been received here, the situation is still acute and the dealers are being supplied in only limited quantities. It is not known how soon another car load can be received and in the meantime every effort to conserve the supply must be made. Tourists who have been stranded here for several days, lacking fuel to go on, have been given enough to carry them on this morning. B. L. Hyland, local Standard Oil representative, stated that preference is being given ranchers who demand

ANTONIO MORENO

Antonio Moreno was a small boy when his father died. Eager to assist his mother by sharing part of the family burden he obtained a position as baker's clerk. For this service he received the princely sum of two dollars a week. Although he liked his position, this Spaniard had dreams of making a fortune. He had seen wealthy American tourists in his native town and they awakened ambition in his breast. He resolved to save his money and go to the land of promise.

The Americans who visited Campamento were all supposed to be millionaires. Into the mind of Antonio Moreno came dreams, dreams of wealth that lay across the great ocean. He became determined to go to the United States and make a fortune.

When Antonio Moreno, at the age of fifteen, walked up the gangplank from the Gibraltar docks to an American steamship, he was in reality crossing the bridge from nonentity to fame. Aboard the boat was one of America's most distinguished actresses, Miss Helen Ware. Her attention was attracted to the handsome lad with the fiery eyes, and she became interested in him. "What do you intend to do when you reach America?" inquired Miss Ware.

"Make a fortune," promptly replied young Antonio. Miss Ware smiled at his confidence and replied, "I think you will find both fame and fortune in the theater if you choose to become an actor." The prophecy is now being realized. Antonio Moreno as the star of such Vitagraph serials as "The Iron Test" and "Perils of Thunder Mountain," is earning international fame and a considerable fortune. While in New York recently he signed a two year contract with the Vitagraph Company and the latter finished a serial production dealing with secret service, entitled "The Invisible Hand."
