VOTE FOR GOOD ROADS

The Auto Pays the Bill

There were only 39,000 Autos in Oregon when we started in with the State Highway Program. Now there are 85,000. The auto license fees and gasoline tax pay for the roads. — Revenues constantly growing.

Good Roads bring the autos—the more autos, the more money for good roads—Let's build the roads and develop Oregon.

VOTE 302 X YES No Tax in this

Roads are Rough To Rock Creek

Although the season is still young Rock Creek, the well known Douglas county camping site and pleasure resort is already a great attraction and is being visited by a large number of Roseburg people. Yesterday being a fine day many local people took advantage of the weather conditions to make the trip and spend a short time at the well known camping spot. Some got as far as the hatchery but others braved bad roads and went on to Rock creek.

Between the hatchery and Rock Creek the roads are very rough and a few spots are still wet and muddy. The roads are passable by careful driving but comfortable riding is not to be had over some of the rough stretches. Within a short time if travel continues it is expected that the roads in that vicinity will be in fairly good shape and will accommodate pleasure seekers. Fishing is said to be fairly good and trout are taking fly, spoon and bait hook. However, no record catches have been made as yet and the fishing will probably improve during the next few weeks.

Frank J. Norton, of the Sutherlin Fruit Products Co., spent the day in Roseburg attending to business. He states that the canning outlook for this year is not good, as high prices demanded by growers and high cost of sugar are causing jobbers to curtail orders and preventing canning companies from making quotations. Canneries have not yet disposed of all of last year's pack put up with nine cent sugar, and until this is gone the market is very uncertain and unsatisfactory.
