

To the Republican Voters of Douglas County:

Never in the history of the affairs of the Republic has it been confronted with more vital and important issues than today. Candidates and measures expressive of these issues appear upon the Primary Ballot. If you have not registered vote upon a BLANK A. Vote your choice and your convictions. If you don't arouse yourselves to the duty that the right of suffrage involves, you are a slacker in the responsibilities you owe to the people and to yourselves.

A Slacker in Peace times is as bad as a Slacker in War Times. DON'T BE A SLACKER!

OREGON WOODMAN IS FEELING LIKE NEW SINCE TAKING TANLAC
"I have actually gained twenty-seven pounds in weight and feel just like a new man since I began taking Tanlac," said Dan Reed, a woodman, who lives at Bend, Oreg., while in the Owl drug store recently. Continuing, he said:
"Some time ago I began to have trouble with my stomach. My appetite got very poor and finally got to where I would have to force down every mouthful I ate, and when I did this I would suffer with intense cramping pains in my stomach afterward. I would also blot something awful and my heart would palpitate terribly and it would be all I could

do to get my breath. I lost so much weight that finally I became so weak I could hardly drag myself around. When I got up in the morning I always felt worse than when I went to bed, and I had no energy and just felt tired and wornout all the time."
"I had been reading so much about Tanlac in the newspapers and the good it was doing others I decided to give it a trial, and it commenced to help me almost at once. My appetite improved and I began to pick up in weight and strength. I have taken seven bottles in all now and am glad to say I have been completely relieved of all my troubles. I can eat anything I want without suffering any bad after effects and all that tired, wornout feeling has gone. I can sleep all night long without waking and always get up in the morning feeling ready for my day's work, and while the job of a woodman naturally requires a great deal of physical strength I can do as much as I ever did. Tanlac did me a great service in restoring my health, and I am always glad to tell others about it, and never miss an opportunity to do so."
Tanlac is sold in Roseburg by W. F. Chapman, and by the leading druggist in every town.

for a strictly aerial manufacturing concern of local organization. J. N. Settle, a recently discharged member of the aviation service, has started in on the ground floor with a business devoted to the manufacture and repair of airplanes of a small type. His business carries plans for the construction of model and practical machines and also deals with spare parts and repairs. Keeping some-what on the ground, however, he advertises that he makes bodies for light cars and his ability along this line has already been well demonstrated. He has opened his business on Oak street in the building formerly occupied by C. W. Hughes, the plumber.

Fred G. Butchel
REPUBLICAN CANDIDATE
for
PUBLIC SERVICE COMMISSIONER.

Mr. Butchel is Chairman of the Public Service Commission, and because of the efficient and economical manner in which he has conducted its affairs, his candidacy for a second term is generally endorsed by the press of the state. A few of the recent commendations follow:
"Sound business aggressiveness and protection of the public is the triple theme in the platform of Fred G. Butchel, Chairman of the Public Service Commission."—Albany Evening Herald.
"Mr. Butchel has made a reputation of being an energetic, fair and fearless member and his service and familiarity with the duties of the office make him a valuable man to be retained."—Cottage Grove Sentinel.
"Mr. Butchel has consistently exhibited good judgment, the faculty of patient and exhaustive investigation,

the attribute of fairness to all interests involved and an administrative ability that meant valuable service to the people of the state and section."—Portland Telegram.
"Mr. Butchel's activities to secure more cars with equitable distribution thereof to Oregon industries and lumber shippers; reduction of fuel wood rates and his campaign to minimize traffic hazards, together with the establishment of station facilities, industry tracks and service investigations have all been of public interest and benefit."
"With the country now in the midst of the reconstruction era his valuable experience, executive abil-

ity, and broad vision are needed more than ever before, to solve the grave problems continually arising, and the welfare of the state demands his re-election."—Oregon City Enterprise.
"Fred G. Butchel is deserving of re-election, for his administration has been honest, efficient and economical."
"Among the big achievements of his administration are: The Pacific Tel. and Tel. Company case, which resulted not only in a general reduction of telephone rates and the elimination of toll charges over numbers of short distance routes, but a refund of approximately \$150,000 to patrons of the company; adjustment

of apple rates which netted a saving of a quarter of a million dollars to the fruit growers and the reduction of rates on road building materials saved more than \$100,000 to the State."—Medford Sun.

VOTE GOOD ROADS

The Auto Pays the Bill

There were only 39,000 Autos in Oregon when we started in with the State Highway Program. Now there are 85,000. The auto license fees and gasoline tax pay for the roads.—Revenues constantly growing.
Good Roads bring the autos—the more autos, the more money for good roads—Let's build the roads and develop Oregon.
