

SAM W. STARMER

I am a Republican candidate for the office of Sheriff of this county, subject to the decision of voters at the Primaries, May 21st.

If nominated and elected I shall enforce the law (not as you or I may interpret them) to suit ourselves, but as written, irrespective of whom they may affect. I am the candidate of no class, clique or faction. My record is open for inspection, and my slogan will be the promise of the kind of administration I shall give the office. All lawful interests protected, every person gets a square deal at my hands, no favorites, no favors, public business handled in a courteous manner, all funds economically expended. If this is the kind of platform that meets your approval, help me to put it to effect by giving me your vote and support.

SAM W. STARMER.

No. 310 is the Higher Educational Tax Act for the protection of the great work of the State University, Agricultural College and Normal School.

Do You Pay Taxes?

If so, that is one of the biggest reasons why you should vote and work for passage of No. 310. The surest way to increase taxes is to cripple education. The United States is the safest, freest, healthiest, wealthiest, happiest country on earth today, with the highest standard of living. It never could or would be so without its educational system. The most heavily taxed countries are those that have neglected to provide state education for all persons alike.

Higher Education Pays The State in Dollars and Cents.

It pays ethically, culturally, intellectually, and morally as well, but if a man puts the worst construction possible on the case—then, too, it is possible to answer "Yes." Higher Education has paid Oregon millions of dollars, and that benefit comes back to each individual directly or indirectly.

All States Support Higher Education

To cripple the University, Agricultural College, and Normal School, is to strike Oregon not only a financial, but a moral blow, that is unthinkable!

VOTE 310 X YES

and protect three institutions that not only have excellent standards, but are among the most economically administered in the United States, as the statistics of the United States Bureau of Education will prove.

Goodyear Leadership— and Tires for the Smaller Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for the smaller cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3, 30x3½, and 31x4-inch sizes.

Last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of \$4.50 less merit. 30x3½ size in waterproof bag.
