HISTORY CONNECTED WITH BIG CONVENTION

First Meeting of Republicans
Recalled and Was Held
Near Chicago.

WILL MEET IN JUNE

Convention Will be Held Within 200
Miles of Where Republican Party
Was Named and 80 Miles
From First Meeting.

(By Associated Press.)

CHICAGO, Ill., May 25.—In assembling at Chicago in June the republican national convention will be sitting in the section where the republican party was first named and within 200 miles of where the first recorded republican meeting was held 66 years ago. The approach of the convention recalls this early history, though with the passing of the years and the development of new issues the first steps of the party have passed from common view.

"It will probably not be possible to trace to the earliest date the first positive meeting which led to the formation of the new party," writes Francis Curtis, in his history of the republican party. "It is quite likely that there was no considerable gathering of men, nor discussion of plans and policies, until Mr. A. E. Boyay, a Whig of Ripon, Wis., together with a Mr. Bowen, a democrat, and a Mr. Baker, a Free-Soiler, issued a call for a public meeting to consider the new alarming situation."

The great issue of the hour was the extension of slavery. On the political situation preceding the formation of the republican party, Mr. Curtis says, "No political party was able to elect enough members of congress to overrule the united will of the slaveholders, and until the anti-slavery sentiment of the north should be so welded together, and its exponents should be so united in one party as to be able to send to Washington enough men to outvote the representatives of the slave power, there was no hope that its advance could be checked."

Reference was made to the Ripon meeting by Henry Wilson, when vice president of the United States, in his book "Rise and Fall of the Slave Power," published in 1874. "One of the earliest, if not the earliest, of the movements," he said, "that contemplated definite action and the formation of a new party was made in Ripon, Fond du Lac county, Wis., in the early months of 1854, in consequence of a very thorough canvass, conference, and general comparison of views, inaugurated by A. E. Boyay, a prominent member of the Whig party among the Whigs, Free Soilers, and Democrats of that town. A call was issued for a public meeting to consider the grave issues which were assuming an aspect of such alarming proportions."

The meeting thus called, wrote Charles M. Harvey in the Chautauquan, September, 1897, "was held in the Congregational church at Ripon, February 28, 1854. A resolution was adopted in the meeting that if the bill then pending in the senate to throw open to slavery the territories of Kansas and Nebraska should pass, the old party organization in Ripon should be cast off, and a new party, to be called the republican, formed on the sole issue of opposition to slavery extension."

"The bill passed the senate, in which body it originated, on March 3, 1854, and on March 20, the second meeting, participated in by men of all parties, was held, this time in a schoolhouse, at which Boyay was the leading spirit."

"By a vote of the assemblage, the town committees of the Whig and Free Soil parties were dissolved, and a committee of five, three Whigs, one Democrat and one Free Soiler, was chosen to begin the task of forming a new party."

"At these two meetings was started the earliest systematic work begun anywhere in the country to bring about the coalition of the enemies of slavery extension, who were eventually fused into a homogeneous and aggressive party, adopting the name Republican."

Mr. Harvey quoted a letter Boyay later wrote to him about this meeting, in which he said:

"I went from house and from shop to shop and halted men on the streets to get their names for the meeting of March 20, 1854. At that time there were not more than a hundred voters in Ripon, and by a vast deal of earnest talking I obtained 53 of them."

"We went into a little meeting, Whigs, Free Soilers, and Democrats. We came out of it republicans in the union. I had one great advantage in this work. I was an intimate friend of Horace Greeley's and he would always listen to me on political matters. He did not always assent to my propositions, but in the end he did to most of them, and he did to this one after a good deal of nagging. It was not one letter that I wrote to him, but many, before he displayed the republican flag in the Tribune's columns."

Mr. Harvey in his article quoted in Mr. Curtis' book, concludes: "It is not claimed here that Boyay is the creator of the republican party. The spirit was active in 1854, in every village and city in the free states, which would have created that party even if Boyay and Greeley had never been born. Boyay, however, was the first person who set out in a resolute, persistent, and

practical way to form the party; he was the first to suggest the name, and Greeley, through his paper, which had the largest circulation and influence of any journal in the country at that time, gave his valuable aid in making the party project and name known to the country."

The first national republican convention was held in Philadelphia two years later.

CLEVELAND NOTES

Most everyone has finished their first orchard work.

No More Corn Suffering

"Geta-It" Never Leaves a Corn On
Any Foot For Very Long.

The hurting "pap" goes right out of that corn the moment a few drops of "Geta-It" lands thereon. It is thorough, and "for keeps."

Corns and "Geta-It" Can't Live Together

You'll have no more pain but will notice the corn getting loose and wobbly in a day or so, you lift it right off without any feeling. That's the end of the corn and of four troubles. Millions have proved "Geta-It" to be the one and only unfailing, common sense corn remover. Why not you?

"Geta-It" costs but a trifle at any drug store and carries a money-back guarantee. Mfd. by E. Lawrence & Co., Chicago.

Sold in Roseburg and recommended as the world's best corn remedy by W. F. Chapman, druggist.

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong!

An old, reliable blood-maker and herbal tonic made from wild roots and barks, is Dr. Pierce's Golden Medical Discovery. This nature remedy comes in tablet or liquid form. It will build up your body and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alterative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root—all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making and are best for scrofula. By improving the blood, they fortify the body against an attack of grip or colds.

Catarrh should be treated, first, as a blood disease, with this alterative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy.

Send 10c for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.
