

# Constipation

**THERE IS NOTHING** equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the effect of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation.

## How About That Lawn, Does It Need Mowing?

Remember we have a few mowers left over from last season, on which price has not been lifted. Then again to save it, you will have to become one "Julius Pluvius", and will need hose and sprinklers. We have been selling a quantity but still have some left. Get one of those eight-foot sprinklers and duplicate a rain shower. Under good Pressure it will cover a space 20 feet wide, or can be reduced to as narrow a strip as you wish.

## ADVISES OPENING CRATER LAKE ROAD

Engineer Reports Favorably  
On Opening New Route  
From Roseburg.

### NOT CHANGE ESTIMATES

District Forester Advises Wash-  
ington Headquarters That Work on  
Road Should Not be Delayed.  
But Begun at Once.

The following letter has been received by Forest Supervisor W. F. Ramsdell in connection with the recent survey made on the Tiller-Crater lake cut-off road. The letter is a copy of the report made by District Forester Cecil H. Cecil, Washington headquarters and covers the salient features of the case. The letter follows:

Dear Sir:

Enclosed is a copy of the report of Mr. Beezley of the bureau of pub-

lic roads covering proposed work for the completion of the road between Tiller and Trail.

The bureau of public roads was requested to furnish report advising whether it was feasible to repair the existing road between Drew and Trail instead of attempting an entirely new construction. The report indicates that 3 1/4 miles of new construction should be undertaken. The rest of the road can be repaired and put in fit shape for travel by automobiles. It is estimated that this cost will be \$31,176.63. Approximately 1 1/4 miles of road was built by the forest service a few years ago between Tiller and Drew. There remains a section three miles in length which is under agreement at an estimated cost of \$65,610. Several months ago the bureau of public roads submitted a revised estimate raising this amount to about \$96,000. Mr. Beezley was requested to

go over this 3-mile section carefully and report whether or not in his judgment it would be possible to construct a road of the type of the 1 1/4 miles already built and still stay within the funds available in the existing agreement. In general, Mr. Beezley's report is that the road can be built for the agreement total.

It is reported that \$1200 will be required for cleaning out slides on the 1 1/4 miles already completed. Adding together \$65,000, \$31,176 and \$1200 makes a total of \$97,386 as the estimated cost of building the 3-mile section near Drew and outfitting the road between Drew and Trail in condition for automobile traffic. To complete the road between Tiller and Trail would, in round numbers, require \$100,000.

There is an exceedingly strong local demand for the completion of this road. Local meetings have been held, and the road district has appropriated funds. The state highway commission is exceedingly anxious to have this route opened up for automobile traffic in order that it may serve as a by-pass during the paving of the Canyonville-Galesville section of the Pacific highway. From a forest service standpoint it is highly desirable to complete the project. This is about the first of the larger projects undertaken, and the 1 1/4 miles of road built through heavy rock work is not available for use until the adjoining three miles is completed. Even with the completion of the 3-mile section the project

will still be unsatisfactory, since it will not be possible to cross the mountains by automobile.

It is believed that if the project is undertaken on the basis of \$100,000 total cost, two-thirds co-operation can be secured for the entire project. This is the same basis as the existing agreement totalling \$65,610. On this basis the additional funds to be provided by the secretary will be approximately \$11,500. It is believed that this is a highly desirable expenditure, and request is made for authorization to negotiate a new agreement to include the three miles already under agreement, the total cost to be \$100,000 and the co-operation approximately two-thirds. It will be planned to finance the additional funds out of fiscal year 1921 Section 8 money.

Very truly yours,  
GEO. H. CECIL,  
District Forester.

### Portland to Extend The Glad Hand

PORTLAND, Or., May 28.—"Hospitality will be our watchword," said A. L. Tetu, chairman of the hospitality committee of the 1920 Shrine which meets in this city June 22nd to 24th. He continued:

"We will have fifteen captains stationed at the leading hotels and under them will be ten men each and their headquarters will be at the Imperial hotel during the session of the Imperial Council in June.

"Nobles Herman Von Borstel will be my first aide; F. E. Manchester, second and George D. Schalk, secretary. The captains will be H. A. Cushing, F. J. Slater, George Schalk, Herbert Greenland, J. R. Grek, J. R. Mumma, George McDonald, George Williams, Carl Thomas, Fred Dose, George Carwell, J. N. Matschec, J. D. Abbott, J. Annand and George Brandebourg.

"We will have a committee-at-large also very soon, for it is our intention to make every visitor feel 'at home' from the time he or she alights from the trains till they board them for the homeward journey," continued Mr. Tetu.

### MEMORIAL DAY.

Are heretofore announced, the Memorial day observance will be held at the Oregon Soldiers Home on Monday, May 31, where the services will occur at 2 o'clock p. m., commencing with the decoration of the graves in the Soldiers Home cemetery. Following this a meeting will be held in the grove on the Soldiers Home grounds, the program to consist of reading of the orders, songs, reading of Lincoln's speech at Gettysburg, and an address by Rev. J. A. Spangler, of Eugene.

All soldier graves in the city cemeteries adjoining the city will be decorated on Sunday, May 30. Please bring flowers for that purpose to the assembly not later than 9 o'clock Sunday. School children will kindly attend the services on Monday and assist in placing flowers on the graves of soldiers in the Home cemetery.

### WILL EXTEND WORK.

TIENSIN, China, May 28.—Enlargement of the work of the Young Men's Christian Association in China is planned as an outcome of the international convention of the association recently held in Tientsin. A large number of new branches are to be established and 100 more secretaries are to be recruited.

### Fire Starts In Barber Shop

Fire starting from the range in the adjoining restaurant last night did considerable damage to the Cass Street Barber shop. The fire was discovered about 6:45 o'clock by James Fletcher, assistant fire chief, who saw the building filled with smoke and broke in the rear door to investigate. He immediately turned in an alarm and within a short time the fire was extinguished with the use of chemicals only. The firemen were preparing for their exhibition drill at the time the alarm was turned in and practically the entire volunteer force was present at the fire hall. Mr. Fletcher was on his way to participate in the drill when he saw the blaze. People thought the run made was part of the exhibition and paid little attention to the truck, expecting that the men would return to the Grand hotel, where the exhibition was to have been held. However, by the time the fire had been extinguished it was too late for the entertainment and it was postponed until tonight at 8 o'clock.

### GRAVES ARE ROBBED.

VIENNA, May 28.—Vandals and robbers have turned from plundering graveyards to robbing churches. Several famous Vienna edifices have been entered recently, among them the historic Mariahilf and Roehus churches, and robes and altar vessels of great value have been stolen. The police say there are about 40,000 persons in Vienna who may be classed as criminals.

They report 1405 burglaries in the city in the last 30 days, with 965 arrests and the recovery of loot to the value of 60,000,000 crowns.

### BOY SCOUTS DO GOOD WORK.

Many people have spoken very favorably of the excellent work done by the Boy Scouts. These boys have donated their services entirely free of charge and are assisting the carnival committee very greatly. Prior to yesterday's parade, the boys cleared the main streets of cars in 15 minutes. They can be easily assisted by auto owners if the drivers of cars will keep in mind the fact that no cars are allowed on the streets covered in the line of march and will drive their machines away before being forced to do so. This will not only save time but will also lessen the work of the boys. Also an opening must be left in side streets for passage of the fire truck in case of a fire.
