

REPUBLIC GRANDE CORD TIRES

One of the reasons for the instant acceptance of Republic Grande Cord Tires is the wonderfully improved and strengthened cord construction of the inner body.

Another is the outer body of tremendously tough, slow-wearing Prodim Rubber which literally sells Republic Tires to thousands year after year.

Combined, they offer a tire value which, we believe, is unapproached by any other tire.

mon subject, "Three Fundamental Temptations." 7 p. m. Donald Hillwell will lead the Endeavor service. The subject is, "What Bible Reading Will Do For Us." 8 p. m. evening worship. B. L. Eddy will preach the sermon. Good congregational singing and special music by the choir.

FOX PUPPIES DIE.

TAHOE CITY, Cal., June 4.—The first litter of fox puppies born at the Kirman fox farm, established near Lake Tahoe last fall, survived only a few days, due, it is believed, to improper feeding.

This again reduces the fox population to two. Of the four silver gray animals brought from Prince Edward Island, two escaped, one being killed in the wilds later and the other never heard of.

Richard Kirman, the proprietor, plans to bring four additional animals from Prince Edward Island next fall.

CAMAS VALLEY HAPPENINGS.

We are having some quite warm days lately. Although cloudy at times we have not had a good shower yet. Gardens and crops are looking very well so far, but would be very much improved by a good rain.

Prof. Wilfred Brown gave a reception last week for the pupils of the high school, including also those who will become high school students next year and the other teachers, Miss McCormack and Miss Heffley. Games were played during the evening and refreshments consisting of cake and oranges were served. Everybody had a most enjoyable time.

Monday evening immediately after school Miss McCormack and Miss Heffley together with the high school girls of the present and future took their lunches and spent the evening on what is known as "Smith's hill." The evening was spent hunting wild strawberries and climbing up the hill.

Wednesday evening the sixth and seventh grades with their teacher, Miss McCormack, went on a strawberry hunt and picnic also.

Those who took the eighth grade examinations were very successful. The sixth and seventh grades passed in physiology and geography. The eighth grade, Agnes Edmonds and Blanche Croy, passed and will enter high school next year. Miss Croy has returned to her school after two weeks' illness.

Bert Wells and family are said to be moving back to the valley. We hear they are to live on the street place.

Hiram Thrush and family have moved to their new home on Rogue river.

The work of grading and moving dirt down the canyon is progressing rapidly. The steam shovel is surely a quick way to clear the road. Some say the Cary camp will move in a few weeks to Mystic creek.

RESIDENT.

CAN'T REFRAIN FROM COCK'S CROW.

MINNEAPOLIS, Minn., June 5.—The rooster's early morning crow cannot be restrained by court order. Such was the decision of Judge W. W. Bardwell, in district court here, after hearing a petition from Dr. C. F. Dight, a former alderman of this city, seeking an injunction to restrain sleep-disturbing noises which, he said, came from his neighbor's house and yard.

HELEN COWGILL COMING.

Helen Cowgill, assistant state club leader, will be in Douglas county all of next week and accompanied by County Club Leader A. E. Street, will visit all of the sewing, cooking and homemaking clubs in the county. Miss Cowgill has been a frequent visitor in this county and has assisted the clubs very greatly in their work.

ORDAINED AS PRIEST.

VANCOUVER, B. C., June 4.—The Rev. George Lem Yuen, the first native Chinese to become a clergyman in the Dominion of Canada, was ordained as a priest of the Church of England here recently. He has been a resident of British Columbia for 29 years.

DOG ON TRIAL.

OMAHA, Neb., June 5.—Character witness testimony in behalf of a dog was taken here recently before Judge Estelle in district court. City attorneys objected to the admission of such evidence, but the judge ruled a dog had as much right to it as a human.

The good character of the dog, which had bitten a girl, was thereupon established to the satisfaction of the court, and he annulled the death sentence which had previously been passed upon the prisoner.

"Dick" belonged to 12-year-old Mary Schwartz. One day he ran along to the grocery store with her brother and while there bit Lena Chisholm, a miss of 13. The police judge who first heard the case meted out the extreme penalty. He did not, however, pass on the extenuating circumstances. Some youngster in the store had stepped on Dick's tail.

Visits Brother—Mrs. W. R. Root left this morning for Eugene, where she expects to spend a short time visiting with her brother.

HAS LONG SERVICE RECORD.

Yesterday Wm. Bell, in charge of the local United States weather bureau, completed forty years in the government service. At the time he was first employed there were approximately 450 young men given positions, but the original number has dwindled down to less than 36 at this time. At the expiration of 29 years' service there were only 130 of the class in government employ. A good many have dropped out, of course, while death has claimed a number.

TAKES OVER AGENCY.

C. F. Bremmer, of Heppner, Oregon, has purchased the Gates Half-sole agency from Clarence Baker and assumed active management today. Mr. Bremmer is an experienced tire man and will no doubt enjoy a liberal patronage in this city. He will maintain the headquarters at the Motor Shop garage. Clarence Baker will enter the employ of the laundry.

Eugene Gets The Grange Meeting

BEND, Ore., June 4.—The National Grange will stand firmly behind central Oregon in the effort to obtain federal aid for the construction of the Benham falls irrigation project, according to the pledge given by S. J. Lowell, of Fredonia, N. Y., national master of the grange, today in an interview during a recess of the Oregon State Grange convention in session here.

"The National Grange fought the \$500,000,000 reclamation appropriation bill and has been bitterly criticized for this action," said he. "The measure, however, was nothing but political plunder. We are in favor of irrigation development and will back worthy individual projects, such as the Benham falls plan, to the limit."

Mr. Lowell reached Bend this morning, with W. J. Thompson of Maine, chairman of the national executive board. He has been in attendance at the convention of the Washington State Grange this week, and will remain in Bend all thru tomorrow, when the meeting here will reach its end. Tomorrow night he will address an open session of the grange.

A spirited attempt by Portland delegates to secure the 1921 convention for their city was defeated at this morning's session. Out of 199 votes cast, 141 were for Eugene. McMinnville was the only other contestant for the honor.

This afternoon the delegates were the guests of the commercial club in a tour through the mills and a trip through the country surrounding Bend. Tonight balloting for officers yet to be elected will be in order and the Pomona and State Grange degrees will be conferred. Action on resolutions is expected tomorrow morning.

What Does an Editor Think About

There is certain amount of prestige that comes to every editor because he is an editor, says the Oakland Tribune. He enjoys being told that his paper "molds public opinion," that it is the "organ for public expression," and a lot of other high sounding phrases. And most editors conscientiously try to have their newspapers live up to the truth of these phrases. You can't find a man who works any harder on the job than the editor of a country newspaper. Not that he kicks about it either, for there is a certain satisfaction about the work that almost repays him. However, "the butcher and baker and candlestick maker" insist upon having coin in exchange for their wares. Here is where they differ from the editor, according to popular opinion—only popular opinion happens to be mistaken.

Probably an editor is in a better position to write a treatise on the vagaries of human nature than any other man. The commodity that he has for sale is space in his newspaper. No one would consider walking into a grocery store and asking the proprietor to give him a bushel of potatoes and five pounds of sugar. Of course ultimately the grocer may not get his money, but he may be able to secure a little credit on the hopes. However, it is an every day occurrence for people to walk into a newspaper office and ask for space without even a thought of compensation for the editor. Frequently some man who may not even be a subscriber will come into the office with a three column obituary and ask you to run it, send twenty-five copies of the paper to distant relatives, and feel that he is doing you a favor. Money never enters into his thoughts. Print paper is costly, too, and mighty scarce right now. Of course if we don't comply with these requests we get the name of being the meanest man in town. But sometimes such a reputation is preferable to a diet on the milk of human kindness.

George Cox, formerly cook at the Fouch restaurant, is leaving for Hillsboro, where he states he will study the preparation of new delicacies for the table. He will later return to Roseburg and engage in business.

LEAVES LARGE SUM.

EVANSVILLE, Ind., June 5.—Joseph Coppello, an Italian, almost every evening would visit Garvin park in this city, and for hours would enjoy its beauty after he had completed his work in a cigar factory. In appreciation, Coppello, who

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

BANDON COW LEADS STATE IN BUTTERFAT

CORVALLIS, June 4.—That the Oregon Cow Testing association is operating on a large scale is shown by the April report which indicates that 3782 cows were tested, 7 cows were sold for beef, and 2 pure bred bulls were purchased by the association, and 12 separators were tested. Milk production averaged 674.5 pounds, and butter 33.17 pounds. The highest cow in the state for fat production was "Mable," a grade Jersey, owned by Joe Nulf of Bandon, with 121 pounds of milk, producing 105.18 pounds of fat. The highest cow in the state for milk production was "Shorty," who gave 2100 pounds of milk, averaging 54.6 pounds of fat. This cow is owned by A. O. Jackson of the Nestucca association.

PORE AND BEANS POPULAR.

SAN FRANCISCO, June 4.—The popularity of American pork and beans in Constantinople is affected by the ruling of the prophet Muhammad that his followers should eat pig flesh, according to Elliot Wood Mears, of the bureau of foreign and domestic commerce of the United States government, who was delegate to the recent national pig trade convention here. Six thousand Greeks who are estimated to be Constantinople's total population, are a good prospect for the American pig and bean product, Mears stated, although Mohammedans steadfastly refuse to eat pork and beans. Mears is secretary vice-president of the American Chamber of Commerce for the Levant and formerly was a promoter at Harvard.

RAMUM IS PURCHASED.

DENVER, Colo., June 4.—What is said to be the largest piece of ramum in the west was purchased recently by 18 leading doctors of Denver for \$56,500.

It is to be used in surgical and medical treatment. This particle of radium is to weigh one-half of a gram. There will be a plant built in Denver for the preservation of this valuable mineral, costing about \$5,000. The life of radium is estimated at 2500 years.

NIGHT SERVICE ESTABLISHED.

SAN FRANCISCO, June 4.—Establishment of a night letter service on telegraph lines in Mexico and between Mexico and the United States has been taken up by the United States Chamber of Commerce at Mexico City, according to a report from C. H. Lloyd, honorary commissioner to that organization from the San Francisco Chamber of Commerce. The move is in the interest of facilitating communication between business men.
