

The Difference Between Saving and Spending.

The purchasing power of a dollar has decreased at least 50% below normal standards. In other words 100 cents cash obtains what would ordinarily be 50 cents in merchandise.

By depositing your dollars at the Umpqua Valley Bank until the normal purchasing power returns would net you 100% profit, wouldn't it?

GOES ALL OVER THE WORLD IN SEARCH OF HEALTH

"I have been treated for indigestion in France, Italy, Switzerland, North and South America and in fact all over the world, but Tanlac is the only thing I have ever found to do me much good," said H. L. Fininger, watch maker for Nathan Dohrmann & Co., San Francisco, Cal., living at 25 Plato St.

"Always after eating," continued Mr. Fininger, "I would have such cramps in my stomach that I could hardly stand it. I had fallen off until I weighed only ninety-eight pounds and was so nervous the least little thing would upset me. I could sleep but little and got up in the mornings feeling all fagged out. My strength and energy left me and I felt like I would have to give up entirely. Besides taking everything in the way of treatments and medicines I tried dieting and the rest cure, but never got more than a little passing relief.

"The way Tanlac helped me out is marvelous. I can eat anything now without any trouble afterwards. I have gained twenty pounds and my nerves are steady as a clock. I sleep fine every night and get up in the mornings ready for a good breakfast and a full day's work, and am enjoying better health than I have in years."

Tanlac is sold in Roseburg by W. F. Chapman, and by the leading druggists in every town.
