GETS RID OF THIRTY FIVE YEARS TROUBLE WITH RHEUMATISM

"By taking Tanlac I have gained twenty pounds and gotten rid of rheumatism that had troubled me for thirty-five years," said J. W. Carlsson, of 96 Phelan Creek street, St. Paul, Minn. "I am now sixty years old," he continued, "and had suffered ever since I was a young man of twenty-five. During that time I had the very best of treatment and tried many different kinds of medicine, but got no permanent relief until I found Tanlac. I was in such bad shape last year that I was laid up for three months. I also had stomach trouble so bad that everything I ate caused me to bloat with gas and suffer for hours afterwards, often I had raging headaches and was so nervous I could never get much sleep. Finally I gave up entirely and never expected to be any better, but I began taking Tanlac and the way it knocked that rheumatism out was simply wonderful and I haven't a sign of it left. "My stomach trouble, too, has left me entirely. I eat three big meals every day, for I am hungry all the time and never have the least bit of indigestion. My strength has come back and it beats the world the way I am gaining in weight. I never felt better in every way in my life and it gives me pleasure to recommend Tanlac for it will do just what they say it will."

Tanlac is sold in Roseburg by W. F. Chapman, and by the leading druggists in every town. F. T. D. THE FERN F. T. D. ? ? ? DAILY WEATHER REPORT. U. S. GAME COMMISSION CIRCULAR NO. 1.

In past seasons there has been many instances of people capturing young fawns and then asking permission from the department to hold and rear them. Two such instances have occurred so far this season. It is the consensus of opinion that the mother deer knows where her young ones are at all times and that if the fawns are unmolested the mother will find and provide for them. This will conserve the deer, which are the property of the state. Therefore, except in instances where the mother is known to be dead no permission will be granted by this department to hold deer taken during the closed season and the law which covers the taking of deer during closed season will be enforced. It is desired that this matter be given due publicity in order to facilitate the protection of our deer. A. E. BURGHDOFF, State Game Warden.

Christians Trim Up Presbyterians

The baseball game last night between the Presbyterians and the Christians was one of the finest of the series. It was the most snappy played in the quickest time, and with the fewest errors. Both pitchers were in good shape, and many times the teams went out one, two, three. First inning, Campbell struck out, Finley went out short to first. Whipple received a base on balls, but Street struck out. Christians, Grimm and Althaus were disposed of when Cedarstrom hit to the left field fence for three bases. It was here that the one real bonehead play of the afternoon came. With two out, and the game to play for the batter, Rebel hit to the pitcher, who instead of throwing to first with plenty of time and retiring the side tried to catch Cedarstrom at home. The result was a race back and forth with half the Presbyterian team after him. Too many cooks spoiled the broth, and he finally dodged all of them and scored the first run of the game. Rebel getting around to third, but Busch went out second to first. In the second inning, the Presbyterians struck out. Sherrill hit for two bases. Richardson struck out. Randolph received a base on balls, then Hewitt made a hit, scoring Sherrill. Campbell struck out for the second time. Christians Perry and Lloyd both reached bases on errors. Henry made a clean hit. Perry had advanced to third and Lloyd to second and both scored on Henry's hit. The side was quickly retired after that. The Christians added another in the third on Rebel's two-bagger, and a single by Busch. Their fifth and last run came in the fourth, when an error permitted Craefort to reach first. He was sacrificed to second, reached third on an out and scored on Cedarstrom's clean hit. The Presbyterians made their other run in the seventh. Randolph opened with a beautiful hit to right center for three bases. Hewitt went out pitcher to first. Campbell flew out to second, then Finley made a hit, scoring Randolph. Whipple flew out to short and ended the game. The score was 5-2 in favor of the Christians, giving that team a better hold on first place. Only five clean hits were made off each pitcher. Cedarstrom made three nine fan-outs and Hewitt made three whizz the same way. The next game will be played Friday evening between the Baptists and the Christians.

German Prince Ousted By Yank

PARIS, June 14.—The American military police boarded the Berlin-Paris railway express at the Rhine frontier for the usual inspection. The youngest British army general, Robert Gunter, who had been unable to obtain sleeping accommodations on the train, was befriended by one of the Yank M. P.'s, who made a systematic canvass of the train. Despite the haughty "all seats taken" from one compartment, the Yank forced his way in at the door and discovered only one person, a German in pajamas. Led Mob Attack on French. Just at this moment a British military policeman arrived on the scene and told the occupant of the apartment was Prince Albrecht of Germany.

COMBATING ANTHRACNOSE.

HOOD RIVER, Or., June 11.—The Hood River county court yesterday acting on suggestions of a committee of the Apple Growers' Association and instructed County Fruit Inspector Frank Stanton to invoke horticultural laws in combating the anthracnose. The disease, while not now widespread, is declared one of the district's worst enemies. If individual growers fail to co-operate in applying sprays for controlling the disease, Mr. Stanton is instructed to apply the sprays at county expense, charging the costs to the property. Mr. Stanton says that his observations have led to recommendations that growers apply Bordeaux mixture at the rate of five pounds of bluestone and seven pounds of lime to 100 gallons of water at the July and August spraying. Growers, too, he says will profit by following with Bordeaux during September. He suggests that trees be drenched with Bordeaux after the apples have been picked.

AND SO FORTH.

Oh, this old world is full of care (and so forth); About the time we lose our hair, With stiffened bearings forth we go To harvest what we had to sow, Our system full of prunes an' woe (and so forth). We mosey on in meek distrust (and so forth). With grouch an' meanness fit to bust (and so forth). Our whiskers, once a silky fuzz, Turned ashy gray like whiskers does, Our teeth no longer what they wuz (and so forth). O' ain't it all a mealy shame (and so forth). To foller out a losin' game (and so forth). To see the youngsters rippin' by, With fires of heaven in their eye, But—who can help it? I says—says I (and so forth) (and so forth). —Anonymous.
