

How To Double Your Money.

THAT sounds like the wildest speculative proposal, doesn't it?

Well we have been saying right along that conditions would sometime change, and that the person who saved the 50 cent dollar until it again had a purchasing power of 100 cents would make 100% profit.

It isn't too late yet to get in on the 'ground floor' of this 'good thing', and an account here at the Umpqua Valley Bank starts you.

GOMPERS CARRYING DEMANDS.—CALGARY, Alberta, June 23.—"The democrats are asking for the suffrages of the people of the United States, and the laboring people, representing so large a proportion of the population, certainly have the right to ask the democratic convention for the support of the con-

structive programme which labor has prepared," said Samuel Gompers, resident of the American Federation of Labor, who passed through Calgary today on his way to San Francisco from the national convention of the federation in Montreal.

Mr. Gompers stated frankly his intention to lay before the democratic convention the labor demands which, he said, he considered the republican convention rejected when it nominated for president Senator Warren G. Harding of Ohio.

Hiram Makes a Public Speech—SACRAMENTO, Cal., June 23.—Senator Johnson, speaking publicly for the first time since the republican convention in Chicago, today told a few hundred who greeted him at the depot that he was not downcast over the result.

Senator Johnson passed through Sacramento enroute to his home in San Francisco.

Overcome by the warmth of the reception and the cries of speech! Johnson stepped onto the platform of his Pullman and told the crowd how glad he was that California gave him such a tremendous vote at the presidential preference primary.

"Don't imagine I'm cast down by the result of the convention," said Senator Johnson. "I'm happier than ever before. I started the campaign on a shoestring and when I got through I had the people of the United States with me, even though I could not win the majority of the delegates.

"I went into the fight in one fashion and come out in the same fashion. I made no compromise, but fought to the last ditch.

"It doesn't make any difference if a few politicians sitting in the Blackstone hotel in Chicago said 'the people be damned', for the time is coming when the people will come into their own.

"The future will find me as good natured and as full of fight as ever, and determined that in time to come the people shall rule, instead of a few men and international bankers sitting in New York."

Berlin Is Hated By the Tourists—BERLIN, June 23.—As a center of attraction for visitors from outside, Berlin is one the wane, said Chairman Landau, of the City Foreign travel bureau which held its annual meeting here recently.

Landau stated that although 1,234,000 strangers visited the capital, they were on the whole not the class of visitors that were desired. Berlin, he added, had become hated in the provinces and no traveller came to Berlin for pleasure.

Moreover there was an alarming exodus of industrial undertakings from Berlin.

The authorities, he said, must wake up and offer favors and such like as an inducement for the desirable class of visitors to come to Berlin.

Farm Bureaus Solve Emergency Problem—Emergency situations which involve the saving of large sums of money to Oregon farmers are being solved in several counties by farm bureaus, according to an O. A. C. announcement.

Eastern Oregon farmers were up against a hard proposition when the supply of distillate in the Northwest became exhausted. The Umatilla county farm bureau, assisted by Paul V. Maris, now director of the extension service at the college, located a supply in San Francisco.

The farm bureau under the direction of Fred Bennion, county agricultural agent, has just finished the distribution of 100,000 gallons and a second shipment of nearly equal size is on the road. Morrow county got 70,000 gallons through quick action on the part of L. A. Hunt, agricultural agent. Wasco county obtained 50,000 gallons through E. R. Jackson, county agent, and the Wasco County Farmers union.

Grasshoppers which ten days ago were threatening to destroy crops in Union county, have been checked through the efforts of P. H. Spillman, county agricultural agent. Within two days after the outbreak occurred the pests had destroyed 15 acres of grain in one field. Farmers were organized in a hurry with the result mentioned.

It took \$2000 worth of poison in Klamath county to get the grasshoppers under control. The work was organized by E. H. Thomas, county agent. The money spent in killing the insects is said to be but a drop in the bucket in comparison with the value of the crops saved.

A number of members from Myrtle Creek are expected to visit Union Encampment I. O. O. F. in this city tonight.
