SOME GOOD ADVERTISING.

The following self explanatory letter was received by the News-Review this morning from a resident of Fresno, California, who recently inserted a classified advertisement in the columns of this paper and was "swamped" with the results. "Thank you for the three papers. In the same mail I received several replies to the ad. We were especially interested in the issue of Monday, June 21st. My wife is interested in roses, but I want some potatoes cabbage and a few other things to go with them. I have spent the last 14 years in the pulpit in this state, but want, for a time at least, to take my boys to the soil and work with them. Have had my eye on your valley for some time and will probably land there a little later. The 110 degrees in Fresno a week ago last Sunday was no joke and the end is not yet."

NO PAPER ON MONDAY

The News-Review will issue no paper on Monday July 5th, but on the contrary will "close up" for the day and allow the employees a chance to celebrate.

A CHEERFUL HOME-COMING

Home means comfort and good cheer when there is a CALORIC FURNACE in the basement.

Your slippers, pipe, favorite reading and the CALORIC are a combination that make you forget the howling wind and drifting snow. And how the wife and children appreciate such a home—warm and comfortable in every room.

More than 76,000 satisfied users testify to the splendid success they have had with the

PIPELESS CALORIC FURNACE
Original Patented Pipeless Furnace

This is the furnace which has revolutionized heating. Instead of using numerous pipes and registers, it heats the entire house through only one register. It is therefore easily installed in new or old houses, usually in one day, without interfering with your present heating arrangements.

The CALORIC heats all types of homes up to eighteen rooms, also churches, stores, factories, halls and other buildings. It burns coal, coke, wood, gas or kerosene, and, because of special patented features, saves from ¼ to ½ your fuel. The CALORIC is sold under the Monitor Iron-Clad Guarantee, which insures the purchaser thorough and economical heat. Call on us, or write for the new CALORIC catalog.
