Combating Red Propaganda

E. B. Fish Comes Out of Labor Ranks to Fight Radicals and Bolshevists

One of the outstanding events of Chautauqua this year will be the lecture appearance of E. B. Fish of Everett, Wash. This young apostle of 100 per cent Americanism came right out of the labor ranks at the time of the Seattle general strike and started a speaking campaign for sane thinking. He was a mechanic in the Everett shipyards, and in a month he had challenged the attention of the entire Northwest by his two-fisted fighting methods and his unusual speaking abilities. For a year he has been talking to laboring men in the mills, in the lumber camps, on the waterfront. Now he appears on the Chautauqua platform for the first time. If you have red American blood in your veins you will want to hear him.

Mary Adel Hays Returns

Noted American Soprano to Make Another Western Tour on Chautauqua

Western music lovers were given a rare musical treat last year at Chautauqua in the recital by Mary Adel Hays, the well-known New York soprano. That they expressed themselves in no uncertain terms in their appreciation is evidenced by the fact that Ellison-White is returning Miss Hays this season. This is in face of the fact that there is an unwritten law in Chautauqua on not returning the same attraction on succeeding years. Miss Hays has been achieving new triumphs this year in the East and South, and her appearance here on the third night of Chautauqua will undoubtedly be eagerly anticipated by all "music fans."

Everything Under the Sun

The Parnells Are Two of the Most Talented and Versatile People on the Platform

"The biggest two-people company on the platform"—that's the Parnells. There are no exceptions. They both sing and read and impersonate, play cello, saxophone, piano and accordion. And they do every one of those many things with finished musicianship and ability. There is no dull or uninteresting moment in their two programs on the sixth day. If you miss them you

Douglas County Awake to Blight

By Prof. H. P. Barsa, Chief Plant Pathologist, O. A. C. Douglas county is evidently awake to the fire blight menace. In one district visited Saturday afternoon, an inspection was made in some promising young orchards in which the disease has appeared and where the growers are making every effort to stamp out the disease by thorough roguing methods. The county fruit inspector, Mr. Armstrong, is a fire blight expert, having directed blight control work for several years before coming here to this county. He is aware of the seriousness of this destructive and highly contagious disease, which has wiped out so many profitable orchards in other parts of the United States, and is assisting the growers in every possible way to prevent its establishment here.

There is only one way to combat fire blight, namely, to cut out all traces of the disease as soon as it is discovered. The wounds made and the tools used should be disinfected with Reimer's solution, made by dissolving 1 part, (by weight) of mercuric cyanide, and 1 part of erosive sublimate (mercuric chloride) in 500 parts of water. The druggist will prepare this for the grower if desired. It is a deadly poison and should be labeled and guarded as such, but it gets the germs. Suspected cases should be called at once to Mr. Armstrong's attention, in order that he may give instructions on the proper

Stop and reflect—great fires from little sparks are spread. Be careful with fires.

Mrs. O. P. Coshaw returned last night from Portland and Salem where she has been visiting for the past three weeks. She was accompanied from Salem to this city by her grandson, Robert Pickens, who will remain in the city for several weeks.

orders shiploads of chemicals, great quantities of wool, lumber, print paper, flour, machinery, garments and canned goods from Oregon.

For Oregon products are so good their fame extends to the far-away Orient.

Associated Industries of Oregon

handling of the disease and aid in inspection for other cases. Attempts to cut out this exceedingly infectious disease without instruction from the inspector is likely to result in a spread. Both pear and apple orchards must be watched. Fire blight is a disease where a single infection in time saves nine hundred and ninety nine.

SPECIAL BARGAINS in HOT WEATHER GOODS.

Saturday we offer Bathing Suits, Childrens Wash Dresses and Ladies White Skirts, at greatly reduced prices.

A CHEERFUL HOME-COMING

Home means comfort and good cheer when there is a CALORIC FURNACE in the basement. Your slippers, pipe, favorite reading and the CALORIC are a combination that make you forget the howling wind and drifting snow. And how the wife and children appreciate such a home—warm and comfortable in every room. More than 76,000 satisfied users testify to the splendid success they have had with the

This is the furnace which has revolutionized heating. Instead of using numerous pipes and registers, it heats the entire house through only one register. It is therefore easily installed in new or old houses, usually in one day, without interfering with your present heating arrangements.

The CALORIC heats all types of homes up to eighteen rooms, also churches, stores, factories, halls and other buildings. It burns coal, coke, wood, gas or lignite, and, because of special patented features, saves from 1/3 to 1/5 your fuel. The CALORIC is sold under the Monitor Iron-rod Guarantee, which insures the purchaser thorough and economical heat. Call on us, or write for the new CALORIC catalog.

GLENDALE NEWS

After the Fourth—We spent three delightful days at Ashland.

The Granite City spared no pains or expense in their magnificent entertainment of their thousands of guests.

Ambassador Gerard, on Sunday at the Chautauqua building, was the feature of the occasion and the assembled guests were loud in their appreciation of the opportunity of hearing the distinguished speaker.

Amusements for all ages were in evidence everywhere, and the bountiful supply of choice edibles, were only equalled by the splendid manner in which the generous entertainers dispensed their hospitality. Each person seemed to act as if they were personally entertaining their most beloved relations. And not an accident occurred to mar the enjoyment of anyone. Language is inadequate to express our appreciation of three "red letter days" to hold as a memory of a successful Fourth of July, to convey our gratitude as an appreciative people of peace on all our borders.

Ag—in the wheels of commerce is in evidence in our city and valley, and the sirens whistle tells us that our mills are in action, and our grain fields are ripe to harvest. Everybody busy and everybody happy.

J. B. Hart, of the Central Garage has received his second carload of Chevrolet cars and six of them are sold to date.

Miss Jack Platner of the "Hanks Grocery," has purchased a "French Ford," and is a very charming and competent chauffeur.

Chas. Hobbs, of the Azalea-Glendale U. S. Mail Service, has purchased a French Ford Truck, very commodious and exactly suited to his work of conveying the mail along his route. Also we notice there are many females who travel by this route. Chas. is popular, but he does not want his name in the paper. But we must say that he drove his Ford car over 29,000 miles and has never had a serious accident or any detention in his work.

Tourists from many states are in our valley and real estate is changing owners every day. We cordially welcome them all.

The aged mother of Nels Thompson who is from Hill, Calif., is visiting at the Thompson home indefinitely. Mrs. Edith Gobbert, formerly of this city, is visiting her, many old

friends in this city and valley. She comes to us in the shadow of the loss of her beloved brother, Adrian Callahan, and from the bedside of her only son, Homer, who is a patient at St. Vincent's. Since he met with such a terrible accident, we all feel deeply for Mrs. Gobbert and her son and daughters.

J. B. Howell visited his aged mother and other relatives at Grants Pass over the Fourth.

Mrs. G. T. Moore visited her son and his wife, Mr. and Mrs. J. C. Lewis at Roseburg last week. She left for her home at Woodland, Cal., on Saturday.

It was our privilege lately to meet Huron Clough for the first time since he came home from army service, where he held a commission as a Lieutenant in the U. S. Army. He wears his army honors with dignity and we noted in his features, the Grecian profile of his father, blended with the exquisite characteristics of his mother, and the general personality of both parents. We were much pleased to meet him. X X

ELKS TO PLAY GOLF

SALEM, Ore., July 8—Golf tournaments—both for men and women will play a big part in the entertainment of visiting Elks during the third annual state convention of the Elks to be held here July 22-23-24.

A huge silver trophy will go to the man with the best low net score, the committee announced today. A caddy bag will be presented to the man with the lowest total score. Both prizes can not be won by any one single individual.

A large silver vase will be carried home by the woman securing the lowest total score.

SCHOOLS CONSOLIDATED.

The vote taken at Myrtle creek and Glendale recently on school consolidation was canvassed and it was found that the measure carried with practically no opposition in both places. At Myrtle Creek districts 55 and 15 consolidate and at Glendale districts 128 and 77. The consolidation has already stimulated applications and several teachers have applied for positions in those schools.

SUTHERLIN DANCE.

Social dance at Sutherlin Friday night, July 9. Oakland orchestra will supply the music. Everybody invited.

WHEN YOU LEAVE TOWN

this summer it's a good move to have the News-Review follow you to your vacation home. Let us mail it to you daily—just phone 135 or write our subscription department and we'll see that it comes to you regularly.

NOTICE OF REMOVAL.

All patrons and the public generally are hereby notified that Smith and Friend have moved their Mincey stand from Phone 271 to 21. Call 21 hereafter. SMITH and FRIEND
