A-B-C Means To Always Be Careful

The few "Safety don't" following might well be posted on the windshield or in the memory tank of the auto driver:

Don't forget the pedestrians. They too, have rights on the streets and highways.

Don't forget to slow down at the street and road intersections. It may save a human life.

Don't forget that Safety First for yourself and others saves life and limb.

Don't forget to look to the right as well as the left at railroad crossings.

Don't forget to use extra precau-

tions when you see a child crossing the highway.
Don't forget to examine your brakes, for these vary often mean life or death.

Above all, always remember that the A. B. C. of motoring means Always Be Careful.

First, Last and Always, Don't Take Chances.

ATTENTION!

Daughters of Isabella. All members are requested to be present at a meeting held in the school house Friday, July 16, at 8 p. m. Installation of officers. SECRETARY.
