Enjoyable Picnic Held at Yoncalla

One of the most enjoyable events of the season was the picnic held on July 18th at Olalla, on the Ireland ranch. The picnic was sponsored by the male members of the community in honor of the Busy Stepper's Club. The entire affair was planned by the men, and a most notable feature was the bounteous banquet served at noon. A. S. Ireland and Earl Olivant distinguished themselves as past masters of the culinary art by a number of delicious blackberry pies, and Mr. Ireland gave further evidence of his ability as chef by producing a perfect loaf of bread which was at once christened the "Broad Axe Loaf". Fred Agee presided over a steaming kettle of hot dogs and boiled eggs which he served to all comers and Mr. Wilson was responsible for the fried chicken. At 2:30 a ball game between two picked teams selected from the Olalla, Ten Mile and Glengary aggregations, the score being 3 to 4. About 75 people were present. Among those from the outside were Mr. and Mrs. Fred Agee of Winston, Mrs. Sam Bolsinger of Dillard and a number of young people from Ten Mile.

Pathfinder to Open New Highway

The pathfinding trip for the longest auto scenic highway in the world, sponsored by the national parks service and promoted by the National Park-to-Park Highway association, is being made by A. L. Westgard, field representative of the American Automobile association.

The wonder highway, 4500 miles in length, traverses nine states, including Oregon, Washington and California, and connects the principal national parks of the west. This boulevard, permanent improvement of which is to be asked of congress will be officially opened by federal and state officials, including Stephen T. Mather, director general of national parks, and others, in a tour starting from Denver August 25. The tour will take about sixty days.

Mr. Westgard in his pathfinding trip will visit the following towns: Portland, July 22; Salem, Albany and Eugene, July 23; Roseburg July 24; Grants Pass, July 25; Medford, July 26; Crater lake national park, July 27, and Medford and Ashland, July 28.

Europe has for years held the American pleasure-seeking people in a sort of wondrous awe of the inspiration that envelopes the Alps. This park-to-park highway encircles a panoramic recreational area, linking mountain peaks with valleys and cities, rivalling in grandeur the scenic resorts of Europe.

The national parks of the west, connected with a continuous highway, are destined to become the international playgrounds of the world.

Welsh Lady Singers Are Musical Treat

A full afternoon of music was offered by the Royal Welsh Lady Singers at the Chautauqua yesterday, and their performance fully equalled all that had been said of it in advance. They gave a varied program consisting of solos, trios, quartets, duos and group numbers, each one seeming better than the one before. The smallest member of the aggregation gave several clever Scotch songs, thrilling her R's delightfully. The much murdered "Miserere" from Il Trovatore was sung as it should be and then from sacred songs and to grand opera the program ranged to include old favorite ballads. The last number was appropriately the "Star Spangled Banner". The Royal Welsh Lady Singers are in charge of Madame Hughes Thomas, and are from Wales, Great Britain. They have long been regarded as the foremost interpreterds of Welsh National music, and in their successive tours of England, France, Gerdmany, Australia, and America have been welcomed with real enthusiasm by all music lovers. They gave a short prelude in the evening and were followed by Judge Alden.

LETTERS FROM THE PEOPLE

BOOSTS SANITARIUM

ROSEBURG, Jul 21.—Editor of News-Review: Relative to Mr. Allyson's letter in last night's News-Review I have not only been wondering at the fact of his "knocking the sanitarium" idea, but what disposal is he going to make of these sorely afflicted people. Does he intend confining them, as he would a felon, or does he intend to drive them from him? Let Mr. A. stop and ponder a moment. Supose it was some one near and dear to him then what would be his verdict? Would he wish some one, simply because they had a likely spot in view to purchase, use their influence to help wreck, or more, to take from them the last ray of hope?

Be fair, Mr. A. Look deeper into this matter. It looks good to me, for I know that means can be had with modern patents and ideas used which will insure the drinking water of our city against any contamination from the sanitarium cause. Would it not be far better, Mr. A. to in a measure confine these cases in a pleasant and healthful spot and to discourage their running around spitting and drinking in public places? I have called quite frequently at the Ruiter sanitarium and find that the patients are taught cleanliness and anti-contamination above all things, they being all supplied with paper napkins on which the spitum is taken care of and then burned.

What better precaution could be taken? Then as to the proposed building at Winchester. I understand that the contract calls for a sewerage to pass through a septic tank emerging from same from 9 to 98 per cent pure, much purer, imagine, than the present city water doled out to us. Look this matter squarely in the face and try and detect the good it will undoubedly do.

A. M.

Prune Market Is Ready to Open

PORTLAND, July 22.—The prune market in Oregon is about to open and it is safe to say prices will not be as high as last year. A few contracts have been made with growers at 16 and 16½ cents for 30-35s, but at the moment packers are not disposed to take hold. It is said the growers are showing more of a willingness to sell and in view of this fact the buyers are waiting in expectation of lower prices. There is much interest in the action the cooperative association will take. Last year the market opened at 12 cents and advanced to 20 cents and better. A lower average is looked for this year, as there will be a big Oregon crop and market and financial conditions generally are against high prices.

Most of the Oregon packers have made sales of the new crop east to the extent of their contracts here but just now the demand is reported inactive. A New York trade report says:

The last of the big packers of Oregon Italian prunes to make prices on the new crop put them out as follows: 16c for 30s, 14¾c for 40s 13¾c for 50s and 12c for 60s. Although the prices as first announced by the other packers differed somewhat, it is understood that all are now quoting the figures above given. Percentages of some of the sizes allowed in assortments vary somewhat as to packer, however, ranging from 15 to 25 per cent on the 50s, while in all cases assortments include 5 per cent of 40s and 10 per cent of 60s. Buying interest in new crop Oregons appears to be languid, as also is in connection with the 1920 California prunes. The spot market for both descriptions is dull, but there is no selling pressure in evidence.

"BABE" RUTH HAS 13 TO GO

"Babe" Ruth, idol of baseball fans has not yet acquired the honors of holding the world's record for home runs made in a single season, although he has broken his personal record.

Delving back into the history of American baseball, it is found that this honor belongs to first baseman Perry Werden, of the Minneapolis club, who clouted out 45 homers in the season of 1893.

With practically half the season left, it should not be hard for "Babe" to surpass this record which has not been broken for twenty seven years. Ruth has only thirteen homers to make to tie the record. Will this number prove to be his jinx number?
