Great Interest Shown In League

A great deal of interest is being shown at the present time in the twilight league games which are played at the Bellows park on Tuesdays and Fridays of each week. The Christians led the league by a wide margin until recently, with the Presbyterians in second place and the Baptists occupying the cellar position.

**Arranging Bout

ASTORIA, ORE., July 26.—With a double main event between Muff Bronson vs. Eddie Shannon, for ten rounds, Stanley Willis vs. Frankie Murphy, for ten rounds, the committee on arrangements for the second annual Convention of the American Legion to be held at Astoria, on July 30th and 31st, has completed a card that has never been surpassed in the state outside of Portland. Billy Foy, the well known minstrel man and principal promoter of the boxing

bouts for the American Expeditionary forces is in charge of the affair, assisted by Ed. Wilkerson and Ray Gorman, of the convention committee. The event is scheduled for the evening of Friday July 30th.

Muff Bronson is the well known Portland school boy, who through his cleverness and aggressiveness has worked himself to the very top of the coast lightweight division. Eddie Shannon, who is to meet Bronson, is the boy who won the lightweight championship of the inter allied forces in London, England, in 1919. He has met some of the hardest and best boys in the world, including Benny Leonard. He is considered the light weight champion of the Pacific Coast, and the bout with Bronson will be to settle that title.

Stanley Willis is considered the best welter weight on the Pacific Coast today. Frankie Murphy, his opponent is confident of getting a decision over Willis in the coming bout. Murphy is of the battling type and has fought some of the best welterweights in the country. This bout will be for the championship of the Pacific Coast in that class.

Frank Crites and Dick Brenton will fight six rounds in the preliminaries for the featherweight title of the northwest.

ELKTON NEWS.
Floyd Finley has gone to Marsh field for a few weeks. Henry Taylor is home from Redsport, where he has been working for several weeks. He reports that work is no so plentiful as it was early in the spring.

P. C. Levenhagen has been very busy sawing lumber at Alex Sawyer's place. At present he is looking up a place to locate his mill on the Drain road, between Elkton and Drain.

Eva Finley went to Portland this week with her cousin, where she will spend some time visiting.

Charles Weatherly went to Portland yesterday, July 22, to consult a specialist in stomach trouble. We hope there is nothing serious the matter with Charley. In his absence Floyd Levens is cook at the hotel.

Clarence Farrell, of Spokane, is working on the road at present. He started with a friend from Spokane to go to San Diego, but was robbed of what money he had, so he is now waiting for money from home and leaving some in the meantime.

Del Weatherly, the road man, has pushed widening the grade on the Drain road east of Elkton, some two miles, and next week will be working on the Scottsburg road near Paradise. He needs all the help he can get.

Mrs. Ethel Weatherly and Miss Lattie Grubbe are going into physical training for pugilists. The first round is completed. All are waiting for the final. The date is open, as it will depend upon the time it takes to train as Mrs. Weatherly is busy at any time.

Prospects are now that we will have quite a large high school the coming year at Elkton. We will need in that case another teacher, but where to get one is a question.

Brotherhood Appeal Against Strike

CHICAGO, July 25.—An order for a nation wide referendum by railroad employees on the wage award of the federal labor board was completed today with a strong plea against a strike, at a secret meeting of the executives of the railroad brotherhoods before they departed.

"The labor board," the order stated "is the highest court of appeal in this controversy. No higher tribunal is created by the transportation act, and its decision must either be accepted or rejected without further negotiation."

"Although the award was much less than the employees should have been awarded, much less than they were entitled to, and although they are and have a right to be, disappointed with the amount of the increase of wages granted, more than 84 per cent of them have agreed thru their representatives to accept the delicta and award."

An appeal is made to the federated shop crafts "which constitute more than 22 percent of the total employees of the railroads" to vote in support of the action of the majority.

The order recites the history of railroad wage disputes beginning before the passage of the Adamson law.

Roseburg Woman Loses Suitcase

During a few seconds in which Mrs. Elsieda, of Roseburg, turned her back on her suitcase which had been placed on the ground at the S. P. station when she arrived here, a thief made away with it. Mrs. Elsieda explained to the police Thursday night, says the Salem Journal.

Mrs. Elsieda said she arrived on the 7:55 train from Roseburg. A man helped her with her luggage when she got off the train and her suitcase was set down near the train. A few seconds later it was gone. It contained clothing for herself and little girl, she said, and a check on a Roseburg bank. Police are investigating.

Elks Will Support Safety First Move

The moral influence as well as the practical example of the seventeen thousand Elks in Oregon will be thrown solidly behind the "safety first" movement in an effort to reduce to a minimum automobile and railroad accidents in this state if a resolution presented to the state association at the Elks convention in Salem meets with approval, as it is expected that it will.

The resolution, which was presented by the Portland delegation and which is said to have the unanimous endorsement of that body, calls attention to the numerous accidents, many of them fatal, which have been occurring in Oregon, many of them due to carelessness and recklessness. The move proposes the appointment by the president of the state association of a committee to co-operate with the safety committee of the Portland division of railroads in carrying on an educational campaign for the prevention of accidents at railroad crossings and elsewhere. The committee would also be instructed to see that committees of lo-
