## Road Meeting Be Held At Riddle

Now, that Riddle has lost the Pacific highway, it is up to the citizens of this community to see that we have the best possible system of market roads if we are to remain the best town in Southern Douglas county—and we believe there is not the shadow of a doubt that we will remain, remarks their home paper, the Riddle Enterprise.

It will be necessary for us to build some new road as well as to improve some of the existing roads and in order to shape a program which can be intelligently carried out, a meeting of the Riddle Good Roads association has been called to be held at the Riddle Theatre Saturday night, August 7, to which every resident of the valley who has the welfare of himself and his neighbors at heart is earnestly urged to come.

Plans are to be laid for the redistricting of the road unit for a new market road; and for the improvement of the roads which we already have. Riddle community has always been liberal in road matters whether they directly benefited our own immediate neighborhood or not, and the fact that the Supreme Court has decided against us in the Pacific highway case, will not deter us from giving the patrons of our town and vicinity the best roads that can be built.

### TROUT FRY SHIPPED HERE FOR DISTRIBUTION.

A small shipment of trout fry arrived in this city today, and will immediately be distributed by officials of the Sportsmans Club, Rock Creek and the North Umpqua will be the favored stream this time. The shipment comes from the state fish hatchery at Clackamas and consists of about one half dozen cans of Rainbow trout. More is expected at a later date.

### Home From Vacation at Newport

Postmaster and Mrs. G. L. Grant and Mr. and Mrs. Ernest D. Riddle, and the little Misses Ernestine and Maude Riddle returned Saturday evening from a sixteen day auto trip to Newport, Oregon. They made a side trip to Blue river, on the McKenzie, on the way home and tried the trout fishing for several days. At the beach the little girls had the time of their lives. While dancing on the sand and playing with the waves, one big one gave them the once all over, and they had a number of experiences that will last them a lifetime. They were camped at Nye creek and altogether had a delightful outing.—Riddle Enterprise.

### Electricity—The Vital Energy of Your Automobile

is produced by a little mechanical device called a generator. It causes a chemical action to take place in your storage battery. This chemical action in turn produces electricity which cranks your car, ignites your gas, sounds your horn and illuminates your lights. Life and service from your battery depends upon the mechanical and electrical condition of your generator.
