**Oregon State Fair  
Program Arranged**

SALEM, Ore., Aug. 11.—Directors of the Oregon state fair and officers of the board are looking forward to the largest and best fair for the week of September 27 to October 2, of any in the state's history and are basing the belief upon the number of entries already listed in the different departments.

Various states of the South and Middle West as well as the Pacific Coast will be largely represented in the livestock exhibits this year. South Carolina to be one of the most notably conspicuous. The entries close on September 15, but already there is so large a list that additional barn space is being prepared, and it is probable that tents will be called into service when the stock exhibit arrives in its entirety.

Noteworthy improvements in the walks and buildings feature the work done on the grounds this year, approximately \$25,000 being expended in this manner. The three barns that were damaged by the severe storms of last winter are undergoing substantial repairs, the work to be finished this month. Several carloads of Southern Oregon granite have been utilized in improving the old walks, new hard-surfaced streets and cement walks likewise being additions this year.

A concrete road across the entire camp ground takes the place of mud and ruts of former state fairs, when campers were obliged to resort to straw as a temporary road covering. The new agricultural building will house the floral as well as the agricultural display, the former being heretofore given space in the old pavilion. This new plan will admit of greater freedom of arrangement, and will make possible more artistic effects in both exhibits.

The racing program, which is to be given foremost place on the list of entertainment features this season, includes some of the fastest horses on the turf, every mail bringing names of paramount importance in the racing world. These entries closed yesterday.

Professional automobile races and auto polo, one of the most spectacular sports of the day, promise to be big drawing cards, the latter never

before being featured here. Two large amusement concerns have been secured, and the public will also be offered the cleanest and the most satisfactory service in the matter of concessions.

Music will be furnished by H. N. Stoudenmeyer, notable singer and musician to be additional assistants on the evening entertainment programs in the auditorium.

Not the least of the evening pageants will be the horse show to be held in the stadium four nights of the six. J. D. Farrell will be in charge of this division. As head of the departments of agriculture and livestock also he is at present touring the state in the interest of the latter, enlisting the assistance of the various agents in getting each city and county to make exhibits.

**PORTLAND MARKET.**  
PORTLAND, Aug. 12.—Hogs are moving slowly, prime mixed shipments going at \$18 to \$18.25 per hundred. Cattle quotations are unchanged. Demand for sheep is light, valley lambs commanding 9 to 19 1/2 cents. Eggs are unchanged. Butter is going up slightly, extra cubes bringing 55 to 55 1/2 c.

**OVERALLS WERE WORN.**  
ESSEN, Germany, Aug. 12.—Moved by the American example, a number of young men here made an attempt to fight high tailoring prices by organizing a procession clad in blue overalls. Their effort, however, aroused the ire of the working population, who, under the impression that it was "a studied insult to their class," made a rush for the paraders. A free fight ensued and some of the cheap tailoring propagandists were badly injured.

**TOMBSTONE FOR SALE.**  
(The Associated Press).  
BUDAPEST, HUNGARY.—"Nice family tombstone; little used; for sale," an advertisement published in the newspapers here, has directed attention again to the poverty of the formerly well-to-do families. Many of them early began to sell rugs, furniture and jewelry to get food, but some now have nothing left but heirlooms.

Lieutenants Bowden and Davidson of the American Relief Administration, found it necessary, recently, to select from 152,000 "intellectual" applicants those who should be given 4,000 available relief parcels.

**WEARING SPECIAL COSTUMES.**  
ROME.—A large number of aristocratic young men in Rome, Florence and other Italian cities, by agreement, are wearing a special costume this summer costing about \$6 to \$8. They have declared a boycott on expensive clothing.

The suits are composed of khaki or blue denim trousers and a shirt or blouse which can quite easily be made at home. Wearers of the cheap attire have also temporarily abandoned jewelry, elaborate cravats, silver-handled canes or expensive hats. Most of the innovators also wear sandals instead of shoes.

Mrs. Emma Montgomery, who has been visiting the past week at Canyonville, departed for her home at Sutherlin yesterday.

**MINSTRELS ARE COMING.**  
The Famous Georgia Minstrels are due for an appearance at the Auditorium, Friday, August 20, bringing a company of forty funmakers, musicians, singers and dancers and fifteen vaudeville acts in a program entirely different from anything ever seen in a minstrel performance. That minstrelsy is again becoming the popular amusement of the American stage is shown by the crowded houses being given all similar organizations. There must be something to attract people to the theatre from the fact the Famous Georgia Minstrels have weathered the storms of over thirty three years continuous travel—there must be something in a reputation to sustain them so many years—there must certainly be merit back of all this, and while they have the reputation band parade, it is a frequent thing that when the company arrives in town, they find the seats are all sold in advance. The reputation of the company must have a whole lot to do with this.

**ARRIVES IN THIS CITY.**  
Private Charles H. Ambrose arrives in this city last week from Vancouver Barracks, where he has been stationed for the past several months and will visit at the home of his parents, Mrs. Grover Potter of this city. The young boy has secured a thirty-day furlough and will leave here the first of September for California where he will join the rest of his regiment at Camp Presidio, California. The rest of his regiment was due here this morning, but failed to arrive. Mr. Ambrose has many thrilling incidents to relate during his stay in Germany. He has many friends in this city that glad to know he will visit in Roseburg and are sorry he has to leave us so soon.

**ANOTHER INDUSTRY.**  
PORTLAND, Ore., August 13.—Spahnum moss has provided this city with a new industry that is now employing 30 people preparing the material for shipment all over the United States and to a number of foreign countries, where it is marketed chiefly in the form of surgical dressing. The establishment here, known as the Spahnum Products Company, has just been reorganized and the controlling stock and active management has been taken over by W. S. Stock, for many years with the Blumauer-Frank Drug Company.

**BIG CROP EXPECTED.**  
HARRISBURG, Ore., Aug. 12.—A crop of small grain yielding 20 per cent better than last year is being looked forward to by farmers in this vicinity. First reports from threshing machines show 50 bushels of fall oats to the acre and 18 bushels of wheat.

**OFFICES IN NEW YORK.**  
PORTLAND, Ore., Aug. 13.—With a view to greater trade expansion for Oregon the joint traffic bureau of the Port of Portland and commission of public docks has opened a permanent office in New York. The port also has a traffic representative touring the far east and is soon to appoint another to cover the North China field.

expected around Harrisburg, where picking will commence about Aug. 4. Pickers are to receive two cents per pound.

**HE-VAMPS NEXT.**  
NEW YORK, August 12.—Girls, whaddya know? Right here in New York City, who do you suppose is stealing your stuff and taking to stealing his eyebrows plucked just like any Broadway vamp? Well, it is none other than Mr. Man himself. In most any upper Broadway barber shop between 1 and 3 p. m., the hours when the lounge, auto and other varieties of lizards and he-vamps drop in for their daily "dolling-up", one may see the tonorial artist busy with his comb and tweezers reducing the eyebrows of the Sunday fraternity.

Mrs. Jim Clarke, of Winchester came to this city this morning and spent a few hours here shopping and visiting with friends.

**Low-Cost Mileage—Get It in Goodyear Small Car Tires**

There is no economy in buying so-called bargains in tires offered at sensationally cheap prices when a well-made tire delivers mileage at a considerably lower rate of cost.

Add the time and trouble occasioned by frequent replacements and it is fully apparent why tire users, seeking real mileage economy, are not attracted to very cheaply priced tires.

The popularity of Goodyear Tires, of the 30 x 3, 30 x 3 1/2 and 31 x 4-inch sizes, is based on the fact that they are built to deliver exceptional mileage at low cost and consistently do so.

If you own a Ford, Chevrolet, Dort, Maxwell, or other car, taking these sizes, go to your nearest Service Station for Goodyear Tires—for true Goodyear mileage, value, economy.
