AN IMPORTANT LETTER

BISHOP, CALIF. - " About five years ago I suffered severely. I consulted a local doctor and he said I would have to undergo an opera-tion. When I said "No," he advised a course of treatments. I hap-pened to think of Dr. Pierce's Med-ical Adviser, and in it I found my case thoroughly described. I sat right down and wrote to Dr. Pierce, I then triad Dr. Pierce's Examine right down and wrote to Dr. Pierce, I then tried Dr. Pierce's Favorite Prescription-took one bottle- also one bottle of 'Golden Medical Discovery,' and used the 'Lotion Tablets' and I have not been troub-ied since. I have had two fine healthy boys since then, and work hard. At that time I was not able to do my own work. I have used the 'Pieasant Pellots' for the flyer and bowels for about 20 years, wouldn't be without them."-MBS. S. G. ALBRIGHT, R. F. D. No. 1. S. G. ALBRIGHT, R. F. D. No. 1. those plots of ground you found some tonb with four graves marked with the name of a woman who had died, before she was fifty. And be-side them was always one man who had lived to the hale and hearty age of four-score years and ten, Of-tentimes I have sat beside one of these burial plots and wondered if the woman below these headstones were not a little glad, at last, to be at rest. Each one, I pletured as waring herself out for the hushind who on her headstone, at least, had called her his 'Beloved Wife'. And i wondered idly how many times he had called her that in life. These different graves told a story of wo-men to whom love was 'woman's whole existence' and to whom the definition of love was the minister-ing to the contort and selfishness of some man until, thoroughly worn but, they were hild away in this quiet resting place. consideration for others are the goal of the true Scout, whatever his country. Kinship with the world must inevitably follow national pa-trotism growing out of such train-ing. The hope of the leaders that this and future conferences of the this and future conterences of the youth of all nations will play a sig-nificant part in the peace of the world may not be unfounded. In the meantime the youngsters gathered in and around London are

gathered in and around London are showing one another how they work and play at home, affording them-selves and the spectators much diversion thereby. The jamboree, as it is called, seems to deserve its name. Think of 5,000 boys in an arena at one time—the Babel of language and gesture and foy! Separately, the national groups are presenting their own distinctive life, strange, instructive and inter-esting, so that the young Scouts will carry home with them a fund of in-
