GAVE HER STRENGTH

Mrs. Miller Says That is What Lydia E. Pinkham's Vegetable Compound Did For Her—Read Her Letter—

Minneapolis, Minn.—"I was run down and nervous, could not rest at night and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and ap- petite my baby did not get on his gait nourishment from my milk so I started to give him two bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I would my baby exclusively again and can't say too much for your medicine."

Since we guarantee that all testi- monials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the power to help this woman it will help any other woman who is suffering in a like manner!
