FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."—Mrs. H. E. Draper, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound. Moreover this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extracts of the native roots and herbs which it contains.

LOVE and MARRIED LIFE

ELIZABETH AND JOHN.
 "Katherine, I really believe you're jealous," said Alice mischievously as Karl came around the bed to lay the baby in my arms.
 "No, I'm not," I answered, but my voice was so decisive that I almost felt as though it did have a hint of jealousy in it.
 "Katherine will find that she has no occasion to be jealous of me," said Karl. "Although you may not know it, my dear, the baby knows you very well. She has been with you every day. We were hoping that her tender little hands would help to bring you back. She always knew and remembered you, Katherine, although you seemed to have forgotten her."
 He put the baby in my arms and her little mouth wandered over my cheek. She did not offer to go back to Karl and I was a little ashamed to feel that I was very glad when she just cuddled down a little closer and gave a sigh of babyhood content and closed her eyes.
 "I really believe she's sleepy, poor darling," I exclaimed.
 "No, it means," said Karl, "that she is perfectly contented and like all contented animals, she has gone to sleep."
 "Do you mean to call my baby an animal?" I asked in mock annoyance.
 "Yes, can you deny it?" he answered, smiling. "All children are only animals when they are born. It is only after their eyes open to look into the great world of souls, that they begin to grow souls."
 "Here, Karl," said Alice, "at last I believe it. Katherine has been trying to tell me that you were a poet, but somehow I could not make my idea of you measure up to it. But you certainly have paid Katherine and all the mothers of the world a very beautiful compliment."
 "There is something about Katherine, Alice, that has always brought the best of me to the surface. From the very first night I met her, that night when John brought her home from the wedding trip and insisted upon showing her to us before she had a chance to doll up, until now, I have always found that even the thought of her has brought me up to a plane of high thinking which has surprised myself."
 Karl seated himself beside my bed, as Alice came over and stood beside him, looking down at me.
 "You're rather skinny, Katherine," she said, tantalizingly, "and your eyes look too big for your face. Your mouth seems distressingly full of teeth and that peaches and cream complexion which was the despair of every one of us, has faded for the time being. But, my dear, do you know that there is something undefinable about you that makes you more beautiful than ever."
 "That's a nice compliment," I said, "and it will probably fortify me when I'm obliged to look in a mirror and see all the dire wreckage that you have described."
 "Yes," said Alice to Karl, just as though I were not there. "I've come to realization of that indescribable thing which we call charm."
 "Charm?" said Karl also ignoring me. "Why, Alice, surely you have always known that a woman's charm is her sweetness and goodness."
 "Hub," said Alice contemptuously. "I know nothing of the sort, Karl Shepard, for some of the women that I have known that have the greatest charms, as well as the greatest charms of history, have been neither sweet nor good." She looked suddenly and there was an uncomfortable silence, each one of us was thinking of Elizabeth Moreland. It was I who spoke first.
 "No one can define or explain the word 'charm' when it is applied to a woman. In fact, many of us have known women whose charm for one person would be all and for another superfluous," said Alice with a sigh.
 "Yes, I too, was thinking of Elizabeth," said Karl.
 "For most men, I know that Elizabeth Moreland had great charm, for me she had none."
 I felt that I could not ignore these two dear friends by keeping silent; I could not pretend to them who knew my life like an open book, that there had been nothing between John and Elizabeth and that the tragedy of my life was not their deaths, but their lives, their living and their loving.
 "I sometimes think," I said, "that after all Elizabeth was the woman that John should have married and I am not sure even now, that she was not the woman he loved the more, and could have made him happy."
 "But you, my dear," said Karl, bending over me, "were the woman who could have made him live the life he should live."

50 Years Ago

A young man who practiced medicine in a rural district became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce who afterward moved to Buffalo, N. Y. He made up his mind to place some of his medicines before the public, and he put up what he called his "Favorite Prescription" and placed it with the druggists in every state in the Union. For fifty years Dr. Pierce's Favorite Prescription has sold more largely throughout the United States than any other medicine of like character. It's the testimony of thousands of women that it has benefited or entirely eradicated such distressing ailments as women's troubles. It is now sold by druggists in tablet form as well as liquid.
 ASTORIA, OREGON.—"I saw Doctor Pierce's advertisement and as I had tried so many things for woman's troubles without getting any help, I decided to try Dr. Pierce's Favorite Prescription, and I did so with good results. I think it is just great."—Mrs. D. Brag.
