ADMISSION IN AT HEARING TODAY

Cleveland Quota Figures Given by Cox Are Said to Be Correct.

FIRST REAL EVIDENCE

Moore Furnished United States Attorney With Information to the Effect That Some of the Witnesses Perjured.

By Associated Press. CHICAGO, Sept. 8.—Governor Cox's quota figures on the amount the republicans sought to raise in Cleveland were substantiated and an affidavit made that the national committee had sought to raise more than Georgia's quota, when the senate committee resumed hearings today.

potatoes, but will work on other products later. "We are endeavoring to select seed 'atoes that we can ship out of the state and still be proud of," said Mr. Star. "We want to send out potatoes of good size, shape and quality and free from disease, potatoes that we can point to with pride as Oregon potatoes, and it's not such a difficult job as you might imagine to find them."

WEDDING WILL TAKE PLACE THIS EVENING.

Much interest is being shown in the wedding ceremony which will take place tonight uniting Miss Marie Pickens, daughter of Mrs. H. E. Pickens, and a popular member of the younger set, with Robert Travis, of Fresno, California. Relatives of both of the contracting parties are in the city and the ceremony will be a charming informal affair at the home of the bride's mother on South Jackson street.

Teddy Jr. Has Two Narrow Escapes

By Associated Press. JOPLIN, Mo., Sept. 8.—Lieutenant Colonel Theodore Roosevelt had a narrow escape at noon today when he was entering the front seat of an airplane for a flight into Oklahoma for an election speech. The propeller blade was given a twist and the throttle was too high. The big machine tore wildly down the field. Roosevelt jumped from the fuselage and landed free of the rudders.

Toll of Klamath Fire Totals 12

KLAMATH FALLS, Or., Sept. 7.—The number of those who lost their lives in the fire that destroyed the Hotel Houston and a part of the business section of Klamath Falls early Tuesday morning was definitely increased to 12 today with the possibility of the number reaching 17.

In addition to the ten bodies that were removed from the Hotel Houston yesterday, two more were recovered today when searchers combed the ruins of the Heidrick apartment house, which is in the same block as the Houston hotel. Before today it was not known that any persons lost their lives in the apartment building. Identification of the bodies was not possible.

The searchers reported that they had found traces of the charred remains of five bodies in addition to those recovered from the Houston, but C. C. McCoppen, deputy coroner, declared that only 12 bodies had been turned over to him.

Community Fair at Canyonville Today

The first of the community fairs in the county was held at Canyonville today. The fairs will continue until the 17th of this month, and from all indications will be far ahead of previous years. Particular attention is being given to the community club work and the demonstrations and exhibits will be principal features of the fair.

To Start Work On Tiller Cut-off

Work on the Tiller-Crater Lake cut-off road is to start at once, according to Ed Renfro, who was in the city today. Mr. Renfro was one of those most industrious in the activity which resulted in the resumption of work and is greatly pleased at the present prospect. The contractor who has been working on the Medford-Crater Lake road has sent his head engineer into the Tiller district to outline the work and has promised to get his crews into the field at once. It is possible for the crews to work the greater part of the winter and the road will be well under way by spring, it is believed, and will be ready for travel during next year's tourist season.

KINDERGARTEN AND PHYSICAL EDUCATION.

The kindergarten classes of the Heinline-Moore Conservatory began Monday, Sept. 13th, and since it is important that the babies begin their education on Monday morning, please phone the studio if you wish the car to call for your child.

SOCIALISTS ARE AGAIN AROUSED

Special Election Will be Held in N. Y. On the 16th of September.

FIVE WERE EXPELLED

Same Bunch Are Trying to Regain Their Places in the Assembly But Democrats and Republicans Strongly Oppose Move.

(By Associated Press.) NEW YORK, Sept. 8.—A special election will be held here on Thursday, September 16, to decide whether the five socialist assemblymen expelled from the New York legislature last winter for alleged disloyalty shall be returned with another member of the same faith.

Transient Has Hand Crushed

William Allin, a transient, who was taking advantage of a free ride on a freight train last night had the misfortune to have his right hand seriously injured. He was brought to this city this morning and was taken to the Grand Hotel. Dr. Miller is taking care of the injury. The accident occurred at Glendale. The tips of all four fingers of the right hand were badly crushed and may have to be amputated.

WILL TAKE IN ROUND-UP

Mr. and Mrs. Wade H. Davis will leave this evening for Seattle, Wash. where they will be joined early next week by Mr. and Mrs. Herb Ogden, Mr. and Mrs. C. H. McClung, and Mrs. M. S. Allen. From Seattle the party will go to Vancouver, Victoria, Calgary, and then back to Spokane and on to Pendleton where they will attend the round-up. They will be gone from Roseburg for about three weeks.

BEAUTY MADE PERPETUAL; WRINKLES ARE IRONED OUT

PARIS, France, Sept. 7.—One of the most recent developments, and a war discovery, encouraged women to hope they may be able to considerably prolong their beauty and hold upon the charms of youth. During the war doctors learned to treat the men so that they were as little disfigured as possible. Now Mme. Desti has followed their process in the preservation of woman's beauty. The process is a simple one. Wrinkles are ironed out in three minutes. A french actress who had a too aquiline nose, had it made sanely retouched and an American actress of 55 had her wrinkles so effectively removed that she was able to play a child's part.

HATCHERY CHIEF NAMED

EUGENE, Ore., Sept. 7.—Matt L. Ryckman, for many years superintendent of the state fish hatchery near Vida, on the Mackenzie river, in Lane county, was chosen by the state game commission at a special meeting here last night as superintendent of all state trout hatcheries of Oregon, the appointment to become effective on October first.

Dr. C. H. Baboy, of South Deer Creek, spent the day in Roseburg attending to business matters.

GRAND JURY WILL MEET SEPT. 20

Case of J. F. Wallace Charged With Criminal Assault to Be First Heard.

TO BE LONG SESSION

Accumulation of Business Will Require Several Days of Hard Work on Part of Members of Inquisitorial Body.

A very busy session of the grand jury will start on Monday, September 20, a special term having been called in order to dispose of a large number of cases which have arisen within the past few months. The regular term of court will not start until November but there is much more business than a grand jury could possibly handle at that time and in order to dispose of the greater majority of the criminal matters on hand, it became advisable to call a special session of the jury and the papers are now out arranging for the term and setting forth the order of the examinations.

Grange Master to Visit in Drain

C. E. Spence, Master of the Oregon State Grange and Mrs. Minnie E. Board, lecturer of the organization, will both be in Drain on next Saturday at which time a meeting of the Douglas County Pomona Grange will be held. The Drain Grange will also meet on that day and in the afternoon the meeting will be open to all. Several prominent grangers of this section are planning to attend and a fine session will be enjoyed.

BANQUET IS ENJOYED.

Over thirty members and officers of the Twilight League met at the Baptist Church last night to enjoy the banquet given by the church to the league. The banquet was served promptly at 6:30 by several of the young ladies of the church and a delicious repast was enjoyed. Attorney Coshow served as toastmaster and a number of short talks were made.

Small Adv. Results In Big Saving

A few days ago T. B. Evans, of the Evans & Son ranch, of Billard, made a hurried business trip to Roseburg. He was in a rather bad predicament, for he had an accumulation of 500 boxes of ripe tomatoes in the field, while enough to fill several hundred more boxes were ready to be picked. The tomatoes were ripening so fast he did not have time to bring them to Roseburg to market and they were in danger of spoiling if kept for many more days. Greatly worried, he phoned into the News-Review office and inserted a small advertisement which he hoped would help him sell a few boxes. Today Mr. Evans returned to Roseburg with a broad grin on his countenance and announced that he had disposed of every ripe tomato on the place and people were even threatening to walk away with the green ones left. The adv. cost him \$2.25. It was inserted in the News-Review for four days. Its cost was much less than the expense of one trip to town and he saved several hundred boxes of tomatoes in addition to the time and expense which would have been consumed had he been forced to bring the produce to Roseburg. It is not necessary to state the moral.

Heinline Still Pursued by Jinx

C. S. Heinline, who sponsored the recent auto trip to Reedsport, evidently believes in furnishing amusements to his guests, for after providing them with plenty of fun on the down trip with three blowouts after he had started out ahead to hold the boat, he gave them a good laugh on the way home by his clever manipulation of a prohibition auto. With great difficulty on Monday he procured two extra tires from Marshall and coming back to Scottsburg on Tuesday he made repairs to his damaged machine, replacing the old tires with new. Starting back to the city, he managed to get across the ferry and then the jinx overtook him again. He had proceeded only a short distance when with an asthmatic cough the engine went dead. Just as the machine was starting up a slight incline. An examination proved the trouble to be an empty gasoline tank, and the party had visions of a long hike. However, the carburetor was filled and with the machine in low gear a quick dash was made to the summit of the grade and on the way down hill the carburetor filled again and the engine was shut off as long as the machine would coast. By filling the carburetor on the down grade and rushing up the hills, the party finally managed to reach the Cobb ranch where they found a big drum filled with gasoline, with which they filled the tank while Mr. Cobb filled the back seat with watermelons. The remainder of the trip home was uneventful.

Hobo Boys Picked Up by Night Officer

Two youngsters beating their way were picked up by night officer Grant Wiley last evening who found the boys in the rear of the building owned by the Douglas Hotel. The boys had built of the refuse they had found there. The boys were released this morning and told to get out of town.

Mr. and Mrs. James Pelton of Klamath Falls spent yesterday in the city visiting with Jack Pelton. They are traveling by auto and left this morning for their home.

COUNCIL ORDERS STREETS PAVED

Contract Let to L. W. Metzger For Paving of North Jackson Street.

PRICE VERY HIGH NOW

Considerable Discussion is Developed Because of High Cost of Laying Pavement at the Present Price of Materials.

Considerable business was disposed of by the city council last night and following the meeting it was decided to hold another session on Thursday night for the purpose of settling the matter of the extension of South Stephens street to link up with the new highway south of the city.

BOY IS IMPROVING

Millard Sexty, the seventeen year old lad who had his foot badly crushed at Riddle a short time ago, and who is receiving medical treatment at the Mercy Hospital, is reported as steadily improving and the foot will not have to be amputated as was at first thought.

CONSIDERABLE BUSINESS WAS DISPOSED OF BY THE CITY COUNCIL LAST NIGHT

and following the meeting it was decided to hold another session on Thursday night for the purpose of settling the matter of the extension of South Stephens street to link up with the new highway south of the city.

THE GREATER PART OF THE EVENING WAS TAKEN UP WITH MATTERS PERTAINING TO THE STREETS.

The contract for the paving of North Jackson street was allowed to L. W. Metzger, who was the only bidder, and who contracted to do the work for the sum of \$5765.95. Considerable discussion was had over this pavement, especially regarding the price, which it is claimed will amount to almost \$500 per lot. It was proposed that the plan of pavement on North Jackson be changed and that a 24-foot street be constructed. This, however, brought about considerable opposition and it was finally decided to proceed with the paving under the present plans. Considerable amusement was caused by a mistake on the part of the engineer who forgot to make specifications for curbs. The amounts were right for the curbs but no specifications were made for them. This matter was settled, however, and was adjourned.

A PETITION WAS RECEIVED FROM RESIDENTS OF FOWER STREET, NORTH OF COURT, ASKING FOR PAVEMENT, AND A RESOLUTION WAS ADOPTED INSTRUCTING THE ENGINEER TO PREPARE PLANS AND SPECIFICATIONS.

C. W. CLARK, A RESIDENT OF NORTH ROSEBURG, APPEARED AND OBJECTED TO THE ACTION OF THE COUNCIL IN GRANTING BRUCE BRIDGES A YEAR'S TIME IN WHICH TO CONSTRUCT SIDEWALKS IN FRONT OF HIS TWO VACANT LOTS.

All others along the street have their walks in or are putting them in. Mr. Clark told the council, and he maintained that Mr. Bridges should be forced to put in his walks. He also stated that the surface water would sweep over the vacant lots onto the street and would make it muddy in the winter. The council finally reconsidered its action and ordered the sidewalk constructed.

R. M. JENNINGS, MANAGER OF THE DOUGLAS COUNTY LIGHT & WATER COMPANY, APPEARED AND ASKED IF THE COUNCIL WOULD TAKE SOME ACTION REGARDING THE BILL WHICH HAS BEEN PRESENTED FROM MONTH TO MONTH FOR WATER AND LIGHT FURNISHED THE CITY HALL.

Mayor Hamilton informed him there has always been a verbal agreement that light and water should be furnished the city hall free of charge and that the city is working under this agreement. He stated further the city would refuse to pay the bill unless forced to do so by the court. Mr. Jennings intimated that the light and water for the city hall will possibly be turned off and the city put in a position to force court action.

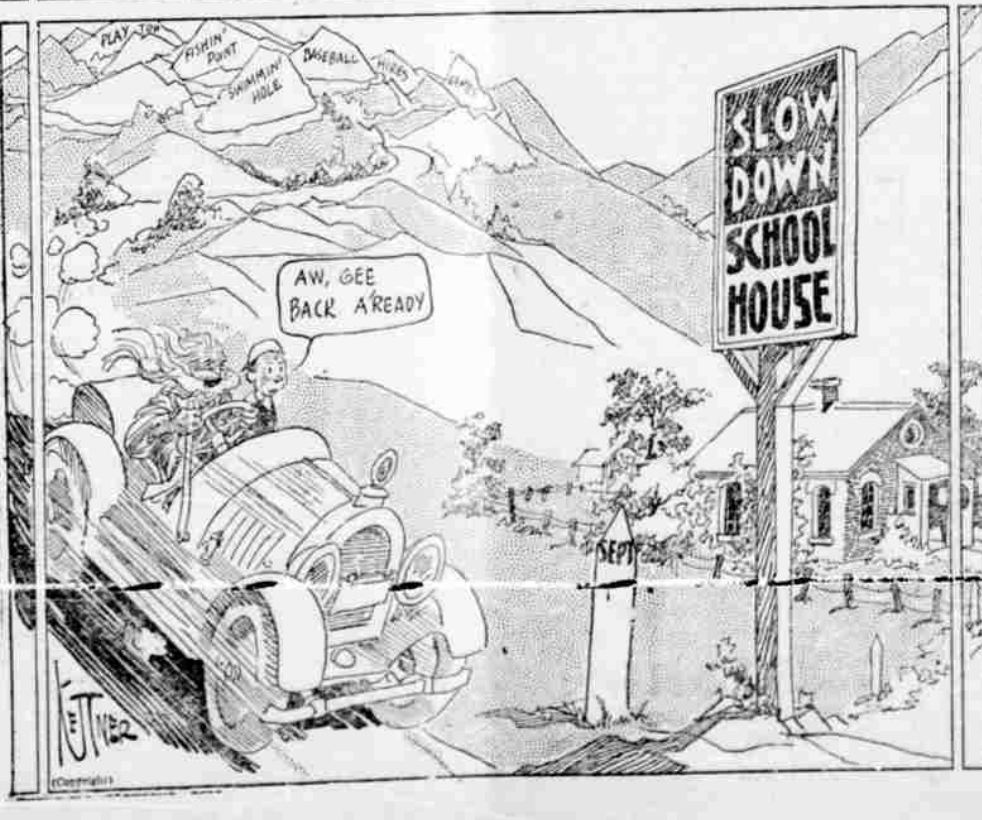

THE REQUEST OF WM. L. TORCY FOR A JITNEY LICENSE WAS RECEIVED AND ALLOWED.

The engineer's estimates for the proposed sewer in the Grove district was received. He estimates a sewer from Temple street to Lane street at \$632.04; from Temple to Oak at \$715.25, and from Temple to Mosher at \$524.75. Councilman Lindsey stated that he will fight any attempt to force a sewer in that district. He told the council that when the Fullerton street sewer was constructed he had endeavored to have it so situated that it would accommodate the streets where the sewer is proposed. For political reasons, he said, it was not so placed, and he would not agree to forcing the other residents to such a heavy expense.

The usual reports and bills were received and approved. It was reported that the street cleaning department has been unable to give all the proper attention to cleaning the streets as a great deal of time has been given to making repairs to the pavement before the rainy season. Mayor Hamilton made a report on the work of the street cleaning department and explained the reason for the present condition of the street.

AT THE CONCLUSION OF THE MEETING AN ADJOURNMENT WAS TAKEN UNTIL THURSDAY NIGHT.

The End of Vacation Trail

Railroad Worker Badly Injured

Draido Gramitino, a railroad employee, was quite seriously injured this morning when he was thrown from a gasoline engine when the vehicle struck an open switch near Winchester. His injuries consisted of two long and deep scalp wounds and severe bruises about the body and legs. He was traveling north at a fast rate of speed, when he struck the open switch. His machine plunged over a high bank throwing him on his head into a pile of rocks. The engine was completely wrecked. He was brought to this city and was given medical treatment by Dr. E. V. Hooper.

Making Selection Seed Potatoes

Dr. S. Carpenter of the Oregon Agricultural College spent the day in Roseburg and the immediate vicinity working with assistant leader C. J. Hurd and County Agent W. R. Hallett in seed certification. They visited a number of the nearby communities both in the morning and in the evening. Prof. Carpenter will leave this evening for Grants Pass where he will continue the work. At the present time the work is chiefly on
