

# This section certainly owes a lot to the automobile

LOOK at it just from the business standpoint, compared with, say, ten years ago—or even five.

Everything speeded up—made easier. Nearly every business man depending on the automobile to transport himself and his products.

That is one reason, perhaps, why more attention is being paid to tires—why tire costs are being figured closer and people are beginning to look for better tires.

We believe that people are entitled to better tires—the best they can get.

Not only the man with the

big car, but the man with the small car, and the medium sized car.

We represent U.S. Tires for that reason—because their policy is the same as ours—every tire as good as you can get it, regardless of the size of the car it is to go on.

It was that policy which led to the introduction of the straight side automobile tire, the pneumatic truck tire.

And you can't beat it.

U. S. Tires are guaranteed for life, with no limitation of mileage.

It will pay you to talk to us about tires, if you are looking at them from a business standpoint.

## United States Tires

HIGHWAY SERVICE COMPANY, Inc.

Distributors, Roseburg, Oregon.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

ROYAL CORD—NOBBY—CHAIN—USCO—PLAIN

### WAR "MYSTERY" MADE CLEAR

Men on the Leviathan Now Understand How Their Officers Detected Them in Smoking.

Men who sailed on the Leviathan when she was being used as a transport will learn with interest the explanation of a "mystery" of the giant liner in those war days, a mystery which has been the subject of many a midnight conference in the lee of the deckhouse. Only recently a former officer of the Leviathan told the story. It appears that several of the crew sought a lower hold for the haunts of the officers on duty and there, believing themselves carefully concealed, they smoked to their hearts' content. But the ship had a fire detection system consisting of a series of pipes to the holds, through which a suction fan is continually drawing air samples to the wheelhouse. Thus the officer on duty there noticed the curling wisps of smoke coming out of the pipe from one of the lower holds. Sniffing the smoke he detected the old familiar odor of tobacco.

It was an easy matter to hurry down and catch the men in the act and start them on a round of extra duty, which cured them of smoking aboard ship. They were puzzled to know how the officer had traced them. The hold was way down near the keel, far from the wheelhouse and there had not been another man within many yards of their position. They knew no officer had followed them and they took it for granted that there was no direct connection between the hold and the wheelhouse. And no one enlightened them during many trips to France.—New York Evening Post.

### SERVED IN ORIENTAL STYLE

Magnificent Banquet Given by King Hussein of the Hedjaz to Lord Allenby.

A banquet given by King Hussein of the Hedjaz to Lord Allenby, the British high commissioner, as described by an Arab correspondent of the London Times on March 2, was a striking example of oriental magnificence. After preliminary visits and military reviews, in which the Bedouin cavalry dashed by at full speed, firing their rifles, the banquet was held in true Arab style in the municipality buildings at Jeddah.

On the table, which was eighteen feet broad by thirty feet in length, barefooted waiters dressed in rich Arab costume walked about helping the guests, 70 in number, to slices of the joints of roasted half sheep stuffed with almonds, rice and spices. Each guest had three or four plates, and was surrounded by some 20 or 30 dishes of salads, fish, roasted chickens, pilaff of mutton and sweets of all descriptions. The king's band of musicians played throughout the banquet.

At the end of the feast the king's servants handed round silver basins with ewers of scented water for the guests to wash their hands in. Coffee was served in another room while guests of a lower degree sat down at the banquet table. The remnants of the feast, which were considerable, were distributed among the inhabitants of Jeddah and the crews of the British ships at anchor in the harbor.—Current History.

### The House Famine.

Morris Hillquit was discussing in Albany the heinous profiteering on rents which so many New York landlords have been practicing.

"And despite this profiteering," he said, "houses and apartments are in greater demand than ever. Well-to-do tenants have their bells rung two or three times a day by total strangers who anxiously inquire if by any chance they think of leaving soon."

"I heard of a chap who entered a newspaper office recently and said to the girl behind the counter:

"I want to advertise in your paper for a house!"

"Yes. How many insertions?" said the girl briskly. "We make a reduction for space taken by the year, and we have also a very reasonable three-year contract that would probably suit you better still."

### Windmill Generates Electricity.

The windmill has not been generally found available for the generation of electricity because of the irregularity of the air currents, but this has been overcome by a Swedish inventor. Instead of being directly connected to the dynamo in the usual manner, the mill-wheel shaft is geared to a helix device, which serves to elevate a two-ton weight to the top of a 73-foot steel and wood tower. When the weight reaches the maximum height, it is released, and, as it falls, actuates the dynamo, which is mounted on a bracket at the apex of the tower with the mill wheel. A storage battery and switchboard are housed in the lower portion of the tower.

Just Like an Apple to Marjorie. Little Marjorie, who is three, told her mother, the wife of a Muncie manufacturer, the other evening, that while the mother was uptown shopping she had been taken by a servant to call on her father in the latter's office.

"What time did you go?" asked the mother.

"Oh, in the core of the afternoon," replied the little girl.

"Mother doesn't understand what you mean by the 'core' of the afternoon." It was explained to Marjorie. "Why, I mean the middle," she said simply, as wondering at the ignorance of grown folks.—Indianapolis News.

### AROUND THE TOWN

Returns Home—Mrs. W. E. Satchwell, of Yoncalla, returned home Tuesday, after a few hours spent in Roseburg shopping.

To Yoncalla—Miss Clara Hill left for her home in Yoncalla Tuesday afternoon, after a short time spent here attending to business matters.

To Portland—Miss M. Wright, who has been visiting in Roseburg with friends,

left yesterday for Portland, where she resides.

Files Suit—John Hunter has brought suit against the Roseburg Electric company to force payment on a check on which he claims payment was stopped. He is represented by Attorney B. L. Eddy.

Returns Home—Miss Alice Branfer, who has been visiting in Roseburg for a short time, left for her home in Wilbur Tuesday afternoon. She was accompanied home by Mrs. W. G. Blake and two children, who will visit there for a few days.

Injures Arm—Ver Perry, who injured his arm in Ashland a few weeks ago, will be able to return to work within a few days. Mr. Perry is employed as brakeman by the Southern Pacific. Dr. S. L. DeLapp has been caring for the injury.

Here From East—G. W. Cluck, wife and daughter, who have been touring through the east, arrived in this city Monday. They made the trip from Kansas City, Missouri, to this city in 139 hours. They are traveling in an Overland car and report the roads to be very good.

Go to Seattle—Mrs. H. A. Chandler, of this city, left Tuesday for Seattle, where she will visit for a short time before returning to Portland, where she will make her home. She was accompanied by Miss Medlar, who has been visiting her here from California.

Decree Granted—A divorce decree was granted yesterday to Clarence L. Hilliard from Ethel L. Hilliard. Desertion was the cause.

Audit of Books Starts—The annual audit of the county books was started Tuesday by Miss Crandall, of the firm of Roberts and Crandall.
