Has Your Car Vim, Vigor and Snap?

That's the question, does your engine sputter, cough and hesitate as she creeps away, or does she "bite in" and get her 60 M. P. H. pace in a length? She'll do the latter if fitted with Magneto ignition.

A salesman may "put it over", that you don't need a Bosch Magneto—it costs that car maker more to put it on.—But remember, wherever dependable ignition is required, Bosch Magnetos are used.

We shall show you all the Wags and Whistles if you will call.
