"ONE M'GRAW" IS NEW ALIAS FOR LAMB STEW.

MOVIE CLOSE-UPS

Charles Dickens immortal story, "The Tale of Two Cities," will be seen at the Antlers theatre tonight with William Farnum in the double role of Sidney Carton and Charles Darney. William Fox presents the picture. Although a story of the French Revolution, and always popular, "The Tale of Two Cities" is probably more timely now than ever before. America has just emerged victorius in the war, one of the mightiest in history, the majority of which was fought on French ground and all over the country the people are interested in France, and in the picture, the life, customs and the people of France have been carefully studied.

The popular Joseph Louis Vance story, "The Bandbox" done for the screen by Deitrich-Beck, Inc., with Doris Kenyon, will be repeated at the Liberty tonight.

Allison Landis, an American actress smuggles a famous pearl necklace, known as the Cadogan Collor, into the United States by hiding it in the lining of her new hat and tricking her innocent fiance, Benjamin Staff, into carrying the bandbox through the customs. But on the pier in New York the fiance gets the bandbox mixed with one identically the same as carried by Eleanor Searle a young singer. Before Miss Searle can return the bandbox she is overtaken by her father, an international crook, because of whom she left home seven years before, and who has been on the track of the pearls. He takes the necklace away from her and to cover his tracks, spirits Miss Searle herself away to his "roost" on a deserted island in Long Island sound. The picture has a thrilling finish and it would be "telling it" to relate it in this column.

The star chamber sessions of the Russia Soviet are relentlessly unveiled in "The Light of Happiness" the Universal drama of modern Russia, which was shown at the Antlers last night and will be repeated at the Majestic tonight.

The spectator sees the "comrade" and cohorts of the two principal Russian agitators in the chamber of deputies in Petrograd.

A girl skips lightly into the room, leaps to the marble rostrum and inflames the smoldering brains of her "comrades" by her creed of violence. Then she leaves Petrograd for New York as an envoy of destruction of leaders of the radicals.

How she finds her sister living in splendor in New York and how the whole fury of her heart is directed against her own father, who is only known to her as a stony hearted money king, forms the theme of this unusual film drama.

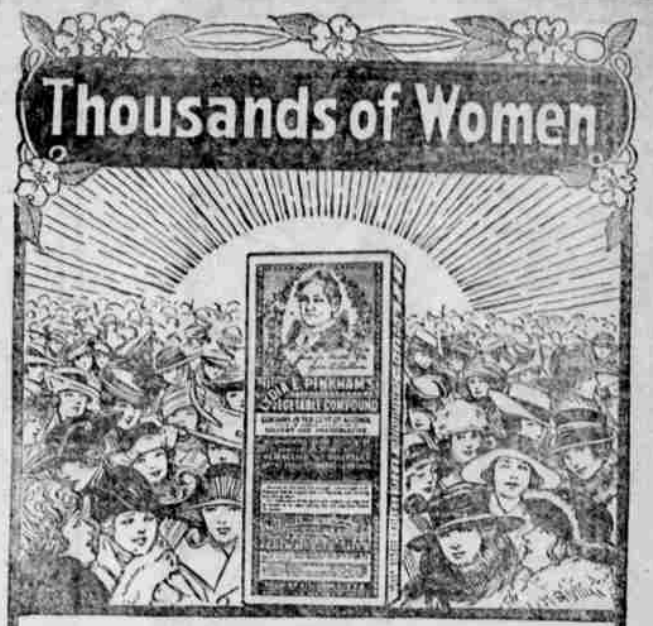
Thousands of Women



Owe Their Health To

Lydia E. Pinkham's Vegetable Compound—overshadowing indeed is the success of this great medicine. Compared with it, all other medicines for women's ills seem to be experiments.

Why is it so successful? Simply because of its sterling worth. For over forty years it has had no equal. Women for two generations have depended upon it with confidence.

Thousands of Their Letters are on our files, which prove these statements to be facts, not mere boasting.

Here Are Two Sample Letters:

Mother and Daughter Helped.

Middleburg, Pa.—"I am glad to state that Lydia E. Pinkham's Vegetable Compound did me much good when I was 35 years old. I was run down with female trouble and was not able to do anything, could not walk for a year and could not work. I had treatment from a physician but did not gain. I read in the papers and books about Lydia E. Pinkham's Vegetable Compound and decided to try it. The first few bottles gave me relief and I kept on using it until I got better and was able to do my work. The Vegetable Compound also regulated my daughter when she was 15 years old. I can recommend Vegetable Compound as the best medicine I have ever used."—Mrs. W. YERGER, R. 3, Box 21, Middleburg, Pa.

Fall River, Mass.—"Three years ago I gave birth to a little girl and after she was born I did not pick up well. I doctored for two months and my condition remained the same. One day one of your little books was left at my door and my husband suggested that I try a bottle of Lydia E. Pinkham's Vegetable Compound. I started it immediately and I felt better and could eat better after the first bottle, and I continued taking it for some time. Last year I gave birth to a baby boy and had a much easier time as I took the Vegetable Compound for four months before baby came. On getting up I had no pains like I had before, and no dizziness, and in two weeks felt about as well as ever."—Mrs. THOMAS WILKINSON, 363 Columbia Street, Fall River, Mass.

ATTENTION!

We want everybody to come and investigate the Universal Tire Filler which rides same as air, relieves you of punctures and blowouts and does not injure the car in any way, not as much so as air-filled tires because it holds the road better and does not bounce as much on rough roads. Give it a trial and you will never use air again, besides you will be a booster for our filler. Do not compare this filler with the old-time unsatisfactory rubber or glue fillers. This filler has no rubber nor glue in it. That is the reason we can give a written guarantee with the filler that it will not change in any way for 100,000 miles of continual use if properly kept in the casings. Have Universal filler installed and save about $9 per cent on your casings.
