(By Associated Press.)  
CHICAGO, Sept. 28.—J. A. Greenberg, owner of several apartment houses announced a ten percent reduction effective next October 1st.

### FAIR PROGRAM STARTS OFF WELL

Good Weather on Opening Day Brings Out Large Crowd Spectators.

### MIMIC BATTLE STAGED

Great Interest in the Auto Show Which is Almost Twice As Large As Last Year—Aviators Participate in Entertainment.

SALEM, Sept. 27.—With Sol and Jupiter Sorenson, the "clear-up of storms," arriving just in time to onset the temperamental Plevius and his sprinkling can from the receiving line, Salem, be-flagged, benign, becoming, this morning welcomed thousands of visitors from every corner of the state to the 59th annual Oregon state fair.

Without question most of this year's exhibits and shows are of a quality unprecedented. The floral exhibit of this season was never matched in former years, a third more cars are in the automobile show, and the stock and poultry barns are jammed to capacity with thoroughbreds.

Much interest is manifested in the auto show where 126 different makes of cars are exhibited. Last year, when only 70 different types were displayed, the show was called one of the best ever offered in Oregon.

At mid-day crowds in the Salem business district were started by an aerial bombardment that lasted fifteen minutes and demonstrated that the American Legion "Battle of the Argonne" committee have a superior variety of fireworks at their command.

The bombs and torpedoes were fired from the roof of the U. S. National bank building. Flags of various nations were released at a considerable distance from terra firma, the banners being suspended from parachutes that opened as the bomb exploded in mid-air.

Eugene E. Selby, a local aviator, will fly at the fair grounds Tuesday and will take part in the mimic daylight aerial battle to be staged on the afternoon of that day.

The same daring feats that were executed by the late Omer Lockwood, widely known aviator, will be given here daily during the state fair by Francis Love, of Portland, he stated shortly after he had arrived in the city. Love made his landing in Salem by way of a 3000 foot nose dive, he said.

Love states that he will make parachute descents, drop from the plane to another and perform ladder stunts in the air. He has given exhibition work at the state fairs in Minnesota and Wisconsin, he said, and at the Elks' convention in Chicago. He came to Salem direct from Pendleton.

Mrs. B. W. Bates will leave Thursday for Los Angeles where she will remain for several weeks.

Mrs. Tom Ridgway, who has been visiting here at the home of her parents, Mr. and Mrs. W. J. Teater, left this afternoon for her home at Sutherlin.

Ollie L. Avery today brought suit for divorce against Leland B. Avery alleging desertion. They were married at Eugene on July 28, 1917. The plaintiff is represented by Attorney B. L. Eddy.

Mr. and Mrs. W. S. Goodman, of Looking Glass, have bought a house in Marshfield and will make their home in the Coos county metropolis.

Mrs. J. J. Scofield and son, E. E. Schofield, who have been in Roseburg for a couple of days looking for a location to build an apartment house, left today for Los Angeles. They will probably return to this city in the near future.

Mrs. C. W. Davis, of Salem, who has been visiting in Myrtle Creek with her father, John Hall, and in Roseburg with her sister, Mrs. A. C. Seely, left this afternoon for her home. She was accompanied by her father who will attend the state fair.

Mr. and Mrs. Terry Dunham, managers of the county home, will leave within the next few days by automobile for Cascadia where Mrs. Dunham expects to make an extended stay for the benefit of her health. Mr. Dunham will return to this city at once.

The committee in charge of the Aloha Dancing Club has announced through invitations to the club members their first dance of the season which will be given at the Maccabean hall, Monday evening, October 4, beginning at 8:30. These club dances have proven very popular in the past and the members are looking forward to many delightful events this winter.

"Billy" Clarke, the young boy who was released here by the police officials upon his promise to return to his home at Santa Rosa, Calif., has not arrived, according to word received from his mother. He was placed on the train here with his transportation furnished and evidently returned to "hobnobbing" before reaching his home. He was arrested here after he had broken into the Wilder & Agee store.

### 1919 BABY CROP SET NEW RECORD

Infant Mortality Rate Declined Encouragingly and Birth Rate Increased.

### STATISTICS ARE GIVEN

El Paso, Texas, Had Worst Showing With a Mortality Rate of 245 And Houston Was Numbered Among the Best.

By Associated Press.  
NEW YORK, Sept. 28.—America's baby crop in 1919 was a new record says the American Child Hygiene Association.

An annual preliminary report on vital statistics by that organization covering data from 269 cities with an aggregate population of 31,000,000 shows the infant mortality rate declined to the "encouraging" figure of 87 deaths per 1,000 babies, a saving of nearly 12,000 babies over the 1918 rate and 7,000 fewer deaths than in 1917.

In the cities covered by the report 680,000 births were recorded, while in the entire country it is estimated that there are 2,500,000 newcomers annually. All of these cities included have populations of 10,000 or more.

Tables seemed to thrive well in some of the larger cities where formerly the death rate was very high. Among the 24 cities of more than 250,000 population reported, ten were below the average for the 269 and the death rate for the group was 85, two points below the general average.

"Ten years ago," the report said, "it was the aim of many a department of health to see this rate fall below the 100 mark. In 1919 only four of the 24 larger cities were above it."

One of these was Pittsburg, the "Smoky City," where the rate was 115. Buffalo with 107, Kansas City, Mo. with 102 and Jersey City, N. J., with 102 were the others.

Houston, Texas, was the best baby raising grounds among the cities of more than 100,000 and less than 250,000 with a mark of 61. Berkeley, Calif., had a baby mortality rate of 44, while Brookline, Mass., with a population of less than 50,000, led all the rest with the healthy percentage of 40.

New York City registered 82, St. Louis scored 75, Los Angeles and San Francisco, 67 and 65 respectively, Minneapolis 61 and Seattle 54.

El Paso, Texas, had the worst showing with 245. Burlington, Vt., was next with 150. El Paso, however, is not in a birth registration area, the report stated.

### Carrier Wanted At Post Office

The Roseburg postoffice wants a substitute carrier for the delivery of parcel post and for such other work as the position requires.

### Son of Charles Neal Passes Away

John Wallace Neal, the two-year-old son of Mr. and Mrs. Charles Neal who reside on East Douglas street, passed away this morning following a short illness.

### Atty. Hermann In Portland Law Firm

Attorney Elbert B. Hermann, of this city, who moved to Portland a short time ago, has associated himself with the law firm of Geo. Estes and will hereafter be identified with him.

### MINERAL CASES HEARD.

Disputes arising over certain mineral claims in the Siskiyou mountains were officially aired this afternoon before W. F. Staley and W. M. H. Woodward, of the forestry service.

Mr. Staley represents the legal department and Mr. Woodward, the mineral department of the service. The hearing was held at the federal building.

Mr. Hermann is a son of Binzer Hermann, Oregon's veteran ex-congressman and ex-commissioner of the general land office. During the time Attorney General Geo. M. Brown was judicial district attorney in the second judicial district Mr. Hermann was deputy district attorney.
