

A Word of Appreciation

Having disposed of my jewelry interests in Roseburg, I wish to extend a word of sincere appreciation to all my friends and patrons whom it has been my pleasure to serve in the past. Now, having no store responsibilities, I will be free to devote my entire time exclusively to the optical work; and will therefore be in a position to render better optical service in the future than in the past.

Yours for better Eyesight,

AROUND THE TOWN

Don't forget the Hard Times dance at Winchester Saturday night, Oct. 2. Get enjoyment out of your auto rides by having Universal Filler installed in your tires.

R. E. Haworth of Drain, spent yesterday and today in Roseburg attending to business matters and visiting with friends.

Have you investigated the Universal Tire Filler? If not you better do so before you have more punctures and slowouts.

Mr. and Mrs. James Barchers, of Missouri, who arrived in Roseburg last night left this morning for California, where they expect to spend the winter.

Mrs. L. Rowe and son of Drain spent this morning in Roseburg attending to business matters, returning home on the afternoon train. Word was received here today to the effect that Charles Brockway, a former resident of this city was recently married in Phoenix, Ariz., where he now resides.

L. G. Feyen, special agent for the Hartford, Connecticut, is attending to business matters in this city connected with the local agents for the company, Rice and Rice.

Chief of Police Dave Shambrook is spending his vacation taking in the sights at the state fair. He is now in Salem having returned from a visit with his daughter in Washington.

Mrs. R. A. Huey has been quite ill for several days at her home on South Stephens street. Her condition is reported to be somewhat improved today.

Harry L. Mead, formerly of this city, who has been employed in the railroad yards at Portland, has been transferred back to this city and will be employed as switchman in the yards here for several months.

Down at the Ford Garage there is a man detailed to look after the gas customers, and with the new pump just installed all comes are quickly and efficiently taken care of. This is a feature that meets with approval by all customers of the Lockwood Motor Co.

Hoboes are again frequenting the railroad yards and "jungles" as they are making their annual pilgrimage south. The police department is following out the policy of keeping the transients away from the business section and up to the present time has succeeded in avoiding the petty thievery so prevalent in many other places.

Bill posters busily engaged in the task of billing the city with large one-sheet pictures of a nude woman, advertising a movie feature to be shown at the Liberty Saturday and Sunday, were stopped by the city officials. The advance agent of the film in question answered before the city recorder's court this afternoon and a hearing was granted him in which he stated his reasons why his posters should not be suppressed. It was not learned just what action was taken.
