**FAMOUS SPEAKER
 TO MAKE ADDRESS**

Montaville Flowers Will Be Here on Oct. 22 Says Announcement.

WELL KNOWN AUTHOR

Has Served in Five Presidential Campaigns as Speaker and Writer—One of Country's Foremost Orators.

Information was received here today by the Douglas county republican central committee to the effect that Hon. Montaville Flowers, of Los Angeles, California, will speak in this city on Friday, October 22.

Montaville Flowers discusses the issues of the campaign from the standpoint of a reliable publicist who for years has been recognized as an authority on national and international affairs.

His books on these subjects have had wide acceptance as sources of fact and as apostles of sound Americanism.

This is the fifth presidential campaign in which he has served the national republican committee as a writer and speaker. As a speaker he long has stood in the front rank of American orators. There are men who think profoundly—others who write well and others who speak acceptably—Mr. Flowers possesses in superlative degree all those qualifications, and the national committee has sent him to represent the party in its most important debates and speeches during this campaign.

His interview, "Impressions of Senator Harding," has been printed and widely distributed as the best short characterization of our candidate. The Union League club of Chicago was so impressed by his address there entitled, "To Preserve Us a Nation," that they have put it in pamphlet form for use among the workers in the campaign.

"The greatest political address since McKinley's time," was the verdict of 2500 men of the good roads convention at Lansing, Michigan, before whom Mr. Flowers talked at most two hours on September 12th. This verdict is reported everywhere. No finer, fuller, clearer exposition of the meaning of this campaign will be heard than that which Montaville Flowers is now giving. Democrats and republicans alike are benefited by it.

**Brazing Plant
 Makes Improvement**

Howard Calkins, of the Roseburg Welding and Brazing works, has completed the installation of an acetylene generating plant which he will use in connection with his work.

Local welding establishments have at several times throughout the past year been hindered in their work because of their inability to obtain shipments of acetylene gas. Mr. Calkins has now installed a plant whereby he can generate sufficient gas to supply several welding torches and will be in a position to do this work at all times.

**Committee Fights
 Vaccination Bill**

At a meeting held at the high school last night a committee consisting of Lorlene Conlee, Vivian Orent, Frances Humphrey, Irma Shields, Clinton Cameron and Burton Hutton was appointed to represent the student body in the handling of the yecuum course at the high school this season. The student body and music club are co-operating in bringing the yecuum course to Roseburg this year and the profits are to be given to the high school.

**Even Breath Is
 To "Be Tested"**

SEATTLE, Wash., Oct. 11.—An alcoholic breath will make its owner liable to appearance before a federal judge, provided prohibition agents and agents of the department of justice desire testimony from the owner—according to announcement today by Robert C. Saunders, district attorney.

The district attorney has discovered that section 39 of title II of the national prohibition act provides that no person shall be excused from appearing and testify to having had a drink of any alcoholic liquor in which he is believed to have imbibed. A ray of cheer is provided in the section, however, by the assurance that such persons shall not be subject to prosecution or penalty for taking the drink.

"I am wearied of filing informations against liquor law violators," said the district attorney this morning. "I will place all such matters before the grand jury, which will soon reconvene, and will have them question all such persons."

Instructions issued to the federal prohibition force Saturday mean that when hotels or roadhouses, or other places serving liquor are raided, the patrons will not be allowed to depart quietly, as heretofore, but will be detained, if necessary, as witnesses.

OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning! It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from back-ache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

SAN FRANCISCO, CALIF.—"I have used Dr. Pierce's remedies in my family for fifteen years and they have found on every occasion that they gave satisfactory results. Recently I was troubled with my kidneys and my back constantly pained me. I took three packages of Dr. Pierce's Anuric Tablets which removed all pain and cleared up conditions. I advise every one to give Dr. Pierce's remedies a fair trial."—Mrs. E. Eve, 422 Brannon Street.

W. J. Wright, of Dillard, who spent a few months this summer in the Fort Klamath country, is back home. He states the weather is getting pretty wintry east of the mountains.

**Arm Is Lacerated
 Caught by Wheel**

SUTHERLIN, Ore., Oct. 12.—Mrs. Dottie Newworthy sustained a badly lacerated forearm shortly after noon yesterday when the sleeve of her waist, caught in the gearing of an apple grader at the local plant of the Oregon Growers' association. Mrs. Newworthy, who was employed on the sorting table of the grader with a number of others, was reaching over to one of the carrier belts when the left sleeve of her waist caught in a gearing, drawing her arm into the cogs in an instant. Her screams attracted the attention of her co-workers, and as quickly as possible the power was thrown off and the machine stopped. As soon as the shirt sleeve was cut away and the arm released, the injured woman was taken to the office of Dr. Gallemore, who found that while the forearm had been badly lacerated no bones were broken.

**USE SLOAN'S TO
 WARD OFF PAIN**

You can just tell by its healthy, stimulating odor, that it is going to do you good

"I'm only had some Sloan's Liniment" How often you've said that! And then when the rheumatic twinge subsided—after hours of suffering—you forgot it! Don't do it again—get a bottle today and keep it handy for possible use tonight! A sudden attack may come—sciatica, lumbago, sore muscles, backache, stiff joints, neuralgia, the pains and aches resulting from exposure. You'll soon find warmth and relief in Sloan's, the liniment that penetrates without rubbing. Clean, economical. Three sizes—35c, 70c, \$1.40

**Committee to
 Handle Lyceum**

The Oregon committee for the protection of public health was formulated yesterday to fight the initiative measure known as the anti-compulsory vaccination measure. Representatives of the Oregon state board of health, city board of health, Oregon Tuberculosis association, Oregon Social Hygiene society, Portland Ministerial association, city, county and state medical societies and other organizations interested in public health and welfare, met yesterday at the Benson hotel in Portland to discuss the measure.

Plans were made for a systematic campaign against the bill, since the new association states that it considers the bill "not only a direct attack on smallpox vaccination, but an attack upon all other kinds of vaccination, inoculation and medication now used as a preventive of or a cure for communicable diseases."

W. M. Miller, adjustor for the North River Insurance company, is in this city adjusting the loss by fire of the automobile belonging to W. H. Davis, of Winchester. Rice & Rice, of this city, carried the insurance.

WHITNEY WARREN

Miss Verney and Miss Mollie Paul, formerly of Iowa, who have been making an extended visit with their brother, W. G. Paul, who resides near this city, left this morning for Los Angeles, where they expect to make their home.

Whitney Warren, designer of the Grand Central terminal and many large New York hotels, has received a cablegram from Gabriele d'Annunzio, saying he had been appointed American representative of the Fiume government. Mr. Warren is a champion of the Italian poet's cause, holding that Fiume should be conceded to Italy.
