

"You'll Always Find" says the Good Judge

That you get more genuine satisfaction at less cost when you use this class of tobacco.

A small chew lasts so much longer than a big chew of the ordinary kind. And the full, rich real tobacco taste gives a long lasting chewing satisfaction.

Any man who uses the Real Tobacco Chew will tell you that.

HER DAUGHTER AND HIS SON.

BY IDAH MCGLONE GIBSON

Kenneth Talks of Grace. "Well," I said bitterly, "It's all over now. And the love that my father had for the man who was not his husband, but who was my father's friend and dead as her heart—"

my lips to it. Oh, I guess she's all right even if she does nag a little bit in the morning. I felt my heart contract as the I had been struck a blow but said nothing, and soon Kenneth was deep in reveries of golden curls caressing the white throat of his sweetheart.

My thoughts returned to my own pressing problems. I don't know why but suddenly my loneliness seemed to me greater than I could bear, and dropping my head on my arms, I burst into sobs which I could not suppress.

My hair is silky now. Wildroot Liquid Shampoo is delightfully different. It is so easy to use—and it doesn't dry my hair as ordinary soap does, yet cleanses perfectly.

GOVERNOR JAMES M. COX.

JIMMY'S COAT.

Take a slant at Jimmy's coat, Tiger-striped, as you will note; Murphysque in lines and hue, Taggart-like in motif too.

How can he proclaim he's dry With this garb to shock the eye? Tailors wouldn't dare to put Such a thing on "Pussyfoot."

Jimmy's raiment harks us back To the festive racing track. Can't you hear the "bookies" shout And the whispers of the tout?

Needn't tell us where he's at— Wet or dry—his coat tells that. Bryan took one slant at it. Then his heart curled up and quit.

"PARTY FACES DISASTER"—GORE

Senator Thomas Gore, Democrat, of Oklahoma, who was defeated for re-nomination through the influence of the White House because of his opposition to the League of Nations, plainly indicates that he proposes to continue his fight upon the league.

OLD AND NEW COX SLOGANS.

Washington. — The following interesting interview with Governor James M. Cox of Ohio was published in the hotel column of the Washington Post four years ago—viz, on July 20, 1916: "Ohio is not the only state where the people are shouting the praises of the President for having preserved peace in the United States."

BACK PORCH CAMPAIGN TO BE BEGUN SOON BY WILSON

Washington. — Gradually being pushed to the rear by the progress of the canvass it is now announced that President Wilson is to wage a "Back Porch" campaign. The local evening papers announce this fact and say that the plan is being discussed by the Administration leaders.

HARDING TO THE FARMERS.

Senator Harding's speech to the farmers of the country, delivered at the Minnesota State Fair, is commendable not only for the subject matter and the constructive statesmanship which it contains, but for the calm and dignified tone which prevails throughout the entire address.

CANDIDATE COX, THE UNDIGNIFIED

By E. S. VAN ZILE

From the time of George Washington to the present moment it has been characteristic of the American people to demand dignity as an absolute essential quality in the make-up of a President. The instances have been so rare in which an occupant of the White House has forgotten the obligation he is under to the nation to maintain his pose under all circumstances that it requires close historical investigation to come upon them.

an aspirant for the Presidency, for the great physical and mental strain that he is undergoing. But there is a limit beyond which its patience and sympathy may safely be tried, and Governor Cox has repeatedly passed that limit. Of course, it may be too much to expect that a candidate who owes his nomination to the fact that he was the only one of many aspirants who was thoroughly a persons grata to men like Murphy, Nugent, Taggart and Brennan should possess that sensitiveness to the proprieties that has safeguarded the dignity of our Presidents as a class.

How We Care For Your Meat Cars

When you see a Swift Refrigerator Car going by in a train, it seems a simple thing that it should be carrying fresh meat up and down the country.

Like most of the packer activities which contribute to your welfare, you are so used to having this going on uninterruptedly, day in, day out, throughout the year, that you are likely to take it as a matter of course.

But it is not a matter of course. Every car you see going by means long hours of minute, scientific, painstaking care in preparation for what it is doing.

Every time a car comes in it is washed out thoroughly with scalding water. If any taint, any foreign matter, were present, this would get rid of it.

Then the meat is hung on the sterilized hooks and the load of food is ready for its journey. It arrives as it leaves, clean, fresh, wholesome, appetizing; and your meat supply goes on unaffected by seasons or weather.

This is only a part of the service which Swift & Company furnishes, at a profit to itself so small—averaging a fraction of a cent per pound on all products over a period of years—that if the profit were handed on to the consumer, it would make a difference of less than a nickel a week in the meat bill of the average American family.
