

# Children's Eyes Should Be Examined!

YOU should know whether your children's eyes are normal, whether they see near and distant objects perfectly and whether school work and reading have strained their eyes. Poor eyesight will hold back their progress and make them seem dull. Do not let them be handicapped with poor vision, when a properly fitted pair of glasses will give them relief and make them on par with the others. We are fully equipped for examining eyes and fitting glasses.

### SUPPORT IS URGED.

The trustees of the Roseburg and Douglas County Merchants association do most urgently request all members and merchants of the city to lend their support to the Land Products Show now being held at the state armory.

This county undertaking should have the interest of every one, every merchant should attend and urge his employees and patrons to view this well-displayed Douglas county agricultural and stock exhibit. The attendance and support given this first effort will stimulate interest in the next year's efforts and it is hoped you will not fail in this respect.

KLAMATH FALLS, Or., Oct. 20.— Two masked and armed men entered the Shippington poolroom at Shippington, a sawmill suburb, last night at 11 o'clock, held up a crowd of 35 patrons and escaped with loot variously estimated at between \$700 and \$1200.
