Legion Post is Preparing For Big Event on the 11th of November.

# PARADE IS BIG FEATURE

At Meeting Last Night Final Plans Were Laid for Celebration Which Will Be One of Best Roseburg Has Ever Witnessed.

At a meeting of Umpqua post of the American Legion, held last night the additional touches were put on the Armistice Day program to be held on Nov. 11, at which time the local post will arrange one of the best celebrations Roseburg has ever had. The committee in charge of the celebration has been doing fine work and the prospects are exceedingly good. The Legion started early to arrange for this event, and the executive men feel that they will have a celebration well worth attendance of all residents of Douglas county. The post has endeavored to keep away from a money making celebration. There will be no soliciting on the part of the Legion from business men or residents of the city, and although many people of Roseburg have voluntarily offered their aid, help and assistance in a financial way, the committee desired, while Mayor Hamilton has graciously offered the Legion the full co-operation of the city government. For this the post is very grateful and hopes it will be able to give the people of the city and county the best entertainment that is possible with the limited means which the post command.

BERLIN, Oct. 27.—Hard times in Germany, marked by high prices and depreciated money values, unemployment and industrial reorganization have forced readjustments in universities and public and private schools which, the newspapers say, will mean that many professors, lecturers and private instructors either will be thrown out of work or compelled by the low salaries to seek employment in other countries. In some papers it is suggested that "perhaps the hard times are not alone responsible for the attitude the professors have assumed for it is known that they are keenly sensible of the outrageous times and their loss of dignity," under the republic.
