

CLASS ENTERTAINED.

Mrs. D. E. Carr last night entertained the members of the Loyal Circle class of the Christian Sunday school. The party was held at the home of Mrs. Carr, which was decorated in true Halloween style. Enjoyable games were played until a late hour, when refreshments were served.

Now is the time to buy your spotlight—we have several different kinds, \$5.50 up. Ford Garage.

ELKTON NEWS NOTES

Arnold Cheever purchased a new Overland Car recently.

The young son of Mr. C. M. Young is recovering from the scarletina.

Yesterday Miss Smith, the county nurse held a meeting at the church. Several high school girls attended, also quite a few ladies from around the town. These meetings held every Tuesday by Miss Smith, should be attended by every woman within the reach of Elkton.

Maud Gorselline will leave for Portland soon where she will attend school.

Mr. W. G. Grubbe and daughter Alberta, as well as Mrs. Grubbe, have moved to Albany where they will make their future home.

Mr. H. A. Taylor has purchased a Chevrolet car. A gentleman travelling through Elkton with a car which was almost new, but as the roads were so bad, he decided to sell. He asked \$400 but Mr. Taylor offered \$250, and at last sooner than risk trying such roads again, the man decided to sell. Mr. Taylor is to be congratulated on his good buy.

Francis Mack and wife will reside on the Daris Wells place now that they have moved from the Walter Haines ranch, where Mr. and Mrs. Carter will live.

The robbery of the Scottsburg post office has caused quite a little excitement in this community.

Bob Lowe and Grant Wilde, residents of Portland, are visiting at the home of A. B. Haines.

Basket ball is the chief sport at the high school these days.

Many farmers near Elkton can be seen plowing their fields this fine weather we are having.

Mr. Shortridge passed through here yesterday on his way to Looking Glass where he has purchased a large farm.

Mr. Franklin has moved his store building to his lot between the post office and the blacksmith shop. We understand he will put in a stock of goods. This will add one more to the business firms of our little town.

Paul Levenhager has finished the sawing of lumber on the Sawyer place and will soon begin to saw in Elkton. X X

GLENDALE NEWS.

Election day approaching, and as we scan the names of our standard bearers and look very carefully over their opponents, we approach the contest with that keen delight a warrior feels to meet a worthy of their steel. All are men of dignity and intelligence, all loving and honoring in loyalty our priceless, time-honored flag. Let us carefully vote the principles that will safeguard Americanism and uphold the sacred tenets of our constitution and perpetuate the principles for which our forefathers fought, bled, and died to bequeath to us. Each one of us have freedom to decide for ourselves as to choice. We shall take pleasure in writing in the name of George M. Brown on our ballot, whom we know is well qualified to fill the high position he is now holding by appointment.

Mr. and Mrs. George Carter and their children left on Tuesday for their home in California.

Miss Lillian Vandervoort, after a visit at her home at Yoncalla and attending the institute at Roseburg, is again on duty at the Wilson school house.

Mr. and Mrs. O. P. Harvey returned last week from a visit at Baker with their son and family, Mr. and Mrs. Lloyd Harvey.

A. G. Hamilton, of Reuben, was a city visitor yesterday.

Mr. and Mrs. George Beedle have arrived at the home of Mrs. Beedle's parents in Michigan. They will leave for their permanent home in Chicago after Thanksgiving. He will assume the duties of his office December 1.

The editor of the Glendale News says he is busy this week. Well, so are we. But next week we can read election returns and reflect on the uncertainty of political aspirations.

Glendale is to have a city election, and just how many tickets will be in the field we are not informed. It is OUR city. It is prospering along all lines of industry and trade, and we are ready to further its greater development in every way possible. It is conceded to be the best town of its size in southern Oregon. THE STORE THAT IS MAKING PRICES LOWER

"Capital and Industry--Keep Out!"

WOULD YOU, AS A PATRIOTIC CITIZEN OF OREGON, PLACE SUCH A SIGN ON THE BORDERS OF THE STATE?

That is exactly what you will help to do if you do nothing to prevent the passage of measure No. 214 and 215 on the November ballot entitled, "Constitutional Amendment Fixing Legal Rate of Interest in Oregon."

This measure proposes to limit the rate of interest in Oregon to 5 per cent. You can, by law, fix the rate of interest in Oregon, but you cannot, by law, force the loaning of money in this state, when a much higher rate can be secured elsewhere. The passage of this measure would force the withdrawal of the millions of foreign capital which is today loaned on factories, business and real estate and send your local money owners outside of the state to better investments.

Passage of this measure would mean foreclosure of thousands of mortgages; would result in financial paralysis, and would mean widespread unemployment.

You, no doubt understand the viciousness of this measure, but have you talked to your neighbors and friends about it? We urge you to do everything you can to defeat this measure. Oregon's reputation as a sound state for investment requires that this measure be overwhelmingly defeated.

FREE SCHOLARSHIP WITH PROGRESSIVE SERIES PIANO COURSES.

You want the utmost possible for every dollar you spend for your child's musical education. You will get it in the Progressive Series of Piano Lessons, because:

1. It teaches the Principles of music clearly and simply, and contains the Vital Facts with all frills and extras omitted; therefore, the Pupil learns to play correctly in a shorter time than is otherwise possible.
2. The pupil learns more from the Progressive Series. He is shown how to play with Expression and Feeling. After he has studied the Progressive Series he knows how to produce music that is enjoyable. People like the playing of Progressive Series pupils.

The money you spend on the Progressive Series of Piano Lessons will, therefore, give you the biggest returns. With it your child learns faster, and learns more. You will be surprised to know that the cost is no greater than that of any other material necessary for the pupil to make the same advancement.

A number of the leading Musical and Educational Institutions of the country now accept our Certificates as to work accomplished by our pupils and on entrance into their schools place the pupils in the succeeding grade without examination.

All pupils who enroll in the High School Normal Course are entitled, upon completion of the course, to a Scholarship for a Personal Normal Course of instruction in any Conservatory or University, upon the Art Publication Society's list of those authorized to give same.

WHAT THE PROGRESSIVE SERIES IS.

The Progressive Series of Piano Lessons is a complete text work for piano study, arranged in accordance with approved teaching principles.

The series consists of printed Lessons and Exercises, Studies and Compositions, with instructive annotations.

The Lessons treat the twenty-two subjects embraced in the theory of music, in connection with the principles of piano playing, as is done in a thorough conservatory course.

The Exercises, invented by master pianists, produce the greatest proficiency in technic with the least amount of practice.

The Studies are selected from the best in existence and develop the greatest amount of skill in interpretation. They are thoroughly annotated so that the student has instruction on how to analyze and practice, ever before him.

The Compositions represent eighty-five standard composers and include the finest examples of classic, romantic and modern schools, and a series of Educational Adaptations for the piano in easy grades by Godowsky. These Adaptations afford an opportunity for the piano student, at the earliest stage of his development, to become acquainted with the best orchestral and chamber music, the favorite songs and operas, the noblest sacred music, and characteristic dance and folk tunes of different nations. There is thus open to him at this early period a vast field of knowledge, which has heretofore been accessible only to the advanced musician of broad culture and experience.

The Compositions also have the following educational information: Biographical sketch of the Composer; Poetic Idea; Form and Structure; Harmonic Analysis; Instruction on how to study; Glossary and General Information.

As these annotations are written by the foremost living authorities, their value to the student is incalculable.

WHAT THE PROGRESSIVE SERIES DOES

- It saves time and expense.
- It saves the drudgery of unintelligent practice.
- It saves endless repetition of oral instruction.
- It develops the intellect.
- It aids in memorizing.
- It perfects technic.
- It insures correct interpretation.
- It gives the student the proper understanding of the laws of music, their relation to each other, and their practical application.
- It enables the teacher to impart more knowledge in a given time, and the pupil to receive more.

All education in the public schools is based on text books. The Progressive Series is a text for education in music. It enables the school authorities and parents to always know the exact standing of the student.

It is the only text work that enables the private piano teacher, high school, conservatory and university to work in perfect harmony with each other.

It has been adopted by several thousand private teachers and conservatories (many of them of national, and some of international reputation), and it is recognized for credits by a number of the leading high schools, colleges and universities throughout the country.

Only teachers who have passed the required examinations are permitted to teach it. The student is therefore assured efficient instruction. A number of prominent conservatories honor certificates issued by Progressive Series teachers. Students presenting these certificates are allowed full credit for work done, without examination.

IS YOUR TEACHER A PROGRESSIVE SERIES TEACHER?
