INN KEEPER SLAIN BY PROHI RAIDER

Methodist Minister Is In Jail As a Result of Shooting Saturday Morning.

RUMOR MOB VIOLENCE

Rev. Spracklin is Spirited Away From Jail When News Arrives That Friends of Murdered Man Seek Revenge.

By Associated Press.

WINDSOR, Ont., Nov. 8.—Rev. J. L. Spracklin, Methodist minister and prohibition enforcement leader, is in jail following the slaying of Beverly Trumble in a raid on the latter's inn Saturday morning. He was spirited out of Chatham, Ontario, when officers heard rumors that violence was planned by certain friends of Trumble.

The minister submitted his testimony at the inquest. The inquest was adjourned Sunday morning pending search for a man known as "Ed Smith," into whose arms Trumble is said to have fallen after he was shot. Smith's testimony as to whether Trumble was armed is desired.

Trumble was killed in his hotel early Saturday while Spracklin and other prohibition agents were raiding the place. Spracklin testified at the inquest that he shot in self-defense, asserting Trumble had pressed the muzzle of a revolver against his stomach.

He also asserted his men had been assaulted by Trumble and guests in the hotel, and that Trumble had threatened to kill him. Mrs. Trumble, wife of the slain man, testified her husband was not armed. Members of Methodist churches in the border cities today pledged funds for Spracklin's defense if he is brought to trial.

Riots in Ireland.

BELFAST, Nov. 7.—Wild scenes were witnessed in Londonderry Saturday as a sequel to a sensational ambush of policemen there.

Five policemen were shot, two so seriously they are not expected to recover. Two shops were burned and several others wrecked. All the property belonged to Sinn Feiners.

The attack on the policemen was directed against the officers who were guarding the customs house and a brisk exchange of shots followed.

The fray occurred at 9 p. m. in a busy neighborhood and so terrified the crowds that they fled homeward in a panic. Afterward the police and military raided a large section of the city, searching everyone they found outdoors and invading and searching numerous houses.

Hostile Crowd Assembles.

Later a hostile crowd assembled in Waterloo square, a Sinn Fein thoroughfare. They were dispersed by the military. Even after the curfew hour, there was almost unceasing revolver and rifle fire for two hours or more, with occasional sounds like the explosion of bombs.

A number of armed men passed along William street, smashing shop windows with the butt end of their rifles, destroying the lamps on the electric standards by rifle fire and plunging the whole street into darkness. Two premises were set on fire, one a garage. A number of animals were burned to death and the motor cars in the garage destroyed.

Many persons left their houses and passed the night in distant parts of the city. Two wounded policemen were found in Foyles street.

The meeting begins at 2:30 p. m. Every person in Douglas county interested in agriculture is invited to be present and hear these two men tell of the work of the Farm Bureau.

Pears Bring an Average of $7.09

MEDFORD, Nov. 8.—An average of $7.09 a box for extra fancy Bosc pears, and an average of $6.29 a box for fancy Bosc was received by the Oregon Growers' Co-operative association from a sale made in New York November 2, according to a report just issued by the association.

The total amount received for the car lot was $33,303.00. The higher figure was received for 67 boxes of the extra fancy, and the $6.29 for the 465 boxes of fancy.

The car lot was shipped from Medford September 2 and held by the association in cold storage until heavy supplies were off the market and conditions favorable for a sale.

In view of the fact that about 35 per cent of the car ran 165's and as breaking the high price record for Bosc. The association has been working hard on Winter Nelis pears, but the sales department has been under a handicap on account of the extremely small sizes.

IN THE HOSPITAL.

R. B. Perkins, of Roseburg, Oregon, a former Boone county resident, who has been visiting relatives here, has gone to the Methodist hospital, Indianapolis, for medical treatment. His condition at the present time is good.

Mr. Perkins writes that he has recently received a box of choice apples and pears from Charles Lerry, who is the Umpqua valley apple broker of Roseburg. The Umpqua valley, which is in the southern part of Oregon, is noted for its fine flavored apples and pears, and ships hundreds of barrels of them east each year.

Mr. Perkins, who moved from Boone county to Oregon in 1905, states that he intends to return to the Umpqua valley by motor next spring.—Lebanon (Ind.) News.

Stolen Auto Found Stuck In Mud

An auto belonging to George Thomas, of Oak creek, was stolen on Saturday evening from in front of the Elks' building on Jackson street. Mr. Thomas had parked his car there while attending the show at the Antlers theater, and upon leaving the theater found the machine missing. The officers were immediately notified and yesterday morning the auto was found stuck in the mud at the end of Stephens street. Residents of that district reported having seen three young men endeavoring to release the auto from the mud, but it was too dark to identify any of them. About $30 worth of groceries placed in the car by Mr. Thomas were not touched, the car evidently having been stolen by a party of joy riders.

Alleged Thief Is Brought to City

C. A. N. Dilley was brought to this city last night from Eugene, charged with the theft of a gun and watch from Ed Bright, of Gardiner. Dilley was arrested in Eugene and when taken into custody had the watch upon his person. He stated that he had pawned the rifle at Reedsport. His case was taken before the grand jury today and an indictment will probably be returned against him.

Soccer Football Adopted Here

At a meeting of the high school student body held Friday afternoon it was decided to adopt soccer football as a winter sport at the high school this year. This sport has never been tried in Roseburg up to this time, but those who have studied its possibilities are enthusiastic concerning it. Many of the smaller schools in the county, including Riddle and Myrtle Creek, have adopted it for the year, and have asked Roseburg for games. Practice is to be held in the gymnasium soon and teams are to be chosen. The sport is primarily for those who do not play basketball in the winter. Inter-class basketball practice is beginning this week and the first game of the series will be played Friday.

NON-PARTISANS CLAIM BIG GAIN

Polled Over Three Million Votes In Nine States at 1920 Election.

MORE THAN EXPECTED

League President Refuses to Issue a Statement on the Victories and Losses Made in the Different States.

By Associated Press.

MINNEAPOLIS, Nov. 8.—The results of the election are construed as a "remarkable gain" for the National Non-Partisan league, in a statement made today to the Associated Press by Oliver S. Morris, director of the league's publicity. "The league's candidates polled more than three million votes in 1920 in nine states," he said. "That is more than three times the vote tof two years ago and is a remarkable gain in a republican landslide year."

League President Silent.

FARGO, N. D., Nov. 8.—A. C. Townley, president of the Non-Partison league, had no statement to make regarding the successes and defeats which the league met in various states during the election, he said. "I prefer to do my work and let the results talk for themselves," said Townley.

CONGRESS TO MEET ON DECEMBER 6

Will Be the Last and Third Session of the Sixty-six Congress.

CONVENES FOR 70 DAYS

Will Adjourn in Time for the Presidential Inauguration and Turn Over the Helm to the New Administration.

WASHINGTON, Nov. 8.—The next session of congress, which meets December 6th, and which will be the last and third session of the sixty-sixth congress, will last only until the inauguration of the new president, March 4th next, when the session will expire by limitation of law. Including the Christmas holidays, which nearly always last ten days, the next session will have less than 70 working days. It will readily be seen from this limited time that the December sessionwill not be able to enact much legislation. It will do well to pass the fourteen big annual appropriation bills, and adjourn in time for the presidential inauguration.

There is another thing, besides lack of time, which will prevent much, if any, new legislation in the December session will not be able to gress and a new president will take the helm after March 4, there will be a general desire on the part of all congressmen to defer important legislation until the new president make his desires known and until the new members of congress, of which there will be many, can participate in national legislation.

The first session of the sixty-seventh congress will be a special session called by the new president soon after his inauguration next March. This session will last a long time, and may even run into the December session of congress, 1921. At this special session all the vast reconstruction problems of the new administration will have to be considered and solved, and it will take months to do that. The last session of congress did not really have time to grapple with reconstruction problems and neither will the December session. Reconstruction will be effected in the special session of the new congress. These problems are as gigantic and important as those which confronted the federal government at the beginning of the world war.

Though the December session will not have time to take up the problems of government, nevertheless there are two matters of legislation besides the appropriations bills which that session will endeavor to put through. One of them is revision of the tax laws, and some sort of relief from the housing situation which has grown serious in nearly every urban community in the whole country.

An effort will be made in December to completely revise the income tax laws, but because of the lack of time in that session, it is doubtful if any new tax bill can be enacted into law. Both democratic and republican leaders are very anxious to have the tax laws, particularly the income

CELEBRATE WITH THE BOYS ARMISTICE DAY

Armistice Dance To be Joy Event

The Armistice night dance sponsored by the American Legion will not be a dress affair and the boys state that you can appear in blue denims if so desired. The main idea of the closing feature of the day is to provide a good time for all. The Jazz-O-Four orchestra, composed of ex-service men will furnish the music, and have received a bunch of the latest music hits for introduction on that evening. A cordial invitation has been issued to everyone in and out of Douglas county to attend and it is thought that the state armory will be crowded to capacity.

Says Dutch Queen Assisted Wilhelm

THE HAGUE, —The often repeated and often denied statement that the former German emperor William came to Holland with the pre-arranged consent of the Dutch Queen Wilhelmina, is now made by one of the former German officers, Lieut. Count Detlf Moltke, who says that he himself accompanied the emperor from Spa to Amerongen.

Moltke's article in the Journal of the National Fund of German soldiers, reprinted in the Dutch press, says that the Dutch Council in Brussels, warned his government on the night of November 10, 1918, of the plan, and the emperor, by telegraph, asked permission of the Queen to enter her country.

On arrival in Holland William was informed that the Queen had put Bentnicks castle at his disposal.

WANT FLAG DISPLAY ON ARMISTICE DAY

Legion Post Desires Every Home and Business House Show Colors.

ALL SET FOR BIG EVENT

Joy Demonstration in the Morning Will Be One of Main Features of The Day and Many Surprises Are to Be Sprung All Day.

"Every home in Roseburg should show a flag on Armistice Day, and a flag should fly from every auto," said exCaptain W. K. Wright, who has charge of the Armistice Day program for the local American Legion post. "Armistice Day is a day on which we celebrate the victory of our fighting forces over the greatest enemy the nation has ever been called upon to face. It is a great patriotic day, and should be observed by a liberal display of flags.

"It is the desire of the Legion post of Roseburg that every home show a flag on this day, and that there be a flag on every auto. The legion is counting on this and no other decorations for the city are planned. A Flag in every store window, a flag in every home, and a flag on every auto will greatly aid in displaying the partiotic spirit on Armistice Day."

The committee also desires all persons who will enter autos in the morning parade, which takes place at 10 o'clock, to have their cars at the armory a few minutes before that time. It is hoped that there will be a large number of autos on hand for this parade. The Legion committee is not out soliciting cars from anyone except Legion members. They are depending upon the auto owners of the city to put their machines in this parade without any special and individual invitation. No decorations are needed, although the cars can be decorated if the owners so desire. The parade is open to all and all autos are wanted. A number of autos will be needed for the members of the G. A. R. and W. R. C., who are to be given a place of honor in the parade.

The program for the day starts at 9 o'clock, sharp. The start will be a gigantic noise celebration, such as Roseburg has never had before. The committee having this in charge is headed by Charles Springer, and a number of unique events have been arranged. In this connection the local post is greatly indebted to Mr. D. E. Carr of Carr's Variety Store, for the donation of a noise maker which will shake the town when the proper time comes. This gift from Mr. Carr is greatly appreciated, and it will be a feature in the celebration. Everyone should be on the street by 9 o'clock and assist in the staging of this big joy demonstration. Tin horns, Cowbells, Razzers, anything that will make a noise, is in order. Dragging cans, washboilers or other such things behind automobiles are forbidden on account of the danger to pedestrians, but for the one hour, between 9 and 10, mufflers may be cut out if desired, and Klaxons and auto horns should be worked overtime.

The noise will start promptly at 9, the signal for the demonstration to be given by the fire whistle. Every engine whistle and bell will be added to the din, and it is understood that the railroad employees at the yards have a few surprises of their own to spring during the one hour of the celebration. Mr. L. B. Moore has agreed to take charge of the details of noise making in the local yards, and says that everything in the city will be turned loose on that day.

The whistles will keep up the commotion intermittently throughout the entire hour, and there will be no use trying to sleep, so the best way to do is to be uptown when the big noise barrage starts and play a part in the hullaballoo.

The parade will be at 10 o'clock, and it is desired that this feature be started promptly on time. No delays are to be allowed, as the program calls for a full day of events and any waits will crowd upon the time allowed for other features.

The community sings at the armory are also to be pleasing events. This part of the program is in the charge of the Roseburg Music Club, and sings will be held prior to and following the speaking at the armory and again preceding the dance in the evening.
