Arizona Gov. Proclaims Friendship

NOGALES, Ariz., Dec. 1.—Governor Thomas E. Campbell of Arizona, today delivered to Alvaro Obregon on his inauguration as president of Mexico, an executive proclamation of friendship and good will from the chief executive of this state and the people thereof to the new chief executive and people of Mexico.
Delivery of the proclamation was made for Governor Campbell by his personal representative at the inauguration, Col. William A. Thompson of Phoenix, Arizona, who traveled to the Mexican capital city on the "Oregon Home Folks Inaugural Special," arranged by the chambers of commerce of Nogales, Ariz., and Nogales, Sonora, the home of Obregon.
The proclamation follows:
To General Alvaro Obregon, president of the Republic of Mexico, and to the Mexican people.
Giant Sea Wall Nears Completion

Giant Sea Wall Nears Completion

GALVESTON, Texas, Dec. 1.—The east end extension to Galveston's Great sea wall will be completed by August 1, 1923, according to Major L. M. Adams, U. S. A. engineer, who is in charge of the work. To date 9,110 feet have been constructed, while about 1,200 feet remain yet to be built. The project is being built at the expense of the government. Comparative figures for original wall, and the extension now under the course of construction, show that post-war conditions have laid an almost prohibitive hand upon great engineering projects.
To complete the east end extension, the rivers and harbors committee at Washington has been asked to appropriate \$1,500,000. The original sea wall—approximately 5 miles in length—built after the disastrous storm of 1900, in which thousands of persons lost their lives and millions of dollars worth of property destroyed, cost only \$2,000,000.
The government extension, as is also the wall completed in 1904, is 17 feet above the mean low tide and roughly 1.5 feet above the high water mark of the 1900 storm. It is five feet at its crest, with a base of 16 feet, sloping toward the gulf. On the landward side the wall is banked with earth, over which has been built Galveston's famous "Seawall Boulevard," while huge granite boulders protect the foundation of the wall from erosion of the waves.

Mrs. Vess Jones left this morning for Medford where she will join her husband who is attending to business matters in that city. Mr. and Mrs. Jones reside in Texas.
