MRS. STEVENS SAYS SHE HAD HER DOUBTS

After Ten Years of Suffering, Los Angeles Woman Was Beginning to Think She Would Never Recover.

"The way Tanlac has restored my health is simply wonderful, and I am glad of the opportunity to tell everybody about this grand medicine," said Mrs. G. F. Stevens, of 3920 South Harvard Boulevard, Los Angeles, Cal.

"For at least ten years my stomach had troubled me and for several years my health had been poor. I suffered terribly from indigestion and even the lightest of foods would cause gas to form on my stomach, which at times would press up around my heart and cause such a shortness of breath I could hardly stand it. I became so weak and nervous that the least little noise would upset me so I couldn't get a good night's rest. I just had that tired, worn out feeling all the time, I lost interest in everything and for days at a time was unable to do my housework.

"I had tried so many different treatments and medicines, and had spent so much money without getting relief, that I had by doubts about ever finding anything to help me. I read about Tanlac in the papers and decided to try it myself. I am now feeling just a new woman. I started improving with the first few doses and now I can eat anything I want without even a sign of indigestion or trouble with my stomach. I sleep like a child every night and feel fine all the time. That worn out feeling has left me and I have been built up until my housework is now a pleasure. Tanlac has certainly been a blessing to me and I will always praise and recommeend it to everyone."

Tanlac is sold in Roseburg by W. F. Chapman; in Dixonville by Thos. Hatfield and by leading druggists everywhere.

JERRY JETER SCORES BULLS-EYE IN SERMON ON "THE WITHERED HAND" AT REVIVAL IN OLD ARMORY.

Jerry Jeter struck twelve last night in his sermon in the old armory, on the "Withered Hand."

He said in part:

"A withered hand is no better than a dead hand; there is nothing you can do with it. You may be the greatest genius the world ever saw, but if your hands are withered you would be greatly handicapped in the expression of that genius. Most things you see are the expression of thought, but if we had our hands to form and shape that thought, the world would never know what was in our minds. Thousands of things man would like to do, but he could not take hold of any of them.

Importance of the Hand.

"The hand is the most useful member of the human body. No matter what you bid it do, it will do it, whether you tell it to do right or wrong. Your hand will double up into a war club and strike your best friend or grasp another hand in a friendly 'how-do-you-do?' If you tell it to do it, it will hold the pistol or the knife to slay the best friend in the world. It will rock the cradle of a sleeping babe. The ship on which Columbus sailed and found a new world was built by the hand. It built the battleships, submarines, laid the first cable, builds skyscrapers, railroads, your own 'Home Sweet Home.' The hand wrote the Bible; the Declaration of Independence. I think the Lord was watching over Thomas Jefferson when he did that job. The hand made the telescope that causes the eye to go leaping from star to star, from planet to planet, and tells us to the minute when the eclipse of the sun will take place a thousand years hence. It is the hand that touches the keys to set the type that sets in shape your thoughts upon paper.

Christ's Propositions.

"Jesus walked into the church one day and saw a man sitting by, whose right hand was withered, and commanded the man to stand and stretch forth that dead hand. Jesus even put propositions to dead people. A lady said to me once: 'I do not believe in propositions.' I said, 'Are you a married lady?' and she replied that she was. 'Then,' I said, 'a proposition was either put to you by your husband and you said 'yes,' or you made one to him and he said 'yes.' She looked guilty. A few nights afterwards, I saw her accept the proposition.

"That man accepted the proposition made by Christ, and his arm was made as whole as the other.

"David withered up his hand by committing murder. We wither up ours by hatred, malice, etc. The planet Mars is 35,500,000 miles from the earth, and we have many people who are interested in carrying on a conversation with the natives of that planet, who will not speak to their next door neighbor."

The crowd last night was almost as large as that of Sunday night.

Mrs. Jeter is giving daily Bible reading at 3 p. m., and her young people's service at 7:15 are gathering crowds of the young.

Mr. Jeter is painting and cartooning every night. His subject tonight will be, "The Devil." Mr. Jeter says he will be full of his subject.

MEETINGS WELL ATTENDED.

The farm bureau meeting at Perdue yesterday was well attended and great interest was shown in the program for the future. George A. Mansfield, president of the state bureau was present and made a short talk. A meeting was held at Garden Valley today. The Annual Farm Bureau meeting will be held in this city on January 8, and will be an all day affair. Arrangements are being made for a banquet at noon. George Mansfield will be present and will make the principal address of the day.

SERVICES AT GLIDE.

There will be services at the Glide church Sunday, December 12th, at 11 a. m., also at 2 p. m. in the afternoon. The pastor will speak at both services. J. H. Dickson.

Fisher's

"Blend's Mah Friend"

BLEND BRAND FLOUR

Fisher's Blend Flour for every purpose.

To make a flour which is just as good for cakes and pies as for bread, choicest eastern hard wheat and the choicest of western wheats must be brought together in proper proportions, and those proportions remain uniform. The western wheats and the eastern hard wheat must be tempered separately and then ground in separate mills.

We have mills where our hard wheat is ground; mills where our western wheats are ground. The flours from these two distinct grindings must then be scientifically blended. For that purpose we have equipment which we believe to be superior to that of any other flouring mills in the country.

Fisher's Blend Flour is the product of this scientific milling.

That same *Fisher* quality which distinguishes *Fisher's Blend Flour* is duplicated in *Fisher's Rolled Oats, Fisher's Pancake Flour* and *Fisher's Granulated Wheat Berries*. Your dealer will supply you gladly.

Manufactured in America's Finest Flouring Mills.
