A Gift to the American People

The Ford cut in prices September 23rd was the greatest single gift ever made to the American people. It totalled over \$140,000,000. It was a cut to the bottom, below present cost of production—on the one car which has become a universal necessity.

The Ford Sedan was cut to the lowest price ever quoted. That price is uniform everywhere—fixed by the Ford Motor Company even to the amount of freight to be paid. All Ford dealers must sell at the price fixed by Mr. Ford himself. That is your protection wherever you buy a Ford car.

Get your share of this great gift at this Christmas time. Take advantage of this present price basis. Arrange today to have a Ford Sedan delivered to your home Christmas morning. Pay in monthly installments if you desire.
