MAZOLA

No smoke in your kitchen

MAZOLA does not smoke up your kitchen when frying—as do lard and compounds.

Besides its economy, Mazola is more readily digested than any hard fat.

It is a pure vegetable fat and absorbs no odors nor flavors from the foods fried in it. It can be used over and over again; even after frying fish. Merely strain, and it is fresh as just bought.

Once you try Mazola you will prefer it to lard and compounds.
