FROM ONE WHO KNOWS.

Portland, Ore., Nov. 2, 1920.
Universal Tire Filler Co.,
441 Hawthorne Ave.,
Portland, Ore.

Dear Sir:
Enclosed find check for last new tires. Thanking you for same. Am more than pleased with the filler. I had it installed in my Dodge car in early 1918. Have been running on it ever since. My car is in perfect condition in every way. Rides much easier with filler than air, and not one-fourth expenses I had when driving on air. Am getting over 10,000 miles out of my 5000 mile U. S. chain tires.

I can truthfully say that the stories I had been told about my car breaking and the filler rotting tires is absolutely false. I also used it in a Ford car before installing it in the Dodge. Would not take \$100 each for the filler if I could not replace same. I hope others will get wise to the garage man's, tire salesman's and vulcanizer's false reports.

Thanking you for your kind favors in the past, I am,
Very respectfully,
(Signed) J. A. MORRISON.
939 Glenn Ave. N.

Get wise and have your tires filled at the local filler station, cor. Oak and Rose, thereby saving money and preventing puncture and blowout troubles.
