Work on Cut-off Road Progresses

Ed Renfro, of Tiller, came to the city last night with a load of turkeys which he sold on the local market. He reports the road between Roseburg and Tiller to be in very good condition. Work on the cut-off, he says, is going forward at a good rate. A large crew of men are engaged in doing rock work and pushing the grading as rapidly as possible. It is the expectation of those in charge of the work that the road will be opened as a detour route in order to carry the Pacific Highway travel about July 1. The work beyond Drew is expected to start within a few days. It is expected that the Grants Pass will be closed about the highway between Roseburg and first of July while the highway is being paved. Mr. Renfro returned to Tiller this morning.

American Legion Meeting Tonight

"Coffee and slinkers" is the watchword for the meeting of Umpqua post of the American Legion at the G. A. R. rooms tonight. Not only will the old time "Salvation Army chow" be served, but the Gook Committee announces today that three fine up-to-the-minute glove fests have been arranged for the evening. The "love matches" scheduled are "Slam 'em around" Cedarhurst vs. "Kandy Kid" Black, "Farmer" Diddel of Riddle, vs. "Standard Oil Steve" Stephenson, and two featherweights of local origin. The entire meeting promises to be a real snappy time and all ex-service men are invited to be in attendance. The bonus question will be discussed from every angle and the spellbinders of the organization are said to be in fighting trim. The meeting will be called promptly at eight o'clock and those sneaking in late will likely be forced to forfeit their share of the evening's refreshments.

TWO CASES ARE FOUND

Wood and Food Furnished to Family Where Both Were Lacking—Aged Man and Woman Are Given Assistance.

In the outskirts of Roseburg, on Sunday there was found a widowed mother with two small children. Huddled together they were with torn and pitifully thin blankets wrapped around their shivering bodies. On the shelves was scarcely enough food for more than one scant meal. The house was cold and there was no wood for a fire. Their plight is not exaggerated. They were in the last stages of poverty and for months have labored to keep themselves in food and warmth, fighting a losing game against the forces of destitution.

Alohas Have Merry Christmas Party

What was probably one of the merriest Christmas parties of the holiday season was sponsored last night by the Aloha club at the Maccabee hall. The hall was beautifully decorated with evergreens and mistletoe. The center of attraction was a huge Christmas tree, sparkling with hundreds of tiny lights, and having entwined among its branches, a gift for each member of the club. A bluff and jolly Santa Claus, who when compelled to doff his long whiskers, proved to be C. L. Stoddard, distributed the gifts with appropriate remarks, the gifts themselves causing much merriment. Favor dances were enjoyed and during one candy canes were given to each couple.

The case of the aged man and woman was given immediate aid. Several individuals, the congregation of a local church, and others have responded to this plea for help and the Elks committee will not act in this measure except to see that there is nothing lacking and in the event that there is any comfort which can be supplied will be furnished.

Mrs. Guy Griffith, who has been visiting at Melrose with her parents Mr. and Mrs. Blomberg, returned to her home in Grants Pass this morning.

Automobile Hit by Baggage Car

J. M. Bartley had a narrow escape from death this morning when the automobile in which he was riding was struck by a baggage car being switched onto train number 13 at about 3:30 o'clock this morning. Bartley was proceeding east on Oak street and failed to see the car which was being moved by the switch engine. He was directly in the path of the car on the Oak street crossing when his machine was struck. The automobile was carried for a distance of about forty feet and was turned over on its side, fortunately without injury to the driver. The front of the machine was crushed and a wheel broken. The frame was bent and other damage done. Mr. Bartley claims that there were no lights displayed on the car being moved.

Xmas Festival Is To be Elaborate

Great preparations are being made by the Heinline-Moore Conservatory for their Christmas festival tonight at the armory and according to those who have been fortunate enough to watch the kiddies and the grown-ups rehearsing, an entertainment at once clever and unique will be presented. The festival is by far the most ambitious offering of the conservatory thus far, and the program that their Kindergarten and Physical Education classes have made within the past year will be noted with interest. The piano pupils will not be presented at this time, but will give a program at the conservatory later in the year. The kindergarten classes will give rhythm songs and drills, and the children in the kindergarten classes will also have solo and couple dances. The adult Physical Education class will also dance. Each dance will be given in costume. Christmas decorations have made the armory a bower of beauty and Santa Claus will give each member of the kindergarten classes a gift from the tree.

Taxpayers Meet With County Court

At the closing session of the Douglas County Taxpayers' League yesterday afternoon it was voted to assess each member 75 cents in addition to the dues of 25 cents per year. This money will be used in securing the services of an expert accountant each year before the league holds its annual meeting and the accountant will be expected to make a complete audit of the county books and submit a report to the taxpayers' organization. Heretofore several committees have been appointed to carry on this work and have been unable to get together until the day of the annual meeting. This system leaves the league without anything definite to work upon. Following the adjournment of the league the members appeared before the county court and asked numerous questions concerning the 1921 budget. The several accounts appearing on the budget were explained in detail by the members of the court and to the satisfaction of the taxpayers.

County Court to Provide Detours

State Highway Commissioner R. A. Booth, who is spending a few days visiting with relatives and friends in this city, yesterday evening met with the county court to discuss road matters. Mr. Booth states that the commission is anxious to pave the Pass creek section of the Pacific highway during the coming summer to take up the pavement which ends at Yoncalla with the Lane county section in order that this may be done during the coming summer it is necessary for the county to prepare two detour roads. The proposed detours are, from Yoncalla to Ashland, going north, by way of Scotts valley and from Ashland north by way of the Lorraine road. These roads are now open but are in poor condition and can only be used as detour roads after considerable work has been done on them. The county court requested Commissioner-elect R. W. Long to inspect the roads and report at the next meeting the amount of work necessary to put the detours into shape for travel. Mr. Booth stated that unless the detours are improved the paving of the road will be delayed for a year. The county court will improve the detours in order that paving may be started by May 1.

For the pavement north of Roseburg he stated that there has been no action taken and that there will probably be no bids authorized until the middle of the summer at least.

Realty Board Favors Bill

The Douglas County Realty Board met last night in the offices of Lawrence and Cordon Realty Company and elected officers for the ensuing year. M. F. Rice was elected president; Guy Cordon, vice-president; Harry Pargeter, secretary; G. U. Heibig, treasurer. The new bill for licensing and regulating real estate brokers was taken for consideration and discussion and the realty board went on record as favoring the proposed bill. There is already in existence a law regulating real estate brokers, but the unanimous opinion is that this law is not stringent enough, especially as it has no provision by which a violator may be punished. The new bill in addition to strengthening the old one will appoint a real estate commissioner who will appoint a deputy with full power to regulate real estate brokers, and provide a penalty in case of violation.
