Will Begin Thursday

Mr. Churchill, to the buying public, makes this statement: "We are greatly overstocked in some lines and find we could save ourselves a big task in invoicing after Jan. 1 by disposing of our surplus stock before inventory is started. This surplus stock is also occupying space now that we will need soon for new goods. We have obligations coming due Jan. 1, and also need money at once. Therefore this, the greatest sale we have ever held, altho at great sacrifice of profits."
