Don't forget that we have S. & W. Dry Sprays. You know they can't be "Best"

Yankees Plan Park to Seat 80,000 Fans

By Henry L. Farrell (United Press Staff Correspondent.) NEW YORK, FEB. 14.—Crowds of huge proportions that look on football in England and America will be watching baseball here before many seasons if the plans of the New York Club owners are carried out.

The Yankees, who have been sharing the Polo grounds with the Giants for several seasons are about to put up a home of their own. Last season the National League told Colonels Rupert and Huston that they weren't particularly keen about continuing the arrangement.

The decision, however, merely hastened the plans the American League magnates had been entertaining to get a big back yard of their own. The plans for the new stadium are being drawn with an idea of providing a seating capacity of 80,000 spectators and construction of that sort that will make additions possible if necessary.

The Polo grounds also is to be enlarged to seat about the same number and the Giant owners are not as near to the completion of their plans as the Yankee bosses who probably will have the construction work started this summer to have the huge park ready for the next season if possible.

Baseball crowds here long ago outgrew the capacity of the Polo grounds but the cost of material and labor has been so high in the past few seasons that the club owners could not carry out the plans for any improvements. Since the grounds are becoming more popular as the battlefields for the big eastern football teams, the need was also felt for a greater seating capacity.

Some Orchards Are Cut Down

County Fruit inspector, C. E. Armstrong is devoting much time to an inspection of the orchards in the county with a view to destroying the diseased trees. In some cases, Mr. Armstrong stated, whole orchards are found in such bad condition that it is necessary to cut them down, afterward burning them. These orchards are mainly old trees, which have ceased to bear a great quantity of fruit, and which the owners allow to remain on their property for years.

In some cases where the trees are not in bad condition, Mr. Armstrong sprays and disinfects the orchards. He is authorized to use his own judgment in every case and if the owner refuses to pay for the work done the county supplies the funds, afterward charging the amount to the property to be cleared as taxes. "I want it to be clearly understood" said Mr. Armstrong today, "that this does not apply to the country people alone. There are some residents of Roseburg who have fruit trees in their yards that should be destroyed, as they are diseased so hopelessly that they can not be cured. This especially applies to the west Roseburg district where I have noticed several trees in bad condition. I do not have time to go to everyone personally, but the owners themselves should go ahead and remove them without waiting for me to come to them. If it is necessary for me to remove these trees I will do so. In some cases there is only one tree in a yard, but that tree is affected and is a source of danger to the other trees. If it can not be cleaned up by spraying and other methods, then it should be destroyed."

Clarence Bradley and sister, Miss Leota Bradley left Saturday for Wilbur where they will visit with Mrs. Raymond Brown for several days.

OLD PAL PETE: This is a P. S. to the letter I wrote you on the buzzing Limited. Kid, for a fact, I'm hitting 13 on making up Camel advertisements. And I'll say it right here! Porter, give us the lights! Just skimmed another swell Camel fact! Stop this: Guess I've smoked a million Camels! Pete, they never tired my taste yet!!!! And, old socks, put Camels to the test! Then you'll wise up that Camels leave no unpleasant cigarettly after-taste nor unpleasant cigarettly odor! That's some smoke news, I'll say, when you been trying to fuss the "straight" brands! And, old shoe, you ought to know, they gave you a lacing! What makes a dent on my disposition is that while Camels are the mildest cigarette and the mellowest cigarette any man can buy they've got all the "body" you ever heard tell of! Why Pete, I got as many new selling ideas about Camels as there are hairs on a purr-kitty's tail! Drop your old lamps down here,—how's that for blazing the joy Camels pass out! Me for more of 'em Shorty. "The Camel Kid" Camel
