May 8th—Mothers' Day—is not far off. Already a great many sons and daughters have joined in this delightful conspiracy. A great many Mothers will be surprised on May 8th. Mothers' Day Club affords you the opportunity to honor Her in an unusual way, a lasting way, a way that brings constant pleasure. We mustn't tell all about it here—that would be exposing the secret.

Part can be told, but not all. On Mothers' Day she is to receive a Brunswick Phonograph (Model 112) and a special collection of Records chosen for the occasion. Also she is to receive—but that's part of the secret. Also we won't tell here how easy we make it for you to give her this wonderful remembrance. But when you come in and hear the details, you'll be surprised at the liberality of the offer. Do not delay—the time is short—to join early is part of the plan. So come in at once.

Political rumor states that Attorney Humphrey, the present incumbent does not expect to serve out his full term and will resign in a few months. The present U. S. District attorney is a Douglas county boy, his father, T. N. Humphrey, being a resident of Brockway and a brother resides at Riddle. Attorney Humphrey and Attorney Neuner are boyhood friends.

Espee Proposes Wage Reduction

Local railroad bulletin boards are today carrying announcements to the effect that the Southern Pacific railroad company is preparing to make a revision in wages, the cut in some of the classes amounting to practically a 20 percent reduction. The employees state that they have been expecting a cut in wages, but will probably fight such a drastic cut as the company has proposed. Approximately 20,000 workers are affected by the order, which will be operation 30 days from date. The order will have the effect of suspending the decision of the United States railroad labor board of July 29, 1920, which fixed the present rates of pay. A basic minimum reduction of 20 percent is proposed in the order, the exact figure to be left to conferences between the company and each group of workers. The groups affected and the dates for each conference are:

Clerical, store and station forces, except freight handlers, truckers, common laborers, May 18th.
Maintenance of way and structural employees, except common help, May 17th.
Signal department employees, except foremen, assistant foremen and inspectors, May 18th.
Shop and store employees, except executives, May 19th.
Stationary engine and boiler room employees, May 20th.
Dining car, hotel, restaurant and commissary employees, train and parlor car porters, May 21st.
Train dispatchers May 20th.
Miscellaneous employees, May 23.
Shop supervisory forces, May 24th.
Signal foremen, assistants and signal inspectors, May 25th.

Decrease in the cost of living and lower rates of pay for like employments in outside industries are given as the reasons for the proposed decrease.

A conference to make a new agreement and rules for working conditions for clerks to supplant the railway labor board's agreements has been called for May 4th, the Southern Pacific announced.
