

Issued Daily Except Sunday. Rates: I. Weekly, Post G. Rates

ROSEBURG, ORE. MON. JULY 5, 1921.

THE FARMER'S WIFE.

The farmer's wife once led a life composed of toil and drudging. The praise she got was dearly bought, and it was scant and grudging.

But tractors now are made to plow. He reads the advertising of each device, and pays the price. The change is most surprising.

Let's teach the boys the farmer's joys. Let's teach the girls who're growing that he who tills the plains and hills and superintends the mowing, or she who bakes the farmer's beans is not a slave by any means.

COUNTING THE COST.

Statistics of British foreign trade for May reveal in part the enormous damage done by the coal miners' strike. Exports were the smallest since December, 1918, and imports showed the smallest total since December, 1917.

About the only towns in the county that made a showing yesterday were those that celebrated. And they all had their quota from Roseburg.

There's a few of us left on the job, but the appeal to take a vacation gets louder every day.

Well, it was a great day to celebrate.

AROUND THE TOWN. Riddle People Here—George W. Sanders and wife of Riddle spent Sunday in Roseburg. Here on Visit—R. W. Marsters, ex-county judge, and his family are in Roseburg for a visit with friends and relatives.

Operating Expenses Greatly Increased

The thirty-seventh annual report of the Southern Pacific company to its 45,458 stockholders, as given by Julius Kruttschnitt, chairman of the executive committee, and made public today by President William Spruille, shows that operating expenses increased out of proportion to operating revenues during the year ending December 31, 1920.

An increase of 28.52 per cent in operating expenses, largely due to higher wage scales and national labor agreements and to increased cost of fuel and materials, as against an increase of 18 per cent in operating revenues shown by a comparison of the 1920 report with that of 1919.

Since the return of the Southern Pacific lines from government to private operation on March 1, 1921, the report says, "the initiative of the organization has resumed effect."

Douglas County Boy Honored

Charles Billington, of Reedsport, Douglas county, has received an appointment as lieutenant in the cadet corps of Hill Military Academy.

CHARLES BILLINGTON

lents of this county. The boy made good in his studies and in all branches of work at the school in Portland.

California Men Laud Douglas Co.

A delegation of 25 Ad Club men and women passed through here in a special car Saturday, enroute to the national convention at Tacoma.

During the brief stop made at Roseburg, many of the delegates alighted from the train and viewed with interest the Douglas county products displayed in the exhibit building.

Milton Wins Tacoma Race

TACOMA, Wash. July 4.—In a sensational battle for supremacy that brought out an average speed of 98 miles an hour Tommy Milton won the Tacoma speedway race of 250 miles here today from a field of nine cars.

Roscoe Sarles finished second, less than a minute behind Milton. Joe Thomas was third and the others finished as follows: Eddie Burns, fourth; Tom Alley, fifth; and Eddie Miller sixth. Alton Soules was forced out after covering 120 miles when a piston in his motor broke.

Milton, 2:34 1/2; Sarles, 2:34:42; and Thomas 2:38:47. Milton, winner at Indianapolis, and Sarles, winner at Uniontown, this year, lost the approximately 20,000 spectators in an uproar throughout the race.

Sarles made his one stop for the show of the 18th mile and Milton kept the lead, only in loss it at 12 1/2th mile when he was likewise forced into the pits. Two more laps with the crowd by a frenzy, he passed Sarles and with his lead fluctuating from 15 to 25 seconds, held first place thereafter to the finish.

PHYSIOLOGICAL ACTION OF TANLAC EXPLAINED

World's Leading Authorities Show Just What Tanlac Really Is and Explain Effect of Each of Ten Ingredients on the Human System. Power of Medicine Conclusively Proven.

A day never passes but what thousands of people ask the question: What is Tanlac? Why its phenomenal success? Why do we hear so much about it? and Why has this preparation so far out-stripped all other medicines of its kind?

The answer to these questions is easy and can be explained in just one word—merit. Tanlac is scientifically compounded and represents years of work, study, experimentation and research by some of the foremost chemists and pharmacologists of America.

The Tanlac formula is purely ethical and complies with all national and state pure food laws. It is purely vegetable and is made from the most beneficial roots, herbs and barks known to Materia Medica.

Ten Ingredients in Tanlac. Altogether there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says: "It has been the source of the most valuable tonic medicines that have ever been discovered."

In referring to other of the general tonic drugs contained in Tanlac, the 13th Edition of Potter's Therapeutics, a standard medical textbook, states that "they impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a "run-down condition," uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which, because of their influence upon the appetite, digestion, assimilation and elimination, im-

prove the nutrition and vital activity of all the tissues and organs of the body and produce that state of general tonicity which is called health.

The United States Dispensary makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required."

There are certain other ingredients described in the Dispensary, and in other standard medical textbooks, as having a beneficial action upon the organs of secretion, whose proper functioning results in a purification of the blood streams passing through them.

Tonic and Blood Builder. Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels.

At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and the thorough elimination of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

Tanlac is sold in Roseburg by W. F. Chapman Pharmacy, and leading druggists.

Oregon Cattle Make High Records

In a recently compiled report of the medal awards for 1920 issued by the American Jersey Cattle club, seventy-one Jersey cows completed records for the year with a production of over 700 pounds of butterfat within the year on authenticated test.

Heading the list of breeders of medal winners is J. M. Dickson & Son of Shedd with seven to their credit, followed by G. G. Hewitt of Independence with four, Ed Cary of Carlton with three and O. Pickard and E. J. Farnham of Marion with two.

In the list of sires represented by medal winning daughters, Valentine's Ashburn Baronet, the Dickson herd sire, ranks first, credited with five, Rinda Lad of S. B. the Hewitt herd sire, with four, Poppy St. Mawes with two medal winners, is tied for third place with an eastern bull and St. Mawes of Ashburn, also a Dickson sire, is one of four in third place with two gold medal daughters.

Ten cows by reason of superior performance, won more than one medal each and of these, seven were Oregon Jerseys. Nineteen states are represented in the awards made. Oregon cows with only 1914 registered, represented only 4-1-3 per cent of the Jerseys recorded within the year, won 18 gold, 3 silver and 1 bronze or 31 per cent of all the awards made. Ohio ranked second with 8 gold and 1 bronze; Maine, third with 7 gold and 2 bronze; Massachusetts, fourth with 5 gold and 1 silver and Washington fifth with five gold medals.

This remarkable record of performance places Oregon in the first rank as premier Jersey state of the Union and should act as a stimulus to still greater effort to maintain that enviable position.

HEAVY TOURIST TRAFFIC.

More tourists passed through Roseburg yesterday than any other day so far this year, according to the report of the Empqua hotel. Most of them were driving large expensive cars. Since the road to Crater Lake is now open for the summer, many travelers from Portland and Washington cities are bound for that resort.

DAILY WEATHER REPORT.

U. S. Weather Bureau, local office, Roseburg, Oregon, 12 hours ending 5 A. M. Highest temperature yesterday 45. Lowest temperature last night 29.

L. J. Simpson's Home Is Burned

NORTH BEND, Or., July 4.—Shore Acres, Louis Simpson's palatial country home at the seashore, burned to the ground yesterday morning between 1 and 2 o'clock. The loss was estimated at \$100,000.

The occupants of the building were Mr. Simpson, his brother, Edgar Simpson, and the ranch foreman and wife. They were not aware of the fire until awakened by the dense smoke coming from the kitchen and the adjoining portion of the house, and escaped only in the clothing they had discarded on retiring.

Nothing whatever was saved from the home, which was filled with works of art, family heirlooms belonging to Mr. Simpson's parents before their death, and superb furnishings.

Preacher and Girl Are Jailed

SALEM, July 5.—An apparent incredulity, tending to indicate their moral innocence, and a plainly unassumed naivete which baffled officers were manifested last evening by both the Rev. Fred Royston, 23-year-old minister, and Miss Frankie Edwards, 18-year-old Salem high school girl, when they talked to police and newspaper men in the Salem city jail.

Miss Edwards and the Rev. Mr. Royston were arrested at Centralia, Wash., Thursday night and held for Salem officers. Royston is jailed on a charge of white slavery, having failed to produce the \$1,000 demanded as bail, and Miss Edwards, also incarcerated, is accused of committing an immoral act. Neither has been told the nature of the charge by which they are faced.

Stories elicited from the pair by newspaper men, checked perfectly. Both said they left Salem about 2 o'clock Monday morning on a train from which they alighted at Cook, Oregon. From there, they said, they hiked to Portland where they lodged but a short while before going to Vancouver, Wash. Each declared they expected to remain together only until Miss Edwards should secure employment somewhere.

THE MAN WHO STARTS AT THE BOTTOM and acquires a competence through his own hands and brain, will enjoy much more pleasure in life than he who is born rich. An account with us is a wonderful incentive. 4% Interest Paid on Savings Accounts The Roseburg National Bank Roseburg, Ore.

Say, Mr. Auto Owner: We want you to know we have opened a general automobile repair shop. We can repair and make new parts for any kind of a car, from a Ford to the biggest and best car made. Also design and make bug bodies. Garretton & Northcraft Old Empire Garage. Oak & Rose Sts.

French Fighter Breaks Thumb MANHASSET, L. I., July 5.—By Associated Press.—George Carpenter broke his right thumb in two places and suffered a bad wrist strain in the second round of his fight with Jack Dempsey in Jersey City this afternoon. This was reported by Dr. Joseph O'Connell of Grand Cove, New York, who attended him at his training camp tonight.

JUST TO GET ACQUAINTED. With our new location we will make a reduction on all photos for a short time. ROSEBURG STUDIO, Clark and Clark Props. Bell Sisters' Bldg. 137 Jackson St. Newly refitted.
