Jersey Cow Not Worried Over Record

(By United Press.)
BUHL, Idaho, July 19.—The fact that 16 Jersey cows belonging to McArthur & Stauff broke the world's record for butterfat production with an average of 59.48 pounds for the month of June, and an average of 60.68 pounds in May, worries "Belzora of C. F. Jr.," not at all. Belzora etc.—is herself a Jersey and no slouch when it comes to butterfat production. She produced 3260 pounds of milk, with 460.33 pounds of butterfat for the year just closed, a new record for the state in the new junior two-year-old class. Belzora exceeded by 200 pounds the entrance requirements for being a member in the American Jersey and Cattle club, an exclusive bucolic organization.

Belzora belongs to the Carl Middlestadt herd and only recently came from Oregon. She lived under nomadic conditions for two months while the record was being compiled, which makes her a two-time winner. And the strangest part of it is, Belzora's head hasn't swelled at all—she's still wearing the same set of head knobs.

Making Plans For Excursion

PORTLAND, July 19.—(Special) Following the recent announcement that the date of the settlers excursion from the Middle West to Oregon had been postponed from July 18, to September 20, upon request of large numbers of homeseekers who are unable to make the trip until after harvest, the Oregon State Chamber of Commerce is making complete preparation for the September trip, according to announcement made today.

Commercial clubs of the state have been urged to complete the listing of available lands in each community for the information of the settlers, and these listed lands will be placed in the hands of each member of the party, according to Secretary Quayle. In this way, the homeseeker will know in advance the price and description of actual tracts of lands in each district in the state.

George Quayle, general secretary of the State Chamber, left today on a tour of the State for the purpose of securing representatives of various districts who will assist the State Chamber representative in the Middle West in the work of lining up prospective settlers.

A long telegram from Omaha, requesting additional literature on Oregon for distribution among prospective settlers; stated that a large number of homeseekers are preparing to come to Oregon in September after harvest is over.

No Rupture In Negotiations

BELFAST, Ireland, July 18.—The return to Belfast of Sir James Craig, Ulster premier, and members of his cabinet from London must not be taken as a rupture of negotiations, said Colonel Spender, secretary of the peace delegation, on his arrival here. The delegations may be recalled to London next week. De Valera is regarded as visionary and the Unionists feel there can be no discussion possible until he modifies his views regarding the Irish republic.

SPECIAL SALE OF LINENS.

Mrs. C. W. Sherman will have for sale at the Misses Bitzer's, 117 So. Jackson St., a collection of hand woven and embroidered linens, Canadian wool blankets, linen and painted luncheon sets, bedspreads, the handwork of the southern mountaineer women; and various other articles from The Shop at Portland, Oregon. Hours 10 a. m. to 5 p. m., July 17 to 23rd, inclusive.

Farmers To Force Freight Reduction

(By United Press.)
WASHINGTON, July 18.—Two million farmers affiliated with the National Board of Farm Organizations are marshalling influence to force all railroads, following the example of Henry Ford, to reduce freight rates. Secretary Lyman, of the board, announced today. The organization applauds the efforts of Ford's action reducing rates to Detroit and Toledo twenty per cent a ton on iron, declaring that the rate reductions would lessen the cost of the food supply to the consumer. Senator Kenyon plans to introduce a bill supported by two thousand Iowa farmers who have asked for freight reductions.

According to the petition, one billion, seven hundred million could be cut off from the operating costs of the railroads, sufficient to pay over a six per cent return, which the road officials say prevents general rate reductions. The farmers declare that a valuation of nineteen billions was placed upon the railroads by the Interstate Commerce Commission. They say this is five billions above the actual replacement cost, charging further, that if the valuation was reduced to the actual value of the stocks and bonds outstanding, they could save three hundred millions annually and save six hundred million through the abolition of interlocking directorates between the railroads and supply companies.

Four hundred million have already been saved in the wages brought the Chicago railroad labor board rate cut of 12 per cent recently. Though having no connection with the farmers' petition, Harding, Mellon, Hoover and Senator Cummings discussed the ways and means by which the government can refund the debt to the railroads. Hoover declared the problem could be worked out and would cause no hardships to the taxpayers and no need of further legislation.

THE WEARY WAY

Daily Becoming Less Wearysome to Many in Roseburg.
With a back that aches all day. With rest disturbed at night. Annoying urinary disorders. "It's a weary way, indeed. Doan's Kidney Pills are especially for kidney trouble. Are endorsed by Roseburg citizens. Mrs. I. D. Bishop, 218 Fullerton street, Roseburg, says: "My kidneys troubled me a lot and I felt tired and became run down. I had continual dull ache across the small of my back and had no energy. I could hardly keep going and my kidneys acted irregularly. I read of Doan's Kidney Pills, used them as directed and they helped me wonderfully. The backache and tired, worn out feeling left and my kidneys were regulated."

The standard tire likes nothing better than to prove its service

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticize such abuse of tires. A mark of the growing consciousness about tires—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots", "seconds", "cut prices"—and come out squarely with the standard quality service of U. S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with his own kind

of people. The substantial citizen. The man who knows that you can't get something for nothing. The steady customer—not the bargain hunter.

To the man who has not yet learned the standard tire service he is entitled to we say—

Go to the dealer in U. S. Tires and make him show you.

Here is a man in close touch with one of the 92 U. S. Factory Branches—a constant supply of fresh, live U. S. Tires.

The U. S. Tire you buy is a tire built for current demands. No overproduction. No piling up of stock. No loss of mileage by hanging around on the dealer's racks.

Every way you look at it, a par quality tire at a net price.
