Entered as second-class matter May 17, 1920, at the post office at Roseburg, Oregon, under the Act of March 3, 1879.

ROSEBURG, ORE. CON. JULY 22, 1921.

SEVEN BIG DAYS—STARTING SUNDAY.

Beginning Sunday evening, featuring Burnell Ford, in his scientific lecture-entertainment, "The Magic of Electricity," Chautauqua opens in Roseburg.

The program for each remaining afternoon and evening, including Junior Chautauqua, will give a full seven days' program of a most interesting and entertaining nature, comprising eight lectures by as many different speakers of national importance.

From an intellectual standpoint there is no other program brought to Roseburg during the entire year that compares to Chautauqua. The program furnished gives the people of Roseburg and vicinity an opportunity to come in direct touch with many of the big minds of the nation. They are given the privilege of personal contact—a face to face introduction of these brilliant characters, which insures a lasting impression to every man, woman and child who takes advantage of the week's program outlined for this city. The excellent list of lectures, interspersed with the high class musical program to be supplied during Chautauqua week will have a soothing effect on this community after a week of strenuous excitement due to developments in our midst of a very sensational nature.

The opportunity offered to indulge in the fine program to be supplied during the entire week should cause the people of this vicinity to make a special effort to grasp every number to appear.

It will certainly be worth while to give up your daily "chores" to take advantage of Chautauqua week.

This morning, just as we were beginning to think the atmosphere had cleared of all things important and semi-important, our neighbor next door steps in and announces the arrival of a "stink bug." Well, worse things could happen.

The world is filled with failures who think everybody is against them but who failed because they were given certain tasks to perform and went joy-riding instead of performing them.

Things are exciting enough in this neck of the woods without out adding a consignment of "canned goods."

Arrested For Theft Canyonville Man Hurt In Wreck

Of Auto Engine

Four men were arrested in Cottage Grove yesterday, charged with having stolen the engine out of the automobile belonging to Frank Perdue, marshal of Canyonville. Recently Mr. Perdue's car was destroyed by fire. He was traveling along the Pacific Highway when his machine turned turtle and burned. Before the insurance adjuster could arrive, passersby had removed the major portions of the car. Mr. Perdue frantically trailed two men to Grants Pass after they had removed the headlights, springs and other pieces, and upon returning found the tires and a large part of the remainder of the auto gone. A few days ago, a party of four men in a large car, took out the engine and got as far as Cottage Grove with it before being apprehended. A warrant has been issued for their arrest and Constable F. W. Dillard left this morning to bring them back to Roseburg.

W. A. Mansfield, prominent Medical business man, is spending several days in this city attending to business matters.

Mark Elliott, well known Canyonville resident, was injured, perhaps fatally, when the car in which he was riding with William Dunbar, turned turtle about two miles south of Canyonville. Elliott's jaw bone was broken in two places, there is a fracture of the skull above the left ear and his left shoulder and collar bone are either broken or badly dislocated. The passenger Studebaker machine occupied by the two men, who were on their way to work, being employed on the highway south of Canyonville, turned turtle just one mile south of the town, when one of the front springs gave away. Elliott was pinned down by the car and was badly crushed by its weight. Dr. Corvelli, of Riddle, and Dr. Knott, of Glendale were immediately called and after rendering first aid assistance brought the injured man to this city where he was placed in the hospital.

Pennsylvania Tire Service. Ask for Ford Garage.

COLONIAL PIPELESS FURNACE

Made in Oregon to fit Oregon conditions. Burns coal equal to any furnace, and burns wood better than any round fire box made. See that fire box; wood fits like it does in your range. Takes 24in. wood, which means more wood for the same money. Proper combustion means more heat from the same wood—a double saving.

Bonus Policy And Problems Get Attention

(News-Review Salem Bureau.) SALEM, Or., July 20. (Special.)—Knotty problems that surround the making of city and farm loans under the state bonus law were tackled by the world war veterans' aid commission in an all day session held in the executive offices.

The session considered a policy to be followed in making loans and also worked out a mass of detailed plans for setting the contemplated machinery in motion throughout the state.

That the problem of making loans up to 75 per cent of the value of the security offered and at the same time safeguard the interests of the state, is one that will require the highest-class personnel in the work of appraisal, was the opinion expressed by the entire commission.

Forms Received. It was decided that the most careful study of the qualifications, business connections and standing of every applicant for county appraiser shall precede appointment of these functionaries. The same rule will be followed in selecting attorneys to examine titles.

All commissioners expressed themselves as pleased with the progress that is being made. The initial printed forms were on hand from the printer and a general scheme of operation was definitely formulated, although there are some serious problems yet to be solved.

"It is doubtful if many people realize the magnitude of the task that confronts the commission," said one of the members. "Every step in the undertaking has got to be weighed with care and deliberation. Were our only problems that of a cash bonus, our task would be quite simple. But the loan feature is something quite new and where the loan is made on such a narrow margin as 75 per cent of the value of the security, caution has to be taken. Every commissioner is eager for disbursements to be made with the shortest possible delay. But were we to rush pell mell into loan disbursements, it might prove a later calamity to the state."

Get Few Inquiries. Comparatively few letters of inquiry have been received by the commission, it developed at yesterday's meeting, and it was said that the ex-service men generally are aware of the fact that the building of a \$300,000,000 loan and building association cannot be accomplished overnight.

It developed that the attorney general will be called upon for a number of decisions on the meaning and intent of different sections of the law, although the commissioners decline to comment upon this in detail.

Governor Olcott presided at the meeting which was attended by all the commissioners.

Cigarette To seal in the delicious Burley tobacco flavor. It's Toasted

calamity to the state."

6-Foot Lawyer Looked Like Pumpkin

"I was often doubled up with pain in my stomach and was yellow as a pumpkin before taking May's Wonderful Remedy, which 10 years ago saved my life. My friends had given up all hopes of my recovery, as the best doctors did not help me. Am enjoying the best of health now." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and causes the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Druggists everywhere.

Special Sale of Linens.

Mrs. C. W. Sherman will have for sale at the Misses Bitzer's, 117 So. LAFE PERRIN SSEE: "The worst thing about takin' a bath these days is buildin' the fire to get the water hot."

Dog and Ponies Feature Circus

Here's good news for Roseburg youngsters and grown-ups, too, for that matter. Thursday, July 28, is to be circus day in Roseburg, when Lew F. Cullins' Dog and Pony Circus will present a show in their tents on the grounds at the corner of Stephens and Sykes streets, giving an afternoon and evening performance.

This is the first dog and pony circus to pay Roseburg a visit in a number of years, and it goes without saying it will be a welcomed attraction. Children are always pleased to see this class of circus, and it is reported, that this organization carries more trained dogs, ponies, goats and monkeys than any similar show traveling. Aerial rope-climbing and novelty acts will be offered in conjunction with the animal program, it is announced. A troupe of performing clowns will "cut up" for the amusement of the young and all, and make the affair a complete tent show performance.

Chautauqua opens Sunday evening, the 24th. Seven days of the best entertainment.

VULCANIZING SHOP BOUGHT.

I have recently purchased the Motor Shop Garage vulcanizing shop I am prepared to do all kinds of tire repairing, such as punctures, blow-outs, rim cuts and half-soles. I employ skilled mechanics. Also wash and polish cars.
