Honest Merchandise Truthful Advertising

This is good business. It makes for Prosperity for
the Man who Sells and the Man who Buys. It is
the Golden Rule applied to every transaction. In
every J. C. PENNEY COMPANY store it means
thirty-six inches to the yard; sixteen ounces to
the pound; pure wool and pure silk when the ma-
terials ARE pure wool and pure silk; it is selling
you a dollar's WORTH of merchandise for a dol-
lar; it means that the Company's printed word is
as good as its bond—Truthful advertising for
Honest Merchandise. It means merchandise for
all customers at One Price. It means the Value
of what you buy today has equal value when you
come to the store a week later. It means that
every customer receives fair and equal considera-
tion. There is no "class distinction" in a J. C.
PENNEY COMPANY store.

NEW CURES ANNOUNCED.

CLEVELAND, Ohio, July 27.—
"Slouching" posture may cause
stomach and even some-
times cancer, declared Dr. S. V. Ro-
berts of Chicago, today, at the 25th
annual convention of the American
osteopathic association in this city.
Slouching posture permits the spine to
become permanently distorted, ex-
plained the speaker. This interferes
with the nerves controlling the
stomach and the blood vessels nour-
ishing it. Osteopathic adjustment
of the spine helps to cure and to pre-
vent this.

The convention lasts the entire
week with an attendance of about
two thousand osteopathic physicians,
surgeons and specialists from all of
the states and from Canada. Dr.
William E. Waldo of Seattle, Wash.,
president of the association, presided
and the mayor of Cleveland wel-
comed the delegates. The annual
convention of the eye, ear, nose and
throat specialists and of the Osteo-
pathic Women's National association

preceded this convention. Judge
Florence Allen was the honor guest
of the women.

"Sitting tall" is a prevention and
cure of many of the afflictions of
women which is proposed by Dr.
Frances Graves of Boston, who
showed the delegates how to do it.
She said that American women are
too much in the habit of sitting
down, eating candy, knitting and
growing fat.

"Motor spine" is a new disease an-
nounced by Dr. Charles C. Teall,
dean of the American School of Os-
teopathy, who explained that it is
characterized by partial loss of func-
tion of the feet and legs. It is
caused by excessively rough automo-
biling for a long period of time, par-
ticularly with trucks.
