Oregon Growers Set Prune Price

(By Associated Press.)
SALEM, Aug. 18.—The opening prune prices of the Oregon Growers Cooperative Association for this year's dried prune crop, on a bulk basis, were announced today. The price quoted is ten and three-quarter cents for 36-48s; nine and a quarter cents for 48-50s and seven and a quarter cents for 50-60s, and six and a quarter cents for 60-70s. The prices average about five cents below last year's. The crop is estimated at two million pounds.

Will Stand Firm On Dry Measure

(By Associated Press.)
WASHINGTON, Aug. 18.—Senator Ashurst announced that he refused to participate in further conference on the anti-beer bill, because of the evident intention of the conferees to weaken or destroy the effect of the Stanley amendment unanimously adopted by the senate. He said he would not confer on any amendment which would permit the manufacture of liquor in homes or elsewhere. Senator Reed, in the senate denounced the presence of Wayne B. Wheeler, anti-saloon league attorney at the conference.

Navy Second To None Says Premier

(By United Press.)
LONDON, Aug. 18.—Lloyd George told the House of Commons that the British empire must have a naval force equal to that of any other country. Lloyd George is making the long expected statement regarding the decision of the imperial conference just closed. The Premier said: "It was agreed that the British navy is to be second to none." Loud cheers greeted the Premier's remarks.

Hop Crop Price Soaring Rapidly

(By Associated Press.)
PORTLAND, Aug. 18.—Oregon hop growers were today being offered 20 cents a pound for the remainder of the 1920 crop of which there are about ten thousand bales left. For the 1921 contracts, 30 cents is offered with the prospects of a higher price. These prices are an advance of from six to seven cents for last year's crop and from eight to ten cents for this year's crop. This week's flurry is attributed to demands of English buyers, the European crop being reported short.

Margaret McClallen To Wed At Coos Bay

MARSHFIELD, Aug. 18.—Friends have become apprised of the approaching nuptials of Miss Margaret McClallen and August Hoelling, a popular young couple of North Bend. The bride-elect is the daughter of Mr. and Mrs. Harry T. McClallen, and came with her parents a few years ago from Roseburg. She is a competent accountant and has been employed in several business houses in the Bay, though remaining at home of late. Her fiancé is the eldest son of Mr. and Mrs. August Hoelling, Sr., who are among the earliest settlers in North Bend. He enlisted with the marines at the beginning of the war, and since his return has been employed by the Ekblad Hardware company of this city. Both young people have a wide circle of friends who share their happiness. The wedding will occur in September at the Holy Redeemer Catholic church in North Bend.

Returns to Work—Miss Pearl Patrick returned to her work at the Umpqua Valley Bank this morning, after enjoying a two weeks' vacation.

The funeral services of the late Mr. R. L. Ellis were held this afternoon at 2 o'clock from the Parlor, with Rev. Warrington officiating. A number of beautiful floral offerings were received and the many friends of the family-wish to extend their sympathy in this hour of sorrow.

Brumfield Still In Portland Jail

(Continued From Page One.)

torney of Douglas county, yesterday had the prisoner examined by Dr. William House, alienist. This examination took place in the county jail shortly after the noon hour. Every effort was made to keep secret the fact that this insanity examination had been held. In fact, all of the actions of the Douglas county officials have been cloaked in secrecy during the few hours they have been in Portland with their prisoner. Whether Dr. House has submitted a report of his examination to Mr. Neuner and what recommendations were made if the report was submitted, are things which Mr. Neuner did not confide to the public.

Thoughts Are for Family.

It was evident from his every action and word that Dr. Brumfield's thoughts are for his wife and boys, and if he is anxious concerning the murder charge which he faces, there is nothing in his outward appearance which would indicate it in the least. "It's a fine thing to know that my wife and boys are waiting for me and have every confidence in me after all these things which have been published," he asserted, as a tanned but steady hand brushed away the faint trace of a tear from his eyes.

During the afternoon Dr. Brumfield penned a two-page letter to his wife, which jailors mailed for him after it had been read by Sheriff Starmer.

Telegram Also Is Sent.

Prior to writing the letter he sent a telegram to Mrs. Brumfield, questioning her not to come to Portland to meet him, as he would be back in Roseburg within a day or two.

When he shook hands with District Attorney Neuner a few moments after his arrival at the county jail at 8:30 o'clock yesterday morning, Dr. Brumfield's first words were of his wife and family.

"Did Mrs. Brumfield come to Portland?" he asked.

He then wanted to know if she had suffered any financial inconvenience during his absence.

Agent Wants Reward.

SALEM, Aug. 18.—Claim for a share of the reward offered for the capture of Dr. Brumfield, Roseburg dentist, was filed with Governor Ocott this morning by George C. Wimer, Southern Pacific clerk at Myrtle Creek, in behalf of himself and H. T. Tibbits, agent for the railroad at Myrtle Creek.

Wimer's claim is based on the fact that he and Tibbits gave to Sheriff Starmer of Douglas county information regarding the package shipped by Brumfield to "Norman Whitney" at Seattle and through which Brumfield was traced and captured.

Replying to the claim, Governor Ocott points out that he has only promised to recommend the payment of a \$1000 reward by the next legislative session, which must decide to whom the reward is due.

Dentists Pull Too Many Teeth

MILWAUKEE, Wis., Aug. 18.—More than 50 per cent of the teeth now being extracted could be saved by proper treatment, Dr. J. F. Biddle of the University of Pittsburgh, told the National Dental Association here today.

"Teeth are in many cases the source of bodily ailments and their extraction has in some instances resulted in cures which seem almost miraculous," Dr. Biddle said. "How- ever, we must not lose sight of the fact that many times teeth are sacrificed with the hope of curing almost every disease known to science."

"Undoubtedly abscessed or pulpless teeth should not be permitted to remain in the mouth if they cannot be put in a healthy condition. On the other hand all teeth in which pulps have been removed should not be condemned."

Proper treatment which Dr. Biddle said would save half the teeth being pulled consisted of "infinite care on the part of the operator, strict observance of approved methods of sterilization, the verifying of results by the X-ray, and follow-up by examination and X-ray at regular intervals."

For some reason, Representative Voldstad, Minnesota, leader of radical dries, declined to him.

New Law Protects "Hootch" Makers

WASHINGTON, Aug. 17.—The house has gone on record against any interference with home brewing and distilling for personal use.

By a rising vote of 96 to 54 it virtually deprived prohibition agents of all power to prevent the manufacture of all alcoholic beverages in private dwellings, unless proof can be furnished that the liquor is being manufactured for sale.

The victory for the cellar distillers and the kitchen breweries came when a substitute for the Stanley search-and-seizure amendment,
