

Put this down in black and white!

IT'S A FACT—listen: You know what you've always wanted a cigarette to do. Chesterfields do it. They not only please your taste but they do another thing—They satisfy. They give to your smoking a "completeness" that is altogether new and different. Those fine tobaccos—Turkish, Burley and other choice Domestic varieties—are blended right. Just right! That's why you get "satisfy" in Chesterfields. And the blend can't be copied. There's no use looking for 'satisfy' anywhere else. Don't try it—try Chesterfields.

They Satisfy —and the blend can't be copied

Two Million Famine Victims In Russia

By JOHN GRAUDENZ (United Press Staff Correspondent.) MOSCOW. (By Mail.)—Despite all help coming from America, at least 25 per cent of the children within the famine region are doomed to death.

The people who probably will die during this winter of starvation may be estimated at one million and a half to two million. The percentage of the dying will be greater the further one goes into the country, while the children near the cities will be easier reached through the American relief work.

The government being aware of this is trying to evacuate the children nearer to the cities. The mothers don't protest if the children are taken away from them, as they would rather save their children and die themselves.

When the Volga freezes there will be thousands dying without being heard of.

This terrible outlook is despite the fact that soviet Russia takes all the care possible of her children. The only thing they need is what the soviet cannot give them—food.

All the villas and palaces of the former wealthy class are filled with the happy youngsters, with their deep, fatalistic Russian eyes. Whatever there may be available in Russia in the way of food, clothing and other things which make the life of a child worth while living, is given to them. "Children first" is the slogan of everyone. In Moscow there are hundreds of children's homes, where the kids not only are being fed, but also educated. All these children are able to sing the "Internationale" and other revolutionary songs. Soviet Russia is raising a communistic generation.

Children's homes are being established all over the country, even in the smallest cities. When I visited the city of Samara, I saw a children's colony of about 50 houses along the banks of the Volga, where formerly the wealthy people spent the summer. All of these children looked happy, bright-eyed and healthy.

Even in the city of Stavropol, of 10,000 inhabitants, there were six children's homes, besides one hospital for the children. This hospital, however, was filled with malaria and dysentery patients, caused by the lack of food. If American mothers and children could only have seen the sad, dog-like eyes with which the children followed us when they heard we had come to investigate what American children could do for them.

"Tell American children we will never forget what they will do for us and if we are grown up, we will perhaps thank them personally," one child told us. The fact that there was no tears made the situation the more pitiful. It lies in the Russian character to endure without complaining. He is a fatalist.

GLENDALE NEWS.

A refreshing rain that commenced Saturday, is falling steadily today. The atmosphere is clear and warm and the grass is fairly springing from the ground. Summer time with its dust and discouragements, is now history. Evidence of prosperity are cheering to all of our people.

The City of Glendale defies competition with any other city of twice our population.

Our public schools with a faculty of which every teacher supplies the highest order of educational ability is in daily operation to the satisfaction of patrons and pupils.

Our city government, that none can molest or make us afraid. Our city has three churches with a good attendance at each.

Our newspaper is read just as devotedly as are our Bibles. As our Editor sees it—always proves to be just the right angle. He never falls no Devil in this office. Just an Angel, who is pousing, in her upward flight, to cheer us on to higher ideals and purer motives.

Our hotels and cafes, just imagine the very best and your estimate will be right.

Our Amusement House, Hayes-Brown, Mgrs., is entertaining all of our young people and many of the older folks, who enjoy the splendid shows they secure for their patrons good order and courtesy to all in the rule.

Glendale, like the rare old vintage of the French epicure, improves with age. It is our town and we never expect to say or think that it is not the best.

P. F. Abel, the tall representative of the News-Review, who has spent a week in this city, left with mail carrier Hobbs this a. m. for Upper Cow Creek. He has added many new names to the list of the readers of this popular newspaper. We were on the line of a few possible subscriptions and Mr. Abel told us so merrily "to go ahead". We tried to do so, but we only caught a glimpse of him, smiling sweetly on our rosy cheeked girls. We really thought it "Prune Pickin's" Editor ought to know. But a wiser thought was that we all are representing one of the best all around, double newspapers in Oregon. And to that intent our service will serve the same utterance of high purpose.

Last week, we met on our streets F. A. Farnum, a well-known citizen of Astoria valley. Mr. and Mrs. Farnum have been highly esteemed residents of Cow Creek valley for many years.

Mr. and Mrs. R. T. McNicholas of Lower California, are visiting relatives in this locality. Also Mrs. Mamie Clements, Each family are accompanied by their children and are the guests of Mr. and Mrs. Dick Miller, at the parental home near Anchor. They all are welcomed back by hosts of old friends.

Miss Genet Booth returned home

last week. She will attend school in this city this winter. Mrs. Viola Hall is greeting many old friends and neighbors in this valley at present. She is always a welcome visitor. The Ladies' Aid of the Lutheran Church held its regular meeting at the home of Mrs. H. Smith in this city. Business of importance was transacted and preparations for a bazaar to be held just after the Holiday season commences were considered. The Lutheran Sabbath School was noted as prospering and a fine corps of teachers in attendance. Twenty ladies were present. Devotional, led by Mrs. J. Hagen. Music by Miss Nebel, Piano and Vocal music were also rendered. An elegant luncheon was served at 5 p. m. It was a most pleasant meeting. "MOLLIE."

Ruth to Organize Own Ball Team

(By United Press.) JAMESTOWN, N. Y., Oct. 15.—Babe Ruth declared that he would continue to play baseball next year, even though Judge Landis bars him from the major leagues. Ruth intimated that he will organize his own independent team and engage in exhibition games throughout the country. Ruth stated that if he organized such a team it would not be or men thrown out of baseball such as that composed of former Chicago players, which was made up of men who jumped the big leagues.

Fall Training of Loganberries

During the last season a great deal of die-back was in evidence in many loganberry yards throughout the Willamette Valley. Many appeals were sent to the Oregon Agricultural college concerning the trouble that special work on the problem was taken up by Dr. M. Zeller of the experiment station.

It was first thought that the die-back was caused by the action of a fungous disease. In making a thorough study of the situation Dr. Zeller has learned that die-back was prevalent only in those yards where the vines had been allowed to remain on the ground throughout the winter. Where the canes had been trained up in the fall the vines were in a very healthy condition and die-back was almost entirely absent.

The contrast was very apparent in adjoining portions of the same yard where a part of the canes had been trained in the fall and the rest al-

CHRISTMAS CARDS

The exclusive job printing department of the News-Review is showing a beautiful line of Christmas and New Year cards. These contain your individual name and are a very appropriate remembrance for Christmas or New Years. Place your orders right now as we will not be able to furnish them at the last moment. All orders must be in promptly in order to assure early delivery.

allowed to remain on the ground till spring. Other care was the same.

Berry growers who have been troubled with die-back on their vines will do well to train their Logans in the fall. There is some danger of losing a crop during an especially severe winter like the one of 1919, but one grower has stated that he could lose every fifth crop entirely and still make money by training his vines in the fall.

An article by Dr. Zeller in the October number of the "Oregon Grower" on training Logans in the fall will be of interest to every grower from the standpoint of increased returns from fall training of the vines.

Dell Millinery. Opportunity Day Saturday. New sailor hats just arrived. A great special for Saturday only.

NOTICE FOR BIDS

Notice is hereby given that sealed proposals will be received by the undersigned at his office in the City Hall, up to five o'clock p. m. Monday, October 24th, 1921, for the improvement of South Stephens Street from the south line of Roberts Street south to the city limits in the manner set forth in the plans and specifications on file in said office.

All bids must be accompanied by a certified check for five per cent of the amount bid, to be forfeited to the City of Roseburg, in case the bid is accepted and the bidder fails to enter into a contract and bond with the city.

The Council reserves the right to reject any and all bids. Dated at Roseburg, Oregon, October 19, 1921. R. L. WHIFFLE, City Recorder of the City of Roseburg, Oregon.
