All Jitneys Must Have Speedometers

W. E. Anderson, yesterday afternoon appeared before Justice of the Peace George Jones, and paid a fine of \$5, for driving a motor truck without a mirror. The arrest was made by State Traffic Officer J. J. McMahon, who also caused a number of jitney drivers to appear before the Justice for instructions concerning the motor vehicle law. Mr. McMahon states that many automobiles carrying passengers for hire are operating without speedometers, while it is expressly provided in paragraph 4, section 3, of the motor vehicle laws that every "for hire" car must be equipped with a speedometer. The traffic officer requested the Justice to

HAVE COLOR IN CHEEKS

Be Better Looking—Take
Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

Boys Are Back From Conference

(By Glenn Radabaugh.)

The Roseburg delegation of boys who attended the Older Boys Conference at Ashland returned yesterday. The boys all report a splendid time and are loud in their praise for the hospitality of the Ashland people. The attendance this year was not over large but the meeting was said to be the best ever. The program lasted over the week end. During that time the boys enjoyed hearing such lecturers as Dr. Carl G. Doney, head of the Willamette University, Dr. E. C. Hickman, head of the Kimball School of Theology, John H. Rudd, interstate secretary of the Y. M. C. A., and many others who were fine speakers.

The whole theme of the conference this year was "The Price of Leadership." The theme was treated from the physical standpoint by Dr. A. E. Yount; from the intellectual standpoint by Dr. Doney; and from the spiritual or Christian standpoint by Dr. Hickman.

Saturday afternoon the boys witnessed a football game between the Ashland and Grants Pass high schools. Saturday evening they were given a banquet by the Ashland high school girls which was enjoyed very much.

Sunday morning the boys attended Sunday school and church services and in the afternoon the big meeting of the whole conference. This was the speech by Dr. Hickman on "The Price of Christian Leadership." It was a splendid lecture delivered in a forceful way. Dr. Hickman won the friendship of all the boys in this lecture.

Sunday night the final meeting was held, the speaker of the evening being Dr. Hickman.

Roseburg has the honor of having two officers chosen from her delegation as officers. Monroe Hilton was elected president and Harold Woodruff, sergeant at arms.

From every comment yet heard the boys as a whole were well pleased and received a great deal of good from the conference. It has not been decided as yet where the meeting will be held next year, but the boys are determined to bring it here. The delegates from Roseburg were Robert Gile, Kenneth Dunham and Harold Woodruff, representing the Baptist church; Ivan Atterbury and Clifford Thornton, representing the Methodist church; Monroe Hilton, Adrain Bloom, Lynn Beckley and Glenn Radabaugh, representing the Christian church; Roy Martin, representing the Methodist church; Floyd Royce and Paul Swartz, representing the Boy Scouts; and Lois Wright, representing the Church of Christ, scientist. Russell L. P. Linnott accompanied the delegates as adult leader.

Big Audience at Presbyterian Church Hears Helen Clark and Joseph Phillips in Edison Tone-Test

In a test of direct comparison, made yesterday at the Presbyterian church, before a large audience, the New Edison scored a complete and convincing triumph.

Helen Clark, the famous contralto, sang in direct comparison with the Re-Creation of her voice by the New Edison. To every ear, there was no difference between her living voice and her Re-Created voice.

This is the most drastic phonograph test known. No other phonograph has ever sustained it. No other phonograph has even attempted it.

The New Edison's marvelous performance of yesterday vindicates everything that has been said or claimed for its perfect realism.

Helen Clark stood on the stage next to a shapely Chippendale cabinet. She began to sing. Her golden notes soared over the auditorium, bringing all under its magic spell.

Halfway through her song she suddenly

stopped singing. The New Edison, at her side, took up her song,—and continued it alone. Singer and phonograph thus alternated, throughout the song.

The only way the audience could be sure which was singing, was by watching Miss Clark's lips,—so exactly like the living voice was the Re-Created voice.

Joseph Phillips made the same test of comparison with the Re-Creations of his baritone selections. Again the same result—there was no difference between the Re-Created voice and the living voice.

Proof was piled upon proof! Evidence was massed on evidence! The end of the concert found the audience absolutely and completely convinced, through its own personal experience, that there is no difference between an artist's living performance and its Re-Creation by the New Edison,—that listening to the New Edison is, in literal truth, the same as listening to the living artists.

"The Phonograph with a Soul"

Only one question can still bother your mind. This question we now answer.

The instrument used in yesterday's tests was not a special model. It was an Official Laboratory Model loaned by a local owner. Every Official Laboratory Model in our stock is guaranteed to sustain the same test of direct comparison with living artists.

You can have an Official Laboratory Model in your home. You can own an instrument which will do everything done yesterday in the test. Come in. Hear the wonderful Official Laboratory Model for yourself. Learn about our Budget Plan, which puts our Official Laboratory Model into your home for no more than you would "pay down" for a talking machine.
